“Heaven and Hell Surely Exist!”

Dr. Jaerock Lee’s books *Heaven* and *Hell* were attested by declarations of witnesses

The God of love who desires all men to be saved and come to the knowledge of the truth, has prepared the beautiful Heaven where saved children can share true love and happiness forever with Him. However, those who do not accept the Lord until the last moment and commit sins though they say they believe cannot help but go to Hell. Senior Pastor Dr. Jaerock Lee (left) received the detailed description of Heaven and Hell by offering up countless times of fasting and prayer and he then published *Heaven I & II* and *Hell*. Through the publications, he has led countless souls to the way of salvation.

As an apostle for the Gentiles, Paul worked devotedly even to the point of death with hope for Heaven after he saw Paradise in Heaven as he said in 2 Corinthians 12:2-4. Then, he became a witness of the Lord manifesting the power of the Spirit to the ends of the world. Many passages of the Bible describe the spiritual worlds, Heaven and Hell. They definitely exist, though they cannot be seen with our eyes.

Lately, Manmin Central Church has been on spiritual fire since Heaven and Hell were declared through testimonial sermons of witnesses, and the sermons have awakened the church members. The members are now running more earnestly toward Heaven. They pray fervently, try hard to live by the Word of God, work faithfully, and lead changed lives in hope.

During Sunday Morning Services on June 16th and 23rd, referencing scripture from Revelation 21:10-11, Pastor Dongcho Shin testified to his experience

Pastor Dongcho Shin

where he was led by the Spirit in the grace of God to New Jerusalem, the most beautiful dwelling place in Heaven.

Pastor Shin said, “I could see the

city of New Jerusalem surrounded by intensely bright and beautiful light just as recorded in Revelation 21:11, ‘Having the glory of God her brilliance was like a very costly stone, as a stone of crystal-clear jasper.’ The river of water of life was split into many streams just like branches of a tree. Dazzlingly brilliant gemstones were shining, and amid the light the believers’ mansions were sparkling in different colors.” He added that he could deeply feel the love of God the Father who prepares the beautiful place for us.

Pastor Heejin Lee

Furthermore, on June 7th and 14th, Pastor Heejin Lee delivered a detailed description of Heaven and Hell that she had witnessed in the sermons during the Friday ‘All-night’ Service. To accomplish this, she had piled up an immeasurable amount of prayer—over nine hours a day. In having done so, she could see the dwelling places of Manmin members who have already returned to Heaven. She also explained about her conversation with the believers in the waiting place in Paradise and testified to the horrors and misery of Hell.

Pastor Heesun Lee

Pastor Heesun Lee shed hot and mournful tears while speaking of unsaved souls who were suffering in Hell and the Lower Grave. She also recounted the punishments inflicted upon those who blasphemed, dishonored, and spoke against the Holy Spirit, who had committed suicide, and who engaged in homosexuality. She also pictorially represented the lakes of fire and burning sulfur where souls even cannot breathe.

Moreover, she reported that demons are trying hard to find someone whom they can make commit suicide just as hyenas look for their prey and explained how they can have rest for a short while if they are successful in accomplishing it.

Additionally, Pastor Crystal Kim, Pastor Seungshin Kim, and Praise Leader Rose Han delivered their testimonies concerning the parts of Heaven they had observed. Many people listened to them via GCN TV (www.gcntv.org) and the church website (www.manmin.org). They expressed their heartfelt thanks to Dr. Jaerock Lee for allowing them to know the horror of Hell so that they will not go to Hell. They said, “I am overjoyed with hope

for Heaven and I came to long for sanctification all the more because I could feel God’s heart that is goodness and love itself.”

Bishop Dr. Myongho Cheong ministering to Nairobi Manmin Holiness Church in Kenya said, “Our pastors and church members felt Heaven and Hell more realistically and faith and hope were added in them. It was a touching moment of blessing.”

Missionary Charonne Kang stated, “Many people in Jerusalem, Ashdod, Beersheba, and Nazareth joined listening to the testimonials of Heaven and Hell and they were amazed by them. It caused their faith to increase sharply.”

With the messages on Heaven and Hell, Dr. Lee has guided innumerable souls in the world to the way of salvation. He has devoted himself to the Word and prayer for the 35 years since he received God’s calling as a servant of the Lord. With the heart of the Lord who does not want to lose a single soul, he is not stopping praying in his mountain prayer house for the salvation of all souls in the world.

More detailed explanations on Heaven and Hell are included in Dr. Lee’s books *Heaven I & II* and *Hell*, so you can refer to the books to learn more about Heaven and Hell.

Trust

“Simon Peter answered, ‘You are the Christ, the Son of the living God’” (Matthew 16:16).

At the time of Jesus, people’s responses were different towards Jesus who was manifesting the power of God. Some of them said John the Baptist resurrected, others said He was Elijah who had come again, and still others said He was just another one of the many prophets. Of course, there were also people who were criticizing Him saying He was demon-possessed. But the disciples did not care to pay attention to such criticism, and they delivered the words that were of goodness only.

Then, Jesus asked them, “Who do you say that I am?” Then Peter answered, “You are the Christ, the Son of the living God.” This profession did not come from Peter’s thoughts. God let Peter realize it because he trusted and loved Jesus.

Of course, Peter had not received the Holy Spirit yet, and he later denied Jesus, which left him a blemish on his life. But since the time he witnessed the resurrection of the Lord and his trust became perfect, Peter had no more fear. He performed with great power of God, and He boldly preached the gospel even before the people and officials who were hostile towards him. When he was finally being crucified upside down, in his heart Peter had only fervent love and complete trust towards the Lord. Then, how can we make a perfect trust relationship with God and the Lord like Peter did?

1. We need to demolish fleshly thoughts

Those who use fleshly thoughts judge everything according to their own standards, and they think following their own benefits. They criticize something right as something wrong, and think what is actually good is evil. Nevertheless, they do not realize that their thoughts are wrong.

For example, suppose we have a favorable feeling about somebody, and that person does not return our greeting properly and her face does not look happy. You think, “What is her problem? Does she have some kind of misunderstanding about me? I thought she was nice but obviously she is not!” Then, the favorable feeling towards that person disappears in an instant. If somebody says something that is opposite to their ideas, they say, “I know how the things go. I am a very sensible person, you know.”

When Jesus was ministering, those who had fleshly thoughts thought of Jesus’ good ministry only in evil ways. For example, in Luke chapter 13, there is a scene in which Jesus healed a woman who had been demon-possessed and bent double. Observing it, the synagogue official showed his indignation saying, “One must not labor on the Sabbath, and why does He drive out a demon on the Sabbath?”

He could not think of the fact that God’s power was manifested and a person who used to live a wretched life experienced the love of God. If this synagogue official had been the one who was healed, would he have still hated Jesus for healing him on the Sabbath? One passes judgment and condemnation on others according to his self-righteousness and frameworks of thoughts because he does not have love or goodness. And yet he insists that it is the will of God.

Therefore, for us to have complete trust, we have to cast off all kinds of fleshly thoughts. 1 Corinthians

Senior Pastor Dr. Jaerock Lee

2:13 latter part says, “...combining spiritual thoughts with spiritual words.” As said, we can understand heart of spirit and have trust only when we have spiritual thoughts. I hope you will find out and rid yourself of the evil in you which hinders you from realizing what is good, and have spiritual thoughts all the time.

2. We have to hear the voice and receive the inspiration of the Holy Spirit

We can receive the touches of the Holy Spirit to the extent that we cast away evil and fleshly thoughts. It means you can understand the good will of the Father God in the works of the Holy Spirit.

For example, when a gentile woman who had a demon-possessed daughter asked Jesus for healing, He coldly turned her down. He said, “It is not good to take the children’s bread and throw it to the dogs.” But this woman did not become disheartened. She humbled herself even more and pleaded. She said, “Yes, Lord; but even the dogs feed on the crumbs which fall from their masters’ table.” As He heard this humble confession, Jesus praised her faith and healed her daughter immediately (Mark 7:25-30).

Those who have fleshly thoughts could have judged Jesus saying He did not have love. On the contrary, those who trust Jesus would still believe in His goodness and love. And they would think about the case deeply, “What is the reason Jesus is speaking that way?” If we contemplate on it with a good heart, we can realize the will of Jesus in the work of the Holy Spirit.

In fact, if this woman had had any pride, she could have harbored grudges against Jesus or become disheartened and given up receiving an answer. But because she had the faith to receive the answer, her attitudes did not change and she spoke only good words. Jesus let this woman show her faith until the end to let her fill up the measure of justice for her to be able to receive her answer.

Those who discern the situation with a good heart can understand this intention of Jesus through the Holy Spirit. By the way, different people receive the works of the Holy Spirit in different depths. If you receive works of the Holy Spirit more clearly, you can understand Jesus’ will more deeply. Namely,

Jesus knew the faith of this woman already, and He wanted to give a lesson to other people as well through the example of this woman.

So many people say they believe, but when they do not receive an answer they expect, they easily become discouraged or even complain against God. If they do not like something a little bit, they change their mind even though they did not suffer from some great contempt. Jesus drew out this humble profession of faith from this woman to show such people an example of what true faith is.

If you contemplate on it with a good heart, you can understand this will of Jesus by the help of the Holy Spirit. Your trust in the Lord Jesus will also be deepened to the extent that you understand His good will. Those who receive the works of the Holy Spirit will realize the good will of the Father God in such small things, too. The more they realize the good will of the Father, the more trust and love they will have, and they will naturally come to say, “I will rely on His love and go into deeper level of spirit very soon.”

3. Our trust will increase to the extent that our love increases.

Peter trusted and loved Jesus when He was following Jesus as a disciple. But after the crucifixion, the level of his love was no longer the same. His master whom he loved so much, and especially the good and precious Son of God, took tremendous sufferings right in front of his eyes. But rather than protecting Jesus, he denied Him, and even spoke words of cursing. But Jesus just looked at this Peter quietly without any rebuking and died on the cross.

After witnessing the sufferings of Jesus who died for him, Peter’s love was not the same. As his love deepened, his trust in the Lord became completely different, too. He was afraid even before a little maid-servant, but now, he boldly preached the gospel even when he was surrounded by people who were hostile. Even when he was being crucified upside down, his trust was not shaken at all. He only took the martyrdom in a glorious way in his fervent love and firm trust in the Lord.

Since God met me, I loved God the Father so much, and for that reason I could not doubt Him at all. Even when I encountered things that I could not understand at all, or even during such harsh trials, my trust in the Lord never wavered even for a moment.

Right after the opening of the church, I was scolded by God for seven consecutive weeks in front of many church members. Nevertheless, I never felt wrongfully accused, resentful, or sad. I only had thankfulness and willingness to realize what my dear Father was rebuking me about and change it. Finally, God let me know that He tested my heart, and He praised me for my unwavering trust. Through this, God gave me greater power.

Dear brothers and sisters in Christ, I urge you to establish perfect trust relationship with God and the Lord by realizing yourself more deeply in the works of the Spirit and cultivating a true heart. I pray in the name of the Lord that by doing so you will unceasingly run towards New Jerusalem in Heaven.

Lamp of Life

“Your word is a lamp to my feet and a light to my path” (Psalm 119:105).

Just as the psalmist said, the Word of God in the Bible is a lamp that shows the way in darkness so that we can be knowledgeable of what to do in this dark world and it leads us to the right path. This is because it contains wisdom and understanding that are keys to solving every kind of problem in our lives.

With the love of the Lord who desires all men to be saved, Dr. Jaerock Lee has consistently posted columns that present indispensable contents for our lives in the Word of God in many different daily Korean newspapers such as *Chosun Ilbo*, *Joongang Daily*, *Donga Ilbo*, *Hankook Ilbo*, and *Kyunghyang Shinmun*.

His columns have given new hope of life to those who have attempted suicide and they have provided rest and true food for souls for all ages. Here are some of those columns, through which we hope you will receive great grace.

His Love

We feel happy when we see the beautiful creatures of the heavens and the earth—everything in them. We find happiness in the goodness found in the hearts of others. How happy you would be if you achieved the heart of God who is the origin of all beauty, goodness, and love! God-given love is peace that sets us free from pain, and it is also brightness and hope that drive the dark away as well. It is joy that casts out sorrow and it is comfort that wipes tears away. It is also the source of vitality that lightens our body and hearts when we are weary and experience times of difficulty. I hope you will enjoy each day filled with true peace and joy in the love of God.

“We have come to know and have believed the love which God has for us. God is love, and the one who abides in love abides in God, and God abides in him.”
(1 John 4:16)

Sea-like Heart

“Have this attitude in yourselves which was also in Christ Jesus.”
(Philippians 2:5)

In the sea, a variety of living creatures are harmonized in coexistent living. The sea accepts anything that flows into it. If it is dirty, the sea purifies it so that other creatures can live.

Every person has different size of heart-vessel. Persons with a ‘big’ heart graciously accept a diverse array of people, favoring not just persons that have something in common with them. If such a heart is accomplished in you, you will collect others’ opinions and carry out all works without insisting on yourself. Then, all things will be achieved successfully.

What’s noticeable is that the size of heart-vessel is not limited. To the extent that our hearts resemble that of Jesus Christ, it can become bigger with no bound and we will be able to understand and love all people.

Beautiful Voice and Wings

“For every house is built by someone, but the builder of all things is God.”
(Hebrews 3:4)

The soft and clear sounds of birds refresh the heart of the listener. Their wings enable them to fly freely in the sky. Why did God allow birds to have such beautiful sounds and wings?

This is because God treasured all creatures during His Creation and put certain capabilities in each one of them. He gave beautiful voices to birds to show His heart which delights in praise. He also gave them wings so that men can feel the existence of different dimensional worlds. In this manner, He put His heart and intention toward mankind in even a little bird. That is why men naturally look up into the sky when birds fly.

Accumulated Strength

“Two are better than one because they have a good return for their labor.”
(Ecclesiastes 4:9)

A snowflake is too light for us to feel its weight. When snowflakes are piled up, however, branches are broken or become bent under the weight. Sometimes they cause massive avalanches. In the same manner, a mere thought, a word, or an action that seems to exert no influence can accumulate in our daily lives. They end up having tremendous impact on our lives.

Also, one person’s strength seems very weak, but the strength of many can be exercised with astounding power. So we must not say, “It’s just a trivial thing” or “It’s just me. It does not matter for me not to practice it.” We must say, “It’s a big deal” or “It’s I who has to practice it.”

The Fragrance of Heart

“The good man brings out of his good treasure what is good; and the evil man brings out of his evil treasure what is evil.”
(Matthew 12:35)

Just as a fragrant flower attracts bees and butterflies, persons with the aroma of goodness draw many people.

Their service, consideration, and sincere love from their good hearts give out fragrance. People can enjoy pleasure and peace around them. God who is goodness itself delights in such persons.

Among innumerable people, God’s eyes remain fixed on those who think of goodness, speak good words, and show deeds of goodness. He is always with them wherever they go and allows them to dwell near the throne of God in the eternal Heaven.

WCDN (World Christian Doctors Network) verifies divine healing cases based on medical data and attests to the works of God. They are proving that God is alive and the Bible is undisputedly authentic by demonstrating medical evidence to those who doubt and deny the existence of God.

From June 14th to 15th, 2013, WCDN's 10th International Christian Medical Conference was held in Toluca, Mexico. For over 350 doctors from 24 countries were in attendance, special lectures and healing case presentations were presented. Among the cases, we share just a couple of them that occurred through the prayer of Dr. Jaerock Lee. Glory be to God!

World Christian Doctors Network medically proved the powerful works of God

Case from South Korea

Case: **Cerebral Hemorrhage**

Presenter: **Dr. Gilbert Chae** (Surgeon)

The case is of a 49-year-old male. He injured his head after he fell on an icy road on December 13th, 2012. He was brought into the ER.

Before prayer, subarachnoid hemorrhage is seen. After prayer, it has been gone.

He had a history of an operation on a hematoma on the right side of his brain after a traffic accident in 1991.

The brain CT scan taken on that day showed subarachnoid hemorrhage on the right side in a crescent moon shape. The follow-up showed it was worsening, but he refused any surgery. On his behalf, his wife and daughter received prayer of intercession from Rev. Dr. Jaerock Lee.

But on the 7th day of hospitalization he had pneumonia in his lung and there was no improvement. Then, the family members repented of not being spiritually faithful to God though they thought they were. On January 1st, 2013, they received the prayer of Dr. Jaerock Lee for their father again. According to the brain CT scan taken two days after the prayer, the subarachnoid hemorrhage was not detected. God's healing work took place transcending space and time, just like the cases written in the Bible, even though the patient was not there when they received the prayer.

Case from Mexico

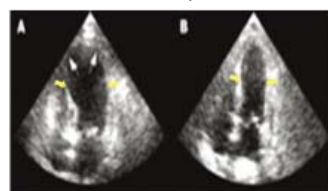

Case: **Takotsubo Cardiomyopathy**

Presenter: **Dr. Jose Manuel Pastrana** (Plastic Surgeon)

A 19-year-old female had cosmetic surgery on December 14th, 2011. The surgery went well without any problem and she did not have any postoperative complications. But two days later, she suddenly showed the symptoms of hypotension, respiratory failure, and unconsciousness, so she was rushed to an intensive care unit. The cardiac ultrasound diagnosed takotsubo cardiomyopathy. Despite intensive care, her condition had no improvement.

A) The echocardiogram shows left ventricular dilatation in the acute phase
B) Resolution of left ventricular function after repeated examination six days later.

While she was fighting for her life in ICU, her family asked Dr. Jaerock Lee to pray for her through Dr. Armando Pineda, US Director of WCDN. They received his prayer transcending time and space given during the church worship service and surprisingly she was removed from serious state on December 21st, 2011. She recovered to perfectly normal status and was discharged from hospital.

Case from Singapore

Case: **Sepsis, Jaundice**

Presenter: **Dr. David Eu** (Family Physician)

David's youngest son was delivered on October, 14th in 2009. When he was only seven weeks old, he developed a high grade fever and his fever was still persistent after a few days. So, he and his wife brought him to his pediatrician on November 30th, 2009. The pediatrician diagnosed his son as having urinary tract infection and immediately advised him to be admitted into the hospital for intra venous antibiotics. However, they returned home since they felt that he was too young for antibiotics and there might be side effects. Furthermore, as Christians, they believed God can heal him through prayers.

Over the next two days, David junior became paler and jaundiced. His abdomen became distended and discomforted. Missionary Wong Ping Ping, his wife, contacted Dr. Jaerock Lee of Manmin Central Church and asked him to pray for their son. After his prayer, his fever began to drop and his abdomen distension subsided, and he smiled for the first time during the week.

After his another prayer, jaundice also disappeared.

The blood and urine test done on December 18th, 2009 showed no abnormality. It confirmed that his urinary tract infection and hepatic sepsis had resolved. Without any medication, he was completely healed by the powerful prayer. Now, he is growing up healthy.
