

“Facial Paralysis from a Traffic Accident Disappeared”

Sister Kazumi Akushichi
(Yamagata Manmin Church, Japan)

On August 12, 2007, I had a huge accident in which my car had a head-on collision with another car that crossed the center line. My face was severely damaged and my entire body was injured. I was taken to an emergency care unit and received a major surgery. After wandering near death for 3 days, I regained my consciousness. The police officer who was in charge of the accident said with a surprise, “I have seen no one survive in that kind of accident throughout 43 years of my life as a policeman telling me that the accident was due to the negligence of the other driver.

I had facial paralysis and my body ached like I was beaten all over. I had to undergo physical therapy, but the recovery was unclear, and it took many days and I suffered considerable pain.

In January, 2009, one of acquaintances visited me in the hospital. She introduced Yamagata Manmin Church to me and suggested that I go there with her. At that time, I was watching worship services broadcast on CBS (Christian Broadcasting System) in the internet, so I

wanted to worship in a sanctuary. On the same week, I visited Yamagata Manmin Church and attended the service.

Yamagata Manmin Church is one of the branch churches of Manmin Central Church in Japan. They were attending worship services through satellite TV. I was deeply touched by Senior Pastor Dr. Jaerock Lee's message, so I listened to his sermons on the Manmin Central Church's website, and bought and read his books. I lived each day with thankfulness and the fullness of the Holy Spirit.

In September of the year, as I watched the Israel United Crusade led by Senior Pastor through internet live-broadcast, I experienced God's healing works.

On the first day, I was healed of my knees and came to kneel down. On the second day, I was healed of my kidney, so I no longer had difficulty in urinating.

After these experiences, I wanted to go to Korea and firsthand see Senior Pastor Dr. Jaerock Lee. On May 31, I was given a chance to visit Korea and stayed there for 2 weeks. I

prepared for the visit with a longing heart and fasting and went to Manmin Central Church.

Surprisingly, from the second day of my stay in Korea, God began to heal the aftereffects of the accident one by one. After I received a handkerchief prayer from Pastor Sooyul Cho

She miraculously survived in an accident in which her car collided with another vehicle that crossed the center line, but the aftereffects tormented her for a long time.

She prays with her heart's desire dipping herself into Muan Sweet Water.

during the Dawn Prayer Meeting on June 1, the paralysis around my forehead was gone. The next day, I met the Senior Pastor whom I had been looking forward to seeing, and I was overwhelmed with indescribable feelings.

On June 3, I visited Muan Sweet Water site. After I dipped myself in Muan Sweet Water seven times, I gazed at the sun hoping that I could see angels. Then I saw a thick stick shining with white light. As it came down upon me from the sky, it looked like a sword. It became longer and longer until it approached near my face. And again, it appeared like a cross surrounded with pink light. I was thrilled and felt the presence of the Lord.

When I came back to my room and looked at myself in the mirror. My face that had looked just pale was restored, and wrinkled parts were flattened. Seeing this, members who came with me rejoiced together and glorified God.

On the following day, June 4, before the Friday All-night Service, I told Senior Pastor about what had happened in Muan Sweet Water site and received his prayer. After this prayer, the paralysis on the rest part of my face—around my eyes and lips—had perfectly gone, and I was totally set free from all the aftereffects of the car accident. Hallelujah!

Chaiprakan Manmin Church that I am pasturing is located in Pang, northern mountainous region of Thailand. On May 27, I visited Manmin Central Church with Missionary Jaewon Lee's family, Pastor Potipan Mongpo and Pastor Tawin Dowung Bun. This was my second visit to the church since I first visited Manmin Central Church to attend the 26th Anniversary Service in October 2008.

During my first visit, I had recovered my eyesight after dipping myself in Muan Sweet Water, and taken off my glasses. This time, I was healed of astigmatism of my left eye by putting Muan Sweet Water in my eyes. Pastor Tawin Dowung Bun also was healed of the chronic pain in his ankle.

It was by the grace of God that I came to have fellowship with Manmin Church where biblical miracles happen. Two years ago, I received a DVD entitled 'The Power of God' from my friend Pastor Mong. After I watched this DVD, I wanted to meet Dr. Jaerock Lee in person and longed to visit Manmin Central Church.

Finally, I participated in the 26th Anniversary of Manmin Central Church and came back to Thailand with the handkerchief

on which Dr. Jaerock Lee had prayed (Acts 19:11-12). From that point on, many healing works were manifested through this handkerchief of power.

There was a 20-year-old young man who couldn't speak at all since his childhood. After he received a handkerchief prayer, however, he began to speak. A woman named Nong Ai suffered from great pain for 6 months after she gave birth to her baby. She couldn't even go to bathroom by herself. After she accepted the Lord and received a handkerchief prayer, she was given strength and began to walk. Also, there is a village that was evangelized after the village's influential sorcerer converted to

Christianity.

I had tried to evangelize this man for a year, but he strongly refused. But not long after I started visiting the village and praying for the sick with the handkerchief on which Dr. Jaerock Lee prayed, he accepted the Lord. He even changed his name into Peter, and his family members also changed their names into those of the biblical figures. In addition, the name of the village was renamed as Nazareth.

Nowadays, they are leading a happy Christian life receiving material blessings and good health. Experiencing these works of God, I am working for the Lord with joy and thanksgiving.

He was healed of astigmatism of his left eye by putting Muan Sweet Water into his eyes.

“They Can't Hear but Have More Fervent Love for the Lord than Anyone Else”

Three Branch Churches for the Deaf-mute Were Founded in Malaysia and Thailand

On June 20, Penang Deaf-mute Manmin Church in Malaysia offered its establishing service with Pastor Sooyeol Cho as the speaker. This is considered as the foundation for the ministry for deaf-mutes in Asia. Beginning with Penang Deaf-mute Manmin Church, Manmin Central Church has a plan to plant as many churches for the deaf-mute all over the world as possible. As of June of 2010, two branch churches for the deaf-mute were planted in Malacca of Malaysia and Hat Yai of Thailand. These branch churches were founded by those deaf-mute people who were touched and

changed by the messages preached by Dr. Jaerock Lee, Senior Pastor of Manmin Central Church. And Pastor Junghoon Ji, Vice Guidance Teacher of the Deaf-mute Mission of Manmin Central Church, has regularly visited tens of deaf-mute brothers and sisters in Taiping and Ipoh cities in Perak State of Malaysia.

Before Penang Deaf-mute Manmin Church was founded, many members used to wander because they had no goal of life and had no assurance of salvation even though they attended church. But when they heard the messages of Heaven and Hell and the holiness gospel, they were touched, began to pray and experienced changes in their lives.

Members of Penang Deaf-mute Manmin Church glorified God with special performances

Through Dr. Jaerock Lee's prayer for the sick transmitted via the satellite, they have received amazing blessing: the healing of various diseases including AIDS, driving out of evil spirits, and spiritual change and growth. Though they are not able to hear and speak, their spiritual longing heart is not less fervent than any of us.

In Manmin Central Church, the ministry for the deaf-mute started when a deaf-mute registered at the church. In 2000, the Hearing-Impaired Mission was organized with 10 other deaf-mutes guided by that deaf-mute person. Later this Hearing-Impaired Mission was renamed 'Deaf-mute Mission.' Deaf-mute members were

impressed with the holiness gospel and improved their faith experiencing God's powerful works manifested through Senior Pastor Dr. Jaerock Lee. And a few volunteers have showed their devotional love and service for the Deaf-mute Mission taking care of many difficulties of the deaf-mutes like their family members, and thus this mission has made revivals.

In 2004, the Deaf-mute Mission held the first summer retreat with various visual materials for Dr. Jaerock Lee's messages that were specially made for the deaf-mute according to their level of understanding including The Message of the Cross, The Measure of Faith and Spirit Soul and Body.

Members of the Deaf-mute Mission invited and guided their friends and neighbors to the summer retreat. Among those invited ones were Pastor Junghoon Ji, Pastor Sungdo Cho and Deaconess Heewon Yang who have the ability to translate into sign language fluently. They began to translate in sign language at the worship service and many deaf-mutes could understand the messages more deeply. In addition, those deaf-mutes received healing and answer to their prayers by the power of God and increasingly improved their faiths.

The Deaf-mute Mission needs more concerns and prayers to perform their duty to spread the holiness gospel to the souls who cannot hear and speak, and to bear abundant fruits.

The 7th WCDN Conference Featured on Many Journals

The 7th International Christian Medical Conference held in Rome of Italy on May 21 and 22 under the auspices of WCDN (World Christian Doctors Network) was featured on many newspapers and journals including Breaking Christian News (www.christiannews.com), ASSIST News Service (www.assistnews.net), and The Church Report (www.thechurchreport.com) of USA; PR Newswire Europe of UK (www.prnwswire.co.uk); The Sunday Daily Trust Newspaper of Nigeria (www.sunday.dailytrust.com); The Alive Magazine of Australia (www.alivemagazine.com); and The Korea Times (www.koreatimes.co.kr), The Sisa News, The Gidok News, The Christian Press, The Ecumenical Press, The Kidoksunkyo Newspaper of Korea.

The First Nepali Issue of Manmin News Was Printed in Nepal

On April 25, the first Nepali issue of Manmin News was printed in Nepal and attracted the eyes of local people. Manmin News was edited and designed according to the local missionary goal and 1,000 copies were printed into Nepali under the leadership of Pastor Grace Lee. Many church members and local people have been touched and challenged by the life-filled messages preached by Dr. Jaerock Lee and various testimonies and experiences of God's power. Manmin Mission Center whose president is Pastor Grace Lee is delivering this Nepali newspaper to the branch and associative churches in Nepal and spreading the gospel on the street with this newspaper. As of June of 2010, Manmin News has been printed into 14 languages including English, Japanese, Chinese, Spanish, Russian, French and Portuguese.

Prayer of Faith and Love of a Righteous Man

"And the prayer offered in faith will restore the one who is sick, and the Lord will raise him up, and if he has committed sins, they will be forgiven him. Therefore, confess your sins to one another, and pray for one another so that you may be healed. The effective prayer of a righteous man can accomplish much." (James 5:15-16)

Senior Pastor Dr. Jaerock Lee

If we love someone we have great concerns for him and take delight in doing what he needs. God has much interest in prayers and supplications of His beloved children. He promises in Jeremiah 3:3, "Call to Me and I will answer you, and I will tell you great and mighty things, which you do not know." If we call out and pray to God, He will not only answer quickly in love but also tell us great and mighty things. What kinds of prayer does God accept and answer?

First is the prayer of faith.

Hebrews 11:6 reads, "And without faith it is impossible to please Him, for he who comes to God must believe that He is and that He is a

rewarder of those who seek Him." Faith here has to be the faith to create something from nothingness and to trust God completely.

Abraham had this complete faith so that he fully believed God would be able to do the things that are totally impossible with human strength and ability (Romans 4:17-22). Because he believed in the power of God who would be able to raise the dead, he obeyed with saying "Amen" the command of God telling him to offer his only son Isaac as a burnt offering (Hebrews 11:17-19). Joshua and Caleb, after scouting the land of Canaan, boldly confessed, "do not fear the people of the land, for they will be our prey" because they

fully believed the Word of God in the face of the impossible reality (Numbers 14:8-9).

Whatever kind of difficulties he is faced with, a person of true faith doesn't have any worry or anxiety but patiently waits with faith and prays with joy and thanksgiving until he receives answers. Then, God will accept his prayer of faith and answer his prayer quickly.

Second is the prayer of love.

The definition of love is recorded in 1 Corinthians 13:4-7 saying, "Love is patient, love is kind and is not jealous; love does not brag and is not arrogant, does not act unbecomingly; it does not seek its own, is not provoked, does not take into account a wrong suffered, does not rejoice in unrighteousness, but rejoices with the truth; bears all things, believes all things, hopes all things, endures all things."

The love that God wants us to have is spiritual love characterized to be not self-seeking but sacrificial and unchanging. Spiritual love never changes or perishes with the passing of time but leads to eternal life.

Jesus loved us with this spiritual love so that He poured out all His blood and water on the cross, redeemed

us from our sins, and led us out of the path to everlasting death and into the path to salvation and eternal life. God the Father also loved us to the point that He sent His only begotten Son Jesus to be crucified for us, and is patiently waiting for us to change and come forth as His true children.

We should also accomplish the love of the Lord. If we love God first of all and love our neighbors as ourselves like the Lord, our prayers can be pleasing to God and receive His answers as quickly as possible.

Third is the prayer of a righteous man.

Daniel was wrongfully accused by evil schemes of wicked people and cast into the lion's den. But he was protected because he had never compromised with unrighteousness and prayed to God unchangingly. When the king and the people in the city of Nineveh repented and turned back at the warning of God of destruction, God considered it as an act of righteousness and didn't destroy them. When the cities of Sodom and Gomorrah were destroyed, God saved Lot from that destruction by the prayer of a righteous man, Abraham.

What kind of person can be called 'a righteous man'? A righteous man does righteousness in the sight of God. He casts off every form of evil and obeys the will of God (Romans 2:13).

The second half of Romans 1:17 reads, "But the righteous man shall live by faith." True righteousness doesn't refer to self-righteousness but God's righteousness. Even if all his possessions are taken away in a day, a righteous man should give thanks and believe God will cause everything to work for the good for him. A righteous man should be able to please God by faith in any circumstances and situations.

No matter what kind of loss he may suffer, a righteous man does not compromise with the world but seeks goodness and obeys the truth unchangingly. Therefore, if we are recognized as a righteous man by God and pray to God with faith and love, we can receive whatever we ask for.

Dear brothers and sisters in Christ, in whatever kind of circumstances you fall, may you please God by offering the prayer of a righteous man with faith and love like fathers of faith and always dwell in the love and confirmation of God, in the name of our Lord Jesus Christ I pray!

The Breath of Life and the Seed of Life

God the Creator planned to cultivate and gain His true children He would be able to share everlasting, unchanging and true love with, and performed amazing works of creation for His plan. Through the first man Adam who was created as a living being, we can feel the will and deep love of God embedded in His creation of men.

"The providence of God's creation of heavens and earth and humans is love!"

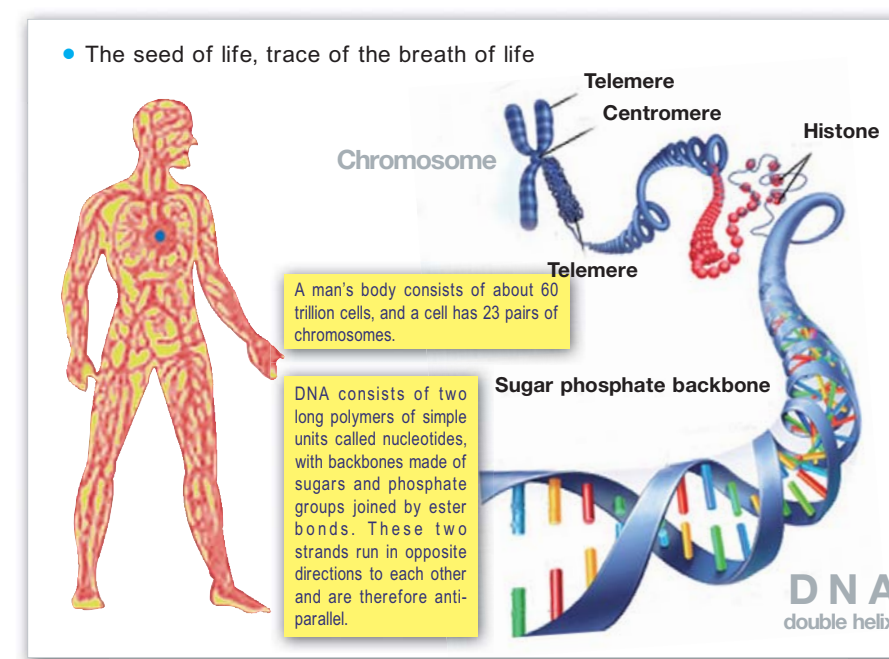

"In the beginning God created the heavens and the earth. Then God said, 'Let there be light'; and there was light." (Genesis 1:1, 3)

Since before the ages, God existed in the original universe as the Voice wearing the Light (John 1:1; 1 John 1:5). After a long period of time passed, God who was alone in the universe planned to cultivate His true children who can share eternal love with Him. The first thing God did to carry out the plan of human cultivation was to divide the original universe into four spaces. After that, the God who was the Light in the whole universe condensed Himself into a shape, and formed Himself into the Trinity: God the Father, God the Son and God the Spirit.

The four spaces are respectively the first space for the dwelling of God the Trinity, the second space for the dwelling of saved children of God, the third space necessary for God's creation and cultivation of men. God created the heavens and the earth, and formed the first man of the dust from the ground.

"Then God said, 'Let Us make man in Our image, according to Our likeness; and let them rule over the fish of the sea and over the birds of the sky and over the cattle and over all the earth, and over every creeping thing that creeps on the earth.' God created man in His own image, in the image of God He created him; male and female He created them." (Genesis 1:26-27)

Could you imagine how beautiful and lovely the first man who was created in the likeness and image of God looked to Him? God blessed the first man to live as the lord of all creatures.

"Adam, a living being, was in the most optimal state in which the breath of life of God controls the body"

"Then the LORD God formed man of dust from the ground, and breathed into his nostrils the breath of life; and man became a living being. The LORD God planted a garden toward the east, in Eden; and there He placed the man whom He had formed." (Genesis 2:7-8)

As God the Creator formed the first man of the dust from the ground with His original light in His hands, his shape as a man was becoming complete. As God formed the head of the man and the arms of the man, he turned into complete head and complete arms of a human body. How amazing and mysterious it is! When God breathed His breath of life into the man's nostrils, the man's heart began pounding, blood moving around and all the cells and tissues functioning. His brain also began working, his eyes and ears seeing and hearing, and his hands and feet moving.

The 37th chapter of the Book of Ezekiel introduces a vision of the work of the breath of life. It speaks of the same principle of the spiritual realm though it is a vision. When God's word was proclaimed, the bones came together, bone to its bone, sinews were on them, and flesh grew and skin covered them.

body does not get old and maintains the same condition. It is because the breath of life rules over the nucleus of the cell that originally controls the body.

"The breath of life was taken away and only the trace of the seed of life was left behind"

"Then the LORD God took the man and put him into the garden of Eden to cultivate it and keep it. The LORD God commanded the man, saying, 'From any tree of the garden you may eat freely; but from the tree of the knowledge of good and evil you shall not eat, for in the day that you eat from it you will surely die'" (Genesis 2:15-17).

In the Garden of Eden, Adam and Eve had been fruitful and multiplied for a long period of time. But they didn't keep the command of God in their hearts, and ended up eating from the tree of the knowledge of good and evil in their free will. God took away most of the breath of life from them and left its trace behind like a small seed. This is the seed of life.

When God took away the breath of life from Adam, he was put to death as prophesied, "You will surely die." He was driven out of the Garden of Eden and had to live on this earth—a part of the physical world. As time passed, his body got old and he finally died and was buried into a tomb. As he had the seed of life within him, he missed the Garden of Eden and thoroughly repented of his disobedience and then could enter the kingdom of Heaven.

How could then the descendants of sinned Adam enter the kingdom of Heaven? In the 6th month of conception, the God of love send the spirit having the seed of life in it to a fetus and plants the seed of life into the nucleus of the cell that is the focus of life in the heart of its body. It means God plants a part of the original light covering the power of God into the nucleus of the cell that is the focus in the heart of every fetus. This is why men can even vaguely feel the existence of the age to come unlike animals.

It is just the same as recorded in Ecclesiastes 3:11, "He has made everything appropriate in its time. He has also set eternity in their heart" and this is the work of the breath of life.

The mysterious order of a human body set up by God

God puts something like 'a map' which contains all the genetic information of a man into the nucleus of his cells. And this is so called, DNA. DNA is like a twisted double ribbon or strand, and the coiled central filament which constitutes the core of the chromosome strand - chromatid - is called the 'chromonema.' A single piece of coiled DNA containing many genes is called a chromosome.

Inside a cell of a man, there are 23 pairs of these chromosomes. In these 46 chromosomes, all the genetic information

about a man is contained. Facial look, height, physical constitution, skin color, etc; all kinds of information about organisms and their function are contained there. God knows where in which number of chromosome certain information is stored.

To help you understand better, let me site an example. Say, there is a car factory which is fully automated. The 1st production line makes car engines, the 2nd line, car bodies, and 3rd line, steering wheels. In addition to these, there are other production lines that produce other parts. All these production lines unite together, and at the end of the final line, a new car is produced. When people turn the switch of the production line on, all the parts of a car are produced at once, and they make a fully assembled car in the end.

DNA inside a cell nucleus is just like the fully automated production lines. When skin gets injured, the cells around the injury start to work so that bleeding can stop, and that new skin can come up.

There is a certain amount of self healing power in a man's body. But this power has a limit. That's why, even though a small injury will become normal as some time period passes by, a big injury can leave a scar. It means it didn't recover to an original normal status.

On the other hand, by the power of God, a recovery that transcends the limit of flesh can take place. For example, in a case of a 3rd degree burn,

it can never be restored to the original state with fleshly methods. However, it can be completely recovered to normal with spiritual methods. That is, God can recreate the injured part due to the burn.

A cell nucleus like an automated production line
