

My Lord Paid Me Back More Than What I Did

Brother Daeyoung Park
(Senior, Department of Media Engineering,
Seoul National University of Science and Technology)

because of a great amount of debt in my family.

I prayed to God saying, "God, I've been burdened with many things. What shall I do with my God-given duty?" Afterwards I heard a voice of spirit that came from within me, saying to me, "Count the hour of your volunteering work with hourly wage for your part-time job." I began to think an hour of volunteer is worth \$100,000 and believed God pays back His children according to what they have sowed and done. Through such a thought and work, I came to realize how significant volunteer for the kingdom of God is. I harbored the value of volunteering for God's works and the following year I took charge of the leader of the department of volunteer of the college mission.

In September of 2008, I returned to my college with the money I had saved through my part-time job. As soon as I began to study at the college again, I prayed to receive the scholarship because my family was poor. I studied very hard and at the next semester I received the scholarship as much as the half of the tuition fee. And the other half was supported by one of my relatives.

I still needed a budget for additional expenses including textbooks and transportation fees. I discussed it with my mother and asked her if I might apply for financial support from the church. She told me, "You

owe what you are to the grace of the Lord, so I think you should support the church." I immediately changed my mind and began to study much harder. In the meantime one of my seniors came to me and handed over major textbooks to me for that very semester and the next semester. The books were of great help to me because he was an excellent student and he footnoted many effective things on the books.

At last I received the full scholarship from my college

In 2009 the main flow of the church was 'prosperity.' I also wanted to receive blessing and prosper in my study. But I knew one thing that was yet to be solved in my heart. It was to rid my mind of adulterous thoughts. Jesus said in Matthew 5:28, "I say to you that everyone who looks at a woman with lust for her has already committed adultery with her in his heart." In order to get rid of such an adulterous mind, I struggled with myself not to look at women while walking on the street.

Through such an effort and struggle, I felt lustful mind had left me. In addition, I found all lingering attachments to the world had been thrown away. Naturally I could spend the remnant time on studying hard and leading a successful believing life. I didn't cease praying; even during the week of examination I attended Daniel

Prayer Meeting and then returned to my college for more study. I studied very hard, even to the point of having nosebleeds, but my heart was full of thanks for the grace of the Lord.

By the help of the Lord and prayers of Senior Pastor Dr. Jaerock Lee, I could receive the full scholarships always during the 4 semesters in 2009 and in 2010. Furthermore, I was chosen to help my professor with a new project and supported with research fund. And during the progress of the project I was financially supported to write research paper. The total amount of all the scholarships and research funds I'd received was \$7,000 more than all the tuition fees I'd paid.

Since the May of 2010, I have been participating in the project of Smart Phone Application along with fellow college students from Yonsei University and Sejong University. And in the November of 2010, I attended the visual media contest "Universal King of Challenges Contest" hosted and sponsored by Olleh KT (Korea Telecom) and my team won the first place at the competition. The prize money was \$10,000.

In the future I wish to be a partner in the church ministry through mobile services. I give thanks and love to my Lord who has always paid back me with more than what I've done for Him.

It happened in 2006, in the year when I entered college. Whenever I attended the worship services, my heart became filled with the gratitude for the grace and love of the Lord who saved me from my sins. I thought what I could do to repay His grace, but because I had no specialized talent I made up mind to serve the college mission as a volunteer. Afterwards I was appointed as the leader of the department of volunteer of the college mission and my heart was so happy

with that.

When I volunteered with faith and joy obeying the guidance of the Holy Spirit

Meantime most of the members of the department of volunteer went to military service and I often had to do volunteering works alone. In March of 2007, I applied for a leave of absence from my college and got a part-time job. In that situation I was afraid I would not be able to return to my college

"Gastritis Was Healed, Wrong Frameworks of Thoughts Were Broken!"

Senior Deaconess Geumi Ryu (5-1 Women's Mission, Parish 1-2)

In 1991, I had been healed of gastric ulcer, arthritis, heart disease, and herniated lumbar disc by the power of God through Senior Pastor Dr. Jaerock Lee's prayer. In 2009 I began to suffer from gastritis and in the following year it went worse. The doctor advised me to abstain from drinking coffee and eating salty and spicy food, but it was not easy for me to follow his advice because of my old habit. Gastritis worsened exceedingly and I couldn't digest meal properly I had eaten for dinner until the next lunch. I continued belching and lost appetite.

In the March of 2011, with a great expectation and belief for the healing of God, I began to attend the 2011 Two-term Consecutive Daniel Prayer Meeting. In my prayer I first sought the kingdom and righteousness of God and then asked for my healing. I earnestly prayed for my self-righteousness and wrong frameworks of my thoughts to be shattered into pieces and attended morning divine healing meetings held in Manmin Prayer Center.

On March 22, when I was praying at the divine healing meeting, Ms. Boknim Lee, President of Manmin Prayer

Center laid her hand on my shoulder and I felt something cool in my heart by the work of the Holy Spirit. After that I felt hunger again, and began to eat every meal. Three days later I received the prayer from Senior Pastor Dr. Jaerock Lee and regained appetite. Now I digest every kind of food well including Korean sticky cake, and all the symptoms of gastritis disappeared. Hallelujah!

NO. 230 APRIL 17, 2011

At the Friday All-night Service Reminiscing of the Passion and Love of the Cross

Dr. Jaerock Lee's Lecture on Genesis Draws the Attention from the World

At the first part of the Friday All-night Service, Dr. Jaerock Lee's Lecture on Genesis is attracting the great attention from the believers, and at the second part featured with praise and prayer, the believers offer inspirational praises and fervent prayers of faith to God and become filled with grace and the Spirit.

"I have earnest hope deep in my heart. It's the hope of meeting the Lord. There is nothing else that can give this hope to me. The hope that my Lord has given to me..." The praise leader and the congregation became wholly united in singing this song and glorifying the Lord. Many brothers and sisters laid their arms on their chests and chanted songs with tears of gratitude and emotion.

"We've got to get up. We've got to advance. We've got to march on. We've got to go forth. Go forth to the world..." They clapped and sang the song enthusiastically, and the praise leader came down from the altar and stood on the platform of the conductor of the orchestra. She told them to "pray for the world evangeliza-

tion with the holiness gospel" and then everyone began to pray fervently.

From 11:00 PM Friday until 4:00 AM Saturday, though most people are asleep, the believers of Manmin Central Church fervently pray to the Lord in sober spirit and enlighten the world with the light of the Holy Spirit. This Friday All-night Service is offered to God in commemoration of the Good Friday of Jesus' crucifixion.

Friday All-night Service is broadcast live to the whole world via GCN, satellites and the Internet, and is attended by numerous viewers from around the globe transcending nation, race, tribe and denomination. The service is simultaneously translated into 7 languages—

English, Chinese, Japanese, Spanish, French, Russian, and Mongolian. In particular, on the last Friday of every month, Dr. Jaerock Lee conducts divine healing meeting at the second part of the service.

At the first part of the service, Senior Pastor Dr. Jaerock Lee has been giving the 'Lecture on the Book of Genesis' from June 26, 2009. Through that lecture, he explains about the mysteries of God's creation, His providence of human salvation and cultivation, and depths of the spiritual realm. This lecture on Genesis is attracting the attention from many people in this age when various ideologies and theories are raised up against the knowledge of God, e.g., Darwinian evolutionism and

materialism.

At this lecture Dr. Lee is also explaining about before the beginning of time and amazing mysteries of God's creation, the Garden of Eden, pyramids and dinosaurs. During 21 sessions in 5 months, he lectured on only one verse of Genesis 1:1. Sometimes visual data are presented to help the audience understand the message more vividly and many believers from nationwide branch churches gather at Manmin Central Church to firsthand listen to this message.

At the interview with a Manmin News reporter, Deaconess Myungrang Kim from Kwangju Manmin Church said, "I've come to have the assurance of the existence of the spiritual realm and more

earnest longing for sanctification through the lecture on Genesis. While attending the service, I often feel like I were in a spiritual space," and Elder Jong-eul Kim from Gumi Manmin Church said, "My heart is touched even at the preliminary praise before the service. I wait for the service with a longing heart every week."

The believers are blessed by the Word of God preached by Dr. Lee and offer their love and heart to the Lord through praises and prayers, and then God shows them the proofs of Him accepting their hearts and they are filled with touching emotion, hope for Heaven, spiritual communication, influence of the Spirit and unceasing joy.

How to Lead a Really Valuable Life

“‘Vanity of vanities,’ says the Preacher, ‘Vanity of vanities! All is vanity.’” (Ecclesiastes 1:2)

The Book of Ecclesiastes, which gives us ultimate wisdom of our believing life, was recorded by Solomon, the third king of the United Kingdom of Israel. Solomon succeeded to King David, the greatest king of Israel, and after offering a thousand burnt offerings to God, he received God’s amazing blessing—not only the answer to his prayer, the wisdom that had never been and would not be found among men but also great riches and honors.

After he enjoyed all these great blessings, however, King Solomon confessed, recording the verse, “Vanity of vanities, Vanity of vanities! All is vanity!” It was because he realized the truth that the real contentment does not come from abundant finance, power and pleasure, but from only God. What then do we have to do in order to lead a really valuable life in the Lord?

First of all, we have to have the reverent fear of God.

It is recorded in Proverbs 8:13, “The fear of the LORD is to hate evil.” This verse tells us what having the reverent fear of God means. It means ‘throwing away evils God hates and living a godly life in Him.’ The God of justice searches for everything with His blazing eyes and pays back each one according to what he has done. If we truly believe in such a just God from the bottom of our heart, we cannot either practice untruths or cause harms to others at all.

Joseph always had a reverent fear of God in faith and never lost heart because he had a dream God had given him. When he was sold into slavery in Egypt at 17, and unreasonably sent to prison, Joseph only relied on God. At last God exalted him in His way. God caused everything to work for the good for Joseph to be appointed as the ruler after the Pharaoh over the whole Egypt, through which the foundation would be laid for the establishment of the nation of Israel.

Thus, anyone who has such a reverent fear of God as to avoid committing sins and seek and practice God-pleasing wills lacks nothing and prospers in everything he does as recorded in Psalm 34:9, “For to those who fear Him there is no want.” The second meaning of ‘having a reverent fear of God’ is ‘turning to God and relying on Him in everything with faith.’ If we completely commit every affair to God with fear of God and faith in Him the way Joseph did, we can receive blessing and lead a successful and valuable life.

Lastly, as recorded in Ecclesiastes 12:13, “The conclusion, when all has been heard, is: fear God and keep His commandments, because this applies to every person,” having a reverent fear of God is obeying the commands of God. The commands of God written in the Bible are divided into 4 categories: ‘Do’s,’ ‘Don’t’s,’ ‘Keeps,’ and ‘Throw away’s.’ Therefore, when we obey whatever the Bible tells us to do, not to do, to keep and to throw away, we can be deemed to have a reverent fear of God.

Next, we have to ask for the wisdom and strength from above.

In order to gain wisdom that is necessary for them to live a prosperous life in the world, people seek and rely on knowledge and information through books and various journal media. But much more excellent is the

Senior Pastor Dr. Jaerock Lee

wisdom from above than the wisdom gained in the world. The wisdom from above can be acquired when we throw away every form of evil and obey the Word of God as recorded in James 3:17.

The wisdom we receive from heaven after casting off every form of evil and becoming sanctified can become an influential milestone and strength for our prosperous life. It’s because, in wisdom of goodness, we can receive answers to all our prayers and everything can be accomplished by the power of God as read in John 15:7, “If you abide in Me, and My words abide in you, ask whatever you wish, and it will be done for you.”

It is not true that the success and failure in life depend on our might, wisdom, and abilities. Only when we come close to God who is the fountain of wisdom and power, can we overcome any kind of difficulties and turn failure into success, misfortunes into fortunes by faith. I wish for you to seek goodness in every affair and keep the commands of God so that God can be with you and give you wisdom and strength from heaven.

Lastly, we have to stay awake all the time.

In the 25th chapter of Matthew is the parable of ten virgins, and through this parable, Jesus teaches us how to lead a Christian life in the end of the ages. In the parable, ten virgins had the lamps and were waiting for the bridegroom’s coming, but finally only five virgins of them, who had prepared flasks filled with oil, received the bridegroom and attended the wedding feast. It also applies to the believers waiting for the Lord’s coming again. In order to receive our Bridegroom the Lord and attend the Seven-year Wedding Banquet, we have to stay awake always, be full of the Spirit through fervent prayers and diligently adorn ourselves as His bride.

As He promised in John 14:2, “In My Father’s house are many dwelling places; if it were not so, I would have told you; for I go to prepare a place for you,” Jesus Christ our Bridegroom will descend from heaven with a shout, with the voice of the archangel and with the trumpet of God. In addition, as we don’t know when our spirit is taken away into Heaven, we have to be always sober and clear-minded and well-prepared

to have confidence in standing before the Lord.

A sober person improves his hope for Heaven day by day, and accordingly comes forth as a beautiful bride of the Lord and shares His grace with many people around him and then glorifies God. Such a person, at the Second Coming of the Lord, can see the Lord face to face and enjoy the eternal life with Him forever.

Manmin TV Attends the 19th Convergence India International Exhibition New Delhi 2011

The 19th Convergence India 2011 International Exhibition was held in New Delhi from March 24 to 26, 2011. As a representative of Manmin TV, 3 pastors commissioned to do the ministry in India by Manmin Central Church—Joseph Han, John Kim, and Elijah Um attended this 19th Convergence India 2011, and discussed the collaboration of the broadcasting ministry with Mr. Rajiv Khattar, President Projects of Dish TV India Limited, India’s first DTH (Direct-to-Home) Satellite TV in Digital Picture Quality and Mr. Allen Luther, Representative of Far East TV India. As of 2011, Manmin TV’s major program Dr. Jaerock Lee’s Words of Life is broadcast in the states of Tamil Nadu and Puducherry of India via Arulvaku GCN TV and Rejoice TV, and in and around Nagaland state through Nagaland cable stations.

“You Can Restore Youth!”

With the passing of time, human body becomes weak and aged, and the function of all its organs increasingly weakens. Many people seek various methods to maintain and restore youth, but most of them are temporally effective. They cannot find original solution. How then can we believers in God solve this problem?

The breath of the spirit and the breath of the flesh

When we accept Jesus Christ as our Savior and receive the gift of the Holy Spirit, the spirit that has been dead in our heart can be brought back to life. Thenceforth the breath of the spirit and the breath of the flesh coexist within us. This breath of the flesh represents the attributes of the flesh and the breath of the spirit, those of the spirit. The body that is under the control of the attributes of the flesh gradually becomes aged and weak because the flesh becomes corrupt and perishes, while the body that is maintained in the influence of the spirit does not become aged or fall ill because the spirit never perishes or corrupts.

On one hand, if our body is controlled only by the breath of the flesh, when we fail to take enough rest and eat properly, we become exhausted and our vigor becomes enervated. Only when we eat nutrient food and have good rest, can we regain good health and lead a vigorous life. On the other hand, if our body is filled with the breath of the spirit, we can maintain youth and experience anti-aging effects. Even if the breath of the flesh is not enough in our body, we can lead an active life by the influence of the breath of the spirit. In this sense, people of old age can restore youth and enjoy good health if they are completely filled with the breath of the spirit.

Daniel and his three friends didn’t defile themselves with the king’s choice food and the wine sacrificed to idols but instead ate only vegetables and drank water in order to keep the law of God. But their appearance seemed better and they were fatter than all the youths who had been eating the king’s choice food. In the same way, if we keep the commands of God and pray fervently, our body is filled with the breath of the spirit and functions at the optimal state, and then we can experience amazing change of the body.

The change of the body by the breath of the spirit

The human body naturally weakens in the function and the cells of the body die in the passage of time. But if the breath of the spirit fills the body, the breath of the spirit removes virulence in the body, and the body has a fast metabolism and then we can be recovered through a little rest and protected from such diseases as are infected by viruses, bacteria and germs.

Even if we are infected with those diseases by mistake, we can be immediately healed through fervent prayers because the breath of the spirit covers our whole body and the fire of the Holy Spirit scorches them. And the functions of the organs including stomach, liver, heart, lungs, and kidneys are restored.

One of the remarkable changes is that the blood is made clean and pure. When the blood is made clean and pure, old people become healthy and restore youth. Clean blood vessels can transport nutrients properly and provide

them to all tissues and cells effectively, and discharge harmful factors out of the body. It is said that cells die or become old because of poisonous oxides produced when nutrients turn into energy. Blood provides each cell with fresh oxygen and discharges poisonous oxides from the cell.

The blood can be made cleaner as much as we change into a man of spirit and our body is filled with the breath of the spirit. The clean blood can prevent cells from dying and becoming old and restore the function of the organs; then we can enjoy good health and restore youth transcending the limitation of the flesh.

Secrets to restoring youth

The fathers of faith that appear in the Bible went through the restoration of youth. When Abraham the father of faith was 100 and his wife Sarah was 90, her womb was as good as dead because she passed the age of childbearing. But she gave birth to their son Isaac as promised by God the Almighty. Afterwards Sarah died and Abraham gained 6 more children from his new wife Keturah (Genesis 25:1-2). He could enjoy all these blessings because his body was completely filled with the breath of the spirit. Deuteronomy 34:7 describes the good health of Moses who was a man of whole spirit, saying, “Although Moses was one hundred and twenty years old when he died, his eye was not dim, nor his vigor abated.” Job, who was blameless, upright, fearing God and turning away from evil (Job 1:1), met with severe trials in which all his children died, all his possessions and properties were gone, and he was smitten with sore boils from the sole of the foot to the crown of the head (Job 2:7). Through these trials, he discovered evils hidden within him and thoroughly repented of them so that his blessing doubled and he gained 10 new children and also saw his 4 generations prosper (Job 42:12-17).

As recorded in Proverbs 18:14, “The spirit of a man can endure his sickness, but as for a broken spirit who can bear it?” those who have a lot of anxieties and worries become aged and weak faster than others who don’t have. And if you think, “I’m weak because I’m old,” you become aged faster.

When we abide by the Word of God and do the things that are pleasing to Him, the sinful natures including hatred, jealousy, and hot temper depart from us and then we can be released from anxiety and worry and have nothing to create sufferings in our heart (Proverbs 15:13). It means that we have no reason to suffer from mental diseases, nervous breakdown, indigestion, and disorder in blood circulation. On the contrary, because we are filled with thanks, joy and hope for Heaven, all the organs of our body function actively and properly, and when we have the strong faith in which nothing is impossible, we can receive the strength to restore youth.
