

My father and mother met each other for the first time at 10, and for decades they shared their unchanging love and got married at 27. But I was born with the right eye blind, and my father failed in his business, so that we had to suffer from difficulties at home and my mother even thought of committing suicide. At that moment a fire like a big log entered into her heart and she suddenly felt she would be able to live if she would go to church. Thus, the fire of the Holy Spirit came upon her, and my family began to attend church by the grace of God.

In 1997, my father and mother happened to hear the message of Dr. Jaeroek Lee at the Far East Broadcasting Center Radio, and were so touched. We had lived in Cheonan City and it took less than 2 hours to go to Seoul. One day my father was guided to Manmin Central Church located in Seoul in his dream. In reality we went to the church and registered. In April of 1998 I began to follow my father and mother when they went to Seoul to attend Manmin Central Church. In the car wheeling to Seoul I spent the two hours in praying and singing praises. At the end of that year a branch church was established in Cheonan and we faithfully served the church as starting members.

#### Experiencing the power of God at the traffic accident

It happened when I entered an elementary school. On the way back home, I met with a big traffic accident. My jean was torn into pieces, but there was no serious injury but some scratches on my skin and a fracture on my right leg. When this accident was conveyed to my parents, they offered the prayer of thanksgiving for God's protection.

That day I saw 'faith'-shaped cloud on the sky that was felt like God's encouragement to me. I received the prayer of Dr. Jaeroek Lee by faith and was healed by God's grace. When the compensation was given, my parents gave it as the offering of thanksgiving for God's protection and

healing. In September of 1999, we moved into Seoul, near Manmin Central Church.

#### Leading a gloomy life in my childhood without true faith

At the third grade of the elementary school, I began to be indulged in playing computer games. From that time until 18 years old I had been in the deep mire of playing games on the Internet. And in my teens I felt seriously stressed about my right eye's blindness. My left eyesight began to worsen, and so I felt tired fast on my eyes, and often fell down or run into others. I was even mistaken for a squint and mocked by other students.

I was in the mire of addiction to playing games, and at the same time I suffered from sorrow and became frustrated at the fact I had been born with a disability. I fell into such a deep mire of frustration. I even spent the Lord's Day on playing games at local PC rooms around the church. Since I befriended the world, I had no hope and dream, but instead a desire to be put to

death. My study was so poor at school. I had no confidence in anything I did. I was possessed with the fear of going to hell. I distanced myself from God little by little.

#### Repenting thoroughly through my mother's horrible dream

When my faith became worse, God revealed my spirituality through my mother's dreams. In the July of 2008, when I was 18 years old, my mother dreamed a strange and dreadful dream. In her dream the Internet streamlines seemed to be alive and wriggle, and divided into two parts that were emitting fire. I was looking at them with interest but she felt ominous from them and put out the fire. At that moment the two fires turned into two fearful serpents and the two combined into a big serpent. My mother gripped its head and cried to me, "Dong-gun! Bring a hammer! We have to shatter this abomination into pieces completely."

That day she told her dream to me and asked me, "You

have many things to tell me, don't you? After praying, let's talk." She went to the church and attended Daniel Prayer Meeting. She didn't force me but instead gave me a chance for me to choose the right way on my own. Even if I chose improper ways, she patiently waited for me with love and tears. I knew this way of her advice and love well, so I looked back at many things in my life.

At last my mother came back home from Daniel Prayer Meeting. I knelt down before her and confessed that I had been indulged in playing computer games, watched forbidden things on the Internet for long and harbored sorrows and darkness in my heart. Next day she led a repentance worship service for me and prayed for me with the handkerchief (Acts 19:11-12).

#### My life totally changed at the summer retreat

In July of the same year I attended the Students' Summer Retreat and experienced fiery works of the Holy Spirit.

While singing praises with all my heart, God's amazing grace came upon me and my heart and body became scorched. I came to think, 'What is the good of worldly pleasures, secular music, pornography, and obscene material? All these things are vanity!' and then strength and power to cut off the world and the worldly things came upon me. I deleted all secular songs that had been recorded in my mobile and also deleted all the game programs that were in my computer. I felt a strong liberty from the yoke of sin and my heart became filled with joy. Praises did not stop from my mouth, and the love for God and the Lord and the longing heart for the shepherd increased within me.

From that time on my life totally changed. I worshiped God in truth and in spirit and planted the Word of God into my heart, and tried my best to practice it with prayer. When I was told the duty of students is to study hard, I began to study hard and gained good points at school. I won the first or second place at my class, and also many prizes in various fields. At the graduation I was awarded the prize for recognition as an excellent and exemplary student by a congressman.

#### Faith, hope and love filled my heart

God filled my heart with grace and joy more than I had done for Him. My faith grew up while I was attending the worship services with all my heart, received greater strength to practice the Word while I was praying fervently with the heart of spirit. In April I prepared for the College and Canaan Missions' Devotional Service with all my heart and 3-day fasting, and my offering was recorded the biggest amount in the College Mission. I have recently looked up to sky. Just to see blue sky, white clouds, and rainbows, tears begin to well up. When left alone, I raise up my praising voice and confess my love for God. I give thanks to God who has changed my heart into Light.

## Pastors' Seminar and Handkerchief Healing Meeting Held in Pakistan and Sri Lanka

On April 11, Pastor Gil is preaching at the Living Water of Eternal Life Church (Pastor Anwar Fazal) in Lahore

There happened 10-day mission trip in Pakistan and Sri Lanka from April 8 to 17. Pastor Taeshik Gil ministering to Daejeon Manmin Church and Deacon Samuel Kim conducted pastors' seminar and healing meetings at Jesus' Gospel Manmin Church in Lahore, Yohanaabad Manmin Church, Living Water of Eternal Life Manmin Church, and Lahore Manmin Church.

Pastor Gil delivered the messages titled with "Spiritual Law of Receiving Answers to Prayer" "Secrets to Church Growth" and "God-pleasing Prayers." At every seminar and healing meeting, the speaker Pastor Gil prayed for the sick with the handkerchief of God's power Dr. Jaeroek Lee had prayed on. After the handkerchief prayer many works of the Holy Spirit happened: healing of the 4-month-paralyzed arm and liberation from the pains of shoulders, waits, stomach, and so on. A demon-possessed Muslim woman was set free and recovered to normal and another woman said she had been pregnant in 3 years of marriage through Pastor Gil's prayer with the handkerchief last year.

Pastor Anwar Fazal, President of Isaac TV and Senior Pastor of Living Water of Eternal Life Church said, "Every Sunday morning I'm attending the Sunday morning service offered at Manmin Central Church via GCN-Manmin TV and leading my church worship service with his message." Pastor Javed Rauf, General Manager of Jesus Christ TV, Secretary General, The River of God Ministries and

Senior Pastor, RGM Church Asif Town Yohanaabad Lahore said, "Since I began to have cooperation with Manmin, many more blessings have come than expected and I will have more cooperation."

Many pastors in attendance requested that they be provided with the gospel of sanctification through many books authored by Dr. Jaeroek Lee, *Manmin News* and GCN satellite receivers. From the coming August on, GCN-Manmin TV is scheduled to be broadcast even to the Pakistan-neighboring countries and many countries in the Middle East.

Pastor Tariq Zia ministering to Jesus Evangelical Manmin Church confessed in his email, "I have never seen such a great seminar that brought those many pastors from other churches. At this seminar two women regained their sights, a man was healed of chronic

arthritis, and another woman who had not been able to walk came to walk through the handkerchief prayer. A few pastors who had stopped doing their ministry because of ministerial difficulties were encouraged and renewed their strength by the message of Pastor Taeshik Gil.

On April 15, Pastor Gil conducted pastors' seminar at Hotel Ramada in Colombo of Sri Lanka, and delivered two messages titled with "Why Is Jesus our Only Savior?" and "Why Did God Place the Tree of the Knowledge of God and Evil?" Many pastors in attendance knelt down on the ground, and Pastor Gil prayed for them with the handkerchief. They repented of having not obeyed the will of God completely, and later said, "It was the first time to hear this spiritual message, and we were so touched."

## Spirit, Soul, and Body Volume II Selected as one of the Bestsellers at the Kyobo Book Centre

Dr. Jaeroek Lee's 59th book *Spirit, Soul, and Body Volume II* began being on sale on April 9, and has been listed as the 9th place at the religious corner of the Kyobo Book Centre as of the third week of April. The first volume of *Spirit, Soul, and Body* had been recorded as a bestseller at the same bookstore for the past 7 months. The second volume is featured with thematic descriptions of the

spiritual realm that is displayed in the spaces and mysterious accounts of the universe and spaces that cover the spirit and the flesh. Two-part series *Spirit, Soul, and Body* gives the readers clear answers to the deep questions many Christians may have: "When is the spirit given into our hearts?" "What is a driving force that lets our spirit grow?" "Why isn't it possible to clone humans?" and so on.

## "Evangelism is the Great Commission of the Lord Given to Us"

God desires everyone to be saved and enter the kingdom of Heaven. According to this desire of God Manmin Central Church holds 'The 2010 Church-wide Evangelism Campaign' from May 2 until June 20, sponsored by the Evangelism Committee whose President is Pastor Mikyung Lee.

Senior Pastor Dr. Jaeroek Lee eagerly urged church members, "to remember guiding souls to salvation is so pleasing to God and will cause you to be rewarded greatly in Heaven, and to participate in this church-wide evangelism campaign." Elder Charles Chung, Manager of the Evangelism Committee, said, "We have come to hold this 2010 evangelism campaign for the purpose of reaping abundant fruits of souls' salvation in the first year of the third stage of Manmin's history, and we expect many church members to evangelize their family and neighbors."

Jesus considered every single soul valuable, whether they were rich or poor, educated or uneducated, and walked around the whole land of Israel and preached the gospel of the kingdom of Heaven during His public ministry. In 1 Corinthians 9:16, the apostle Paul said, "For if I preach the gospel, I have nothing to boast of, for I am under compulsion; for woe is me if I do not preach the gospel."

As recorded in Romans 10:14, evangelism is so important as people cannot hear the gospel without evangelists. How sorry it is that those who could be saved should fall into hell because they didn't hear the gospel! Some believers hesitate to evangelize, saying, "I am very busy in doing other duties" or "I cannot speak to strangers in my nature." But evangelism is not our choice but our duty and the Great Commission of the Lord.

# Service

"For the Son of God, Christ Jesus, who was preached among you by us—by me and Silvanus and Timothy—was not yes and no, but is yes in Him." (2 Corinthians 1:19)

Senior Pastor Dr. Jaerock Lee

While He was on this earth, Jesus showed the example of service to the human beings. He showed us the greatest service of giving out His life by dying on the cross for human beings (Philippians 2:5-8). He is one with God in origin, but He humbled Himself with only Yes and Amen; He gave His everything to us. Now, what do we have to do to accomplish true service like that of Jesus?

First, the service of Jesus was of love.

People try their best to serve those whom they love. They willingly accept sufferings for their beloved ones. They don't say it is difficult or painful and they don't think about whether it is beneficial for them or not. Jesus loved us human beings so much that He always served others first before taking care of Himself. He did not consider them lowly or neglect them just because they were creatures. Jesus didn't have time to eat or to lie down and have a sound sleep, but He never turned His face away from those who came to Him. He poured all His energy to solve their problems and to guide them to better Heavenly dwelling places. He treated His disciples in the same way. He always served them first, and He served until the end, even the one who was going to betray Him.

He did not just love and serve only those who loved Him. He loved everyone without prejudice or favoritism. He loved each soul with a true heart. He embraced their hearts with service. The disciples could understand Jesus' true love and service from their hearts only at a later time, after they received the Holy Spirit. Then they also went out to the world and showed the similar kind of service. I hope you will also be able to provide

others with true service, with your true love for them.

Secondly, the service of Jesus was selfless service.

Jesus is one with God the Creator in origin, and the Master of all creatures. And yet, even while He was receiving many pains, mockeries and sufferings, He only had compassion on those people. He didn't think, "How can they do this to Me?" but He only wanted to save them even if that meant He had to suffer so much and die. He never sought His own benefit but obeyed the will of God only. In order for us to cultivate this kind of service, we must not have our 'self'.

To have no 'self' means we don't have any pride, self-will, self-righteousness, self-seeking ambition, selfish motives, working in our own limitations and all the other things that are self-centered. For example, if we have pride, it's not easy to serve our subordinates. Or, even though we may serve others, we will only serve within the personal limitations of what we are able to do. Selfless service is to serve others from the standpoint of the other person. It is not service wanting something in return. It is service to rejoice in the act of giving. Those who serve desiring something in return will change their attitude if they do not receive what they expected.

Only when you serve others with selfless and true service can the peace be maintained, and can you accept any kind of person. Jesus accepted even those who were crucifying Him and prayed before the Father saying, "Father, forgive them, for they do not know what they are doing." Even until the moment of His death Jesus didn't have His 'self'. Likewise, I hope your service will be true and selfless service.

Thirdly, Jesus' service was never changing.

Jesus did not turn His face away or stay away from Judas Iscariot saying, "He is going to betray Me." He was not discriminatory toward anyone thinking about whether they were at His side or not when He was taking the cross. Of course, those who loved Him more and followed Him with all their lives received greater love and greater blessings. But basically, Jesus gave the same great love to all men by dying on the cross on behalf of the sinners, and His love and service never changed.

By any chance do you tend to love and serve only those who love you? Even though you don't change your attitude first, if others seem to have been changed, wouldn't you turn your face away from them with a different attitude than before? Or, when you pay back the grace you received once, don't you think you did enough after some time?

God is delighted with an unchanging heart. When they meet God, accept the Lord, and become full of the Holy Spirit, many people say they serve God and say that they love Him. But as time passes, many people change. They may still love and serve God from their standpoint, but their first love and first deeds are no longer there. When they receive grace and blessings, they serve with their very best, but their fervor soon cools down.

In 2 Samuel chapter 23, and 1 Chronicles chapter 11 are recorded the names of those warriors who were with David. They were the ones who stayed with David all the time, in life-threatening situations and so many trials. It's not that they followed and served David only when it was beneficial for them; they served David until the end with willingness to die with him. That is why God could put their names in the Bible and for their names to be passed down throughout the generations. I hope you will cultivate true service having unchanging attitude not just before God but also towards other people.

## "I Suffered from Intestinal Edema, but Was Completely Healed!"

On December 3, 2009, my stomach suddenly began aching. Two days later chill and severe pain came over me. On December 6, I couldn't go to church and called my parish leader Pastor Inmo Kang. She brought great parish leader Pastor Hyukhee Cho, and Pastor Cho prayed for me with the handkerchief, and then pain seemed to disappear.

Next day I examined my abdominal part and found the upper abdomen got swollen a little. Pastor Kang told me it might be due to appendicitis and

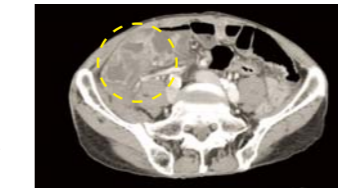

advised me to go to the hospital for the exact evaluation. On December 8, I went to the Boramae Medical Center and CT showed the right lower abdomen was seriously swollen. The doctor said it appeared that appendicitis had happened and infected pus leaked out, but couldn't find the exact cause. He advised me to receive the operation and examine the exact cause through performing a lavage of intestines. But he was worried about my health condition, and afraid if septicemia might develop or I become a human vegetation due to the aftereffects of the operation.

In the February of 2003, I had once been healed of stomach cancer by the prayer of Dr. Jaerock Lee, so I had no desire to receive operation but just prayed to be healed by faith.

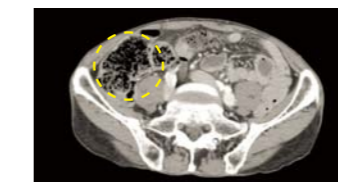

On December 11, I came to Senior Pastor Dr. Jaerock

Lee and received his prayer. Afterwards I came to eat, and got up and greeted to others. All pains were gone. On December 22, I went to the hospital for the reevaluation, and the CT result confirmed my complete healing. How happy I was! I give all thanks and glory to God.

### Deacon Sunghwa Chung (22<sup>nd</sup> Parish, 4-2<sup>nd</sup> Men's Mission)

## "I Was Healed of Spinal Stenosis without Surgery!"

My job is to deal with heavy metals. While loading and unloading the metals, I was stricken with spinal stenosis. I had suffered severe pain on the spine and legs. I was discouraged at a corner of my heart, and because the days of being unable to walk continued, I went to the Seoul National University Hospital. After the evaluation the doctor said I should receive surgical treatment. But I couldn't afford to do it because I had barely lived our living with my wife. Pain increased and I had to overcome the pain just with pain medications.

My parish leader Pastor Jinyoung Chung advised me to more earnestly rely on God during the two consecutive Daniel Prayer Meetings and to receive healing by faith. And he told me to repent of my past wrongdoings and sins prior to asking for the healing. One night of March, I remembered I had no longing heart for the Word of God, skipped giving

Lee I attended the Prayer Meeting. She prayed for each of the sick in attendance with the handkerchief. The spirit of repentance came upon many people and they repented with tears. At last she laid her hand on my shoulder and prayed, saying, "Father! Please send the spirit of repentance to this son and heal him by Your grace!"

At that moment I closed my eyes, but all of a sudden, bright lights flashed before my eyes. Warm tears welled up and I began to repent rending my heart and shed tears of thanksgiving. After receiving the prayer, I felt light like my heart would fly over the clouds. Soon I moved my legs and waist, and realized there was no more pain. Two days later I went to the Seoul National University Hospital again for the reevaluation and the X-ray showed my spine is normal and I didn't have to receive surgical treatment. Hallelujah! I am so happy to be able to bend my waist.

## "I Was Healed of Severe Knee Pain after Immersing Myself into Muan Sweet Water"

I am ministering to the Promise of Life Church in San Jose, Costa Rica, and have 8 branch churches in local cities. At the same time I have been doing the ministry of the Lord and testifying to my life with joy wherever I've travelled.

While watching on EnLace TV in Costa Rica, I was so touched at Dr. Jaerock Lee's message of life and worldwide ministry accompanied with God's powerful works. I have long yearned to see him.

In March of 2010, I got a chance to visit Manmin Central Church. It was a greater joy and honor to me than anything else. I had had the knowledge of Dr. Jaerock Lee's ministry, but when I firsthand saw many faithful workers, Manmin TV's spreading the gospel to all corners of the globe, and the enlargement of the kingdom of God by many domestic branch churches, I was so moved.

On March 31, I paid a visit to the site of the miracle of Muan Sweet Water in which salty water had turned into sweet water by the prayer of Dr. Jaerock Lee. I went there with great expectations because I had heard about the testimonies of many people who experienced the grace or healing of God through Muan Sweet Water.

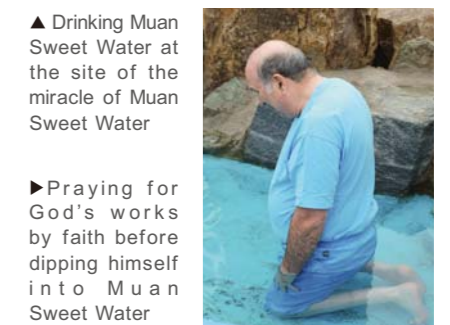

When I drank Muan Sweet Water, it tasted fresh and good. The weather was a little cold, but I prayed for good health and spiritual power, and dipped myself into Muan Sweet Water 7 times by faith. While submerging myself into it, I felt indescribable peace and the presence of God.

Fourteen years ago I received medications because of severe pain on the right knee. For the last 4 years it has worsened and I had to be careful and rely on others' help in going up the stairs. The doctor recommended I do physical exercise and lose weight not to give burden to the bones, and rely on a cane. But I believed in the healing power of God and walked around patiently despite severe pain.

After immersing myself in Muan Sweet Water, I found no pain at my knee while having conversation with a few people sitting on the ground. I was so surprised that I moved my legs and knelt down on the ground. I had to feel pain and my knees trembled before, but now I have no pain anymore and can go up stairs freely. Thus, I experienced the power of God embedded in the Muan Sweet Water.
