

“You’ve Earned 31,000 Dollars!”

Sister Eunhae Goo
(Senior student who studies Airline Secretary in Dongyang University)

I was born in a Christian family, but I used to be just a churchgoer following my parents. I was not a true Christian.

In August of 2008, I was selected as an exchange student to Qingdao University in China. I had a desire to become free from others’ interference. I began to lead a loose and uncontrolled life. I hung around with my friends and even skipped Sunday services.

Just one month before I came back to Korea, I couldn’t chew food well. I couldn’t articulate clearly in when I spoke. As time went by, my upper and lower teeth became increasingly misaligned.

In January of 2009, I was diagnosed with malocclusion temporomandibular joint disorder in a hospital in Seoul. Except for the molars, the gaps between my upper teeth and lower teeth were getting so much wider that I couldn’t even close my mouth. It was very serious.

It can’t be corrected with only braces, and I would also have to undergo corrective surgery. I heard that it would cost me 31,000 dollars just to get the operation on one side of my jaw. In the end, I decided to have a metal pin inserted into my gums instead of the operation. I had great difficulty eating, studying, and even sleeping.

In late March 2010, after ten months had passed, I saw a doctor and found out that for the past two weeks the bracket that had been inserted inside for straightening my teeth had separated. My doctor told me the ten months I spent trying to correct my bite were futile. He told me to get the operation the following week. I burst into tears thinking of the time that I had suffered from so much pain.

In the meantime, Senior Deaconess Myoungsook Kim, my aunt, let me know about the powerful works manifested through Dr. Jaerock Lee. Listening to her, faith was given little by little. So my mother and I sometimes attended the service of Manmin Central Church and received Dr. Lee’s prayer. I also received his prayer for the sick through the Internet. I felt my teeth move whenever I was receiving his prayer. The faith that God would heal me came upon me.

On March 31, 2010, I attended a handkerchief healing crusade held in Chuncheon Manmin Church with my mother (Acts 19:11-12). I was so blessed to repent of all my past wrongdoings, especially, my past life in China. I received the handkerchief prayer from the speaker. All my body felt hot and I felt severe pain in my teeth. Then, I looked at them in mirror. It was amazing since my bite was almost completely corrected. God corrected it by the fire of the Holy Spirit, which might have caused such a pain in healing.

On Friday of the same week, I went to hospital because we had an appointment. He examined my teeth and said that my teeth had been restored to a healthier and near-normal state. He added, “It’s like you’ve just earned 31,000

dollars that the operation would have cost you.” Just a week before, I had to have surgery, but now I no longer needed it. Hallelujah!

In fact, I would have had to still wear a brace for six or seven years even after the operation. But I was healed in just a few months. I just give my gratitude to God. On the very day, I came to Seoul to attend the Friday All-night Service and gave my testimony to Dr. Jaerock Lee. He was pleased and prayed for me again. Since that day, my teeth has become even more regular. I don’t have to wear a brace.

I have one more extraordinary testimony. My shape of my face has changed while attending the ‘Two-Term Consecutive Special Daniel Prayer Meeting.’ I used to have a sharply angular inverted-triangle-shaped face that didn’t look good when I tied my hair back. Now I have a more oval-shaped face so I can tie my hair back. I extend my heartfelt appreciation to the Lord who allowed a person like me who had nothing to do with the Word of God, to experience His great work and become a wheat-like believer.

She was supposed to get operation and wear a brace for six or seven years since her bite couldn’t be corrected by other methods. After she received prayer, however, her teeth became even and regular.

Catechism and Baptism, Guidebook on the Basics of the Holiness Gospel Is Printed in English

With its Chairman, Dr. Jaerock Lee, the United Holiness Church of Jesus Christ, which has spearheaded world evangelization spreading the five-fold holiness gospel consisting of Regeneration, Sanctification, Divine Healing, Resurrection, and the Second Advent published Catechism and Baptism in March, 2011 and the English edition was subsequently published in November, 2011. This book is expected to show the shortcut to sanctification to numerous members who desire to become sanctified.

This book contains the basic obligations of church members that new-believers should know and keep. Its instruction explains opposition to positions of materialism,

postmodernism, new liberal theology, and heresy that mislead people with fine yet deceiving wording.

This book also has various useful contents: the explanation on Ten Commandments; the ways to keep the Lord’s Day and give proper tithes in accordance with the Bible; biblical understanding on ceremonial occasions including wedding and funeral; the will of the Lord concerning businesses and surety; and definition of sins leading to death that result in the name of people being blotted out from the Book of Life who had received salvation through the redeeming blood of the Lord.

Moreover, this book includes ‘The Roles of the Church Established in the Name of the Lord Jesus Christ’ and ‘Overview on the Old and New Testaments’ which bring a better understanding of the basic concepts of Christianity to new members and even members who do not know about life in the church even though they have

attended church for a long time.

An effective plan for reading the Bible is suggested in this book. So through this book, even if you are a new believer, you can grasp the overall flow of the Old and New Testaments and you will be encouraged to read the whole Bible on a schedule in either a year or two years.

In the book are many kinds of questions and answers for catechism and baptism. Each church can choose catechism that is appropriate for the church according to their local situation. Examples of a question and answer format are also included in the book as a guide for a general catechism ceremony and the baptism ceremony which should prove to be practical and useful.

This book Catechism and Baptism is scheduled to be published in Russian, Thai, and Spanish. Requests for French, Tamil, Hindi, Tagalog, and Portuguese editions have also been received.

“The Handkerchief of Power Revived A Dying Girl”

Pastor Worapon Yingwatanakun (Chai Prakan Manmin Church)

On April 19, 2011, I received a phone call from one of my church members. She said Rotchana Pongsuk, her 17-year-old cousin who lived in Muangsai, Myanmar was in a car accident and had been in coma for a week. She came to Thailand by the help of border guards.

On April 21, when I first saw her, she was unconscious with general paralysis. We rushed her to Maeai Hospital. The doctors there told us to take her to a bigger hospital, so she was transferred to another hospital in Chiang Lai. Her doctor said she should receive surgery because there was a lot of blood clotting. I called and asked Missionary Jaewon Lee and his wife to pray for her. They immediately came to us and prayed for her with the handkerchief on which Dr. Jaerock Lee had prayed (Acts 19:11-12). To my surprise, though she had been in coma, she opened her eyes and held the hands of Missionary Lee who had prayed for her. Hallelujah!

Not long after that, her condition had improved and she was taken to Maeai Hospital. Her doctor stated, “She had regained consciousness, but her brain was severely injured. There would be no way for her to live without disability.” Despite what was said, we prayed for the girl with the handkerchief of power twice more with faith. Then, she came to speak and walk little by little. Now, she can walk by herself and has no difficulties in her life. Above all, she gained true life by converting to Christianity. We give all thanks and glory to Father God who manifested such an amazing work!

One Who Prays

“And there was a prophetess, Anna the daughter of Phanuel, of the tribe of Asher. She was advanced in years and had lived with her husband seven years after her marriage, and then as a widow to the age of eighty-four. She never left the temple, serving night and day with fastings and prayers. At that very moment she came up and began giving thanks to God, and continued to speak of Him to all those who were looking for the redemption of Jerusalem.” (Luke 2:36-38)

Anna had lived with her husband for seven years after her marriage, and she then lived as a widow to the age of eighty-four. She lived 84 years with only fasting and prayers without putting anything else in her mind. She loved God and offered up such pure and thick aroma of prayers to God that just by seeing the baby Jesus she could recognize Him as the Savior. Also, can you imagine the kind of glory would she enjoy in Heaven!

When God calls her ‘the one who prays’ and gives her a splendid pattern of prayer on her robe, all citizens of Heaven will commemorate her life. They will recognize she is worthy to have that name and show their love and respect toward her.

To long only for this kind of glory, to pray for the kingdom and the righteousness of God, and to receive recognition as ‘the ones who pray’, what kinds of aroma of prayer should we offer?

First, you have to get rid of evil in heart and pray in goodness.

Our prayer must be a pleasing aroma to God; the kind of aroma that can move His heart. God is goodness itself. To please God who is goodness itself, our prayer has to be a profession of goodness coming out from a good heart. But if we have evil in our hearts, we will pray with evil to that same extent.

Suppose there is a person who prays like, “God, let my husband repent and receive salvation, even if it means he has to break his leg.” She is praying for the salvation of a soul. But, in the light of the truth, how evil and foolish this prayer is! There is another person praying with words like, “God, bless my shop, and send me all the next-door shop’s customers and I will give you a lot of church construction offering and increased charitable offerings.” This prayer cannot be stored as a pleasant aroma before God since the prayer seeks his own benefit.

Also, prayers in despair, complaint, and sorrow are not prayers in goodness. What if you pray saying, “Other people easily receive blessings and testify, but I always live in hardships, so I feel sad. Quickly bless me and let me give You glory?” Or, “That person came to the church after I did, but she changed quickly and earned recognition and became a leader. But my inner heart and heart-field are not so good. I am so sad because I am changing very slowly. I have not been elected as a leader although I prayed and fasted. Let me change into spirit to be recognized by others and be faithful for the kingdom of God.”

Those who are praying like this might think they have the desire to give God glory by receiving blessings and to be faithful to God’s kingdom. But the fact is that their prayers are in impatience. They are praying with their selfish desire to be recognized and blessed quickly. They are praying out of sorrow and resentment without having any faith, due to the evil in their heart.

If you do not have any evil, you will offer up

Senior Pastor Dr. Jaerock Lee

professions of thanks and joy in all situations. You will never say anything that might disappoint God. Only when you pray according to the good will of God can God accept the aroma of your prayer and answer your prayer. To the extent that we pray with complaining and in despair and sorrow, we cannot give prayers of goodness to God. Therefore, it is very important to cast away evil and put goodness in our hearts.

Secondly, you have to pray as the Holy Spirit guides you by relying on the Lord.

Without the grace of God we cannot do anything. Even prayer is not something we do on our own. We can pray only with the grace and strength given by the Lord. Those who rely on the Lord in prayer can continue their prayers without blockage. If you rely on your thoughts and your strength, you will run out of things to pray for and you will be physically tired after a period of time.

If you have had faith for some time, when the prayer point is given to you to pray for church construction, you might even quote from the Bible and pray with eloquence. But if that is just daily habitual prayer of repetition of what you have learned, it can’t be a prayer with beautiful aroma. It is just as if you play a recording of your voice. Prayer must be offered from an earnest heart, with the contents that God needs to hear by the works of the Holy Spirit from moment to moment.

Saying the same thing over and over habitually and praying in the Holy Spirit are so different. You will be inspired by the Holy Spirit if you listen to His voice and try to seek the will of God. God will manage the contents and flow of your prayer, so the contents of the prayer will spring up from you.

For example, when you pray for the church construction, such as the Canaan Sanctuary, the Holy Spirit will let you know what kind of focus you should have each time you pray. Then, you can also receive the inspiration on the details about what to pray for in that focused area. Like this, you have to rely on the Lord

and pray by the inspiration of the Holy Spirit. Then, you can offer up beautiful aroma of prayer.

Thirdly, you have to have spiritual love to offer prayer with beautiful aroma.

You can pray with all your heart only when you have love. Mary Magdalene loved Jesus who healed all her diseases and gave her a new life that was more than her own life. What kind of heart do you think Mary Magdalene had when she was praying while Jesus was ministering on this earth?

Mary knew very well that Jesus could not eat well or sleep well as He was visiting many places to teach the people. She knew He faced many threats and sufferings. While Jesus was doing His ministry day by day, how earnestly she must have prayed for Jesus! Because she prayed with love, her prayer became beautiful aroma and it must have been comfort and strength to Jesus.

You should pray with your love for the Father God, the church, your shepherd, and for the souls like Mary did. You should have burning fire in you if you think of the souls who are dying without knowing the gospel, and your heart should be torn apart if you think of the souls who commit sins.

Many people said they love God and the church to some extent. And if that love is really true, you will not just love God, the Lord and the church. You will also love your family members, relatives, neighbors, and everyone around you. It doesn’t mean you should love your family and relatives with fleshly affection. It means you should check whether you are really acting with spiritual love.

Do you get uncomfortable when things do not go as you want or when you don’t like something? Do you cause difficulty for others? Do you work faithfully in all aspects, seek others’ benefit first, and sacrifice yourself and serve others? You have to check them and quickly cultivate your heart into spiritual love.

When others see you, they should be saying, “She is really like ‘one who prays’. She has generosity and love. She is humble and meek and lovable.” Only then can you be recognized that your profession of love for God, the church, and the souls is true. Only the tearful prayers and earnest crying out with love can be offered up to God as thick aroma.

Dear brothers and sisters in Christ,

Do you offer prayer that is acceptable to God with a beautiful aroma like Anna? You must pray in goodness without evil heart, pray by the guidance of the Holy Spirit relying on the Lord, and pray with spiritual love and finally with a beautiful aroma. In doing so, I pray in the name of the Lord that, in the heavenly kingdom in the future, all the heavenly citizens and angels will recognize you saying, “She is such a precious one. She has done a great deal for the kingdom of God by storing up limitless aroma of prayer.”

“Miraculous Healing Works Proved the Existence of God”

Dr. and Professor Zipporah Ngumi, president of World Christian Doctors Network, Kenya paid a visit to Manmin Central Church in October, 2011. She has been working as the chairperson of the Organizing Committee for the 9th International Christian Medical Conference scheduled to be held in Nairobi, Kenya in 2012. She said, “Manmin members love the Lord with sincerity and diligence. They serve each other out of love, which was very impressive.” We had an interview with her. The following are her key-point ideas on the 9th International Christian Medical Conference in Kenya and the ministry of Manmin.

Dr. and Professor Zipporah Ngumi is a well-known doctor who worked as the president of the School of Medicine at the University of Nairobi, Kenya. She was assured that God would receive great glory through the conference that will be held there in 2012. In addition to attending services and visiting the Muan Sweet Water Site, Dr. Ngumi had a conversation with Dr. Lee, and also appeared as a guest on the GCN TV program, ‘Christian Today’.

Q1 How is it that you have come to visit Manmin Central Church?

I work as the chief anesthetist for Kenyatta National Hospital and as a professor and consultant physician of Nairobi University (School of Medicine). I also came to work as chairperson of the 9th International Christian Medical Conference Organizing Committee. Dr. Jaerock Lee is the founder and board chairman of WCDN but he also ministers to Manmin Central Church. I had a longing to see and experience the powerful works of God firsthand that were taking place in Manmin Central Church. It so happened that I had a chance to pay a visit to the church to celebrate its 29th Anniversary. Here, I was encouraged to have greater faith.

Attending the worship service at Manmin Central Church

Q2 How did you come to know about WCDN?

Dr. Nobert Rakiro, one of my students, has attended the international medical conferences hosted by WCDN three times. He talked about God’s healing works that were discussed in the conferences. While talking to me, he asked if I believed in such works manifested by God. I answered, “Yes,” and through him I came to know about the ministry of WCDN in detail. I became deeply interested in it.

Q3 So, you do believe that people can receive healing by faith, correct?

Yes, I do. I have also seen such cases firsthand. I don’t think the works of healing have stopped occurring when Jesus Christ finished His ministry on the earth, since the apostles manifested the power of God as well. I am sure that the healing works of God have been taking place and will take place until the Lord comes back.

Meeting with Dr. Jaerock Lee, Founder and Board Chairman of WCDN

Q4 What is the main theme of the 9th International Christian Medical Conference that will be held in 2012?

The theme is ‘Spirituality & Medicine’ as usual. The message we want to deliver in the conference is that “God is alive and He is working even today so that miraculous healing can still take place.” We are proving the fact with medical data.

Appearing at Christian Today, a talk-show program of GCN TV

Q5 How will you show this medical evidence?

We will show the medical data such as doctors’ records of ‘before prayer’ and ‘after prayer.’ This is very important since people doubt the fact that they can be healed by faith. If we show medical data to them, even unbelieving doctors will no longer doubt and Christian doctors will have heightened desire to pray for their patients. They will never give up on patients who even have terminal cancer, AIDS, heart failure, stroke and many other diseases.

Q6 What did you feel when you met with Dr. Jaerock Lee, Founder and Board Chairman of WCDN?

I had already read Dr. Lee’s books, *The Message of the Cross* and *My Life My Faith I & II*. When I saw him in person, I could sense his humbleness that I had felt while reading his books. He loves God very much. He doesn’t seem like the senior pastor of such a big church. He is more like a humble servant. He serves God, church members, and all people. He delivers the love of the Lord and the way of salvation. His sincere faith in Jesus Christ is well-described in his book, which should be spread widely.

Q7 Do you have anything you want to say to Dr. Jaerock Lee?

Manmin Central Church has a lot of things to do for the world. Nairobi Manmin Holiness Church in Kenya has successfully preached the gospel as its branch church. Manmin Central Church set a good example through members’ unity and devotion for the kingdom of God. The church has become the model for all mission groups around the world. I think Dr. Lee is a spiritual leader for the world as a whole. His teaching and his ways to love God should be made known to people all over the world. I would like to extend the ministry of Manmin onto the whole world as well. May the blessings of the Lord come upon Dr. Lee and Manmin members. I hope they will continue to work hard for the kingdom of God. Thank you.

WCDN(World Christian Doctors Network)
