Exodus 19:4 says that during the Exodus “God bore Israelites on eagle’s wings and brought them to Himself.” The Israelites always remembered the works of God’s power and praised Him. As written in Psalm 136, for example, they remembered every step God took to lead the Israelites out of Egypt and they praised Him. This point in time is chronologically well after the Exodus from Egypt, and even 1,000 years later they still remembered His works in the distant past and sang praises of them to Him.

In His providence, God the Father founded this church and He Himself has led this church as well. If we just think of this year of 2013 alone, not to mention the entire past 31 years, we can feel the great love of God. For the past 10 months this year, God has presented the works of His power that were beyond man’s imagination. I hope that you will fully glorify God the Father as we remember the works of His power that He manifested for us.

**1** The greatest power to change the hearts of people  
The fourth prayer title that God gave to us in 2013 is “Power”. Year 2013’s prayer title, “Power” is the power that can change even the freewill of a man. It is the power that motivates individual freewill and helps those who experience the power to be able to grasp the chance of salvation.

First of all, God the Father manifested this power that breaks man’s freewill for pastors and Levite workers of the church. In the beginning of 2013, God was actually going to strike them with the ‘sword of punishment.’ It was because they were slow to change and they were building walls of sin although they were supposed to change into spirit ahead of other members.

The Bible has many records about the ‘sword of God’ being used as a tool of judgment. Isaiah 66:16 says, “For the LORD will execute judgment by fire and by His sword on all flesh, and those slain by the LORD will be many.” And, Isaiah 27:1 says that God’s sword is ‘fierce and great and mighty,’ and Ezekiel 21:9 says that His sword is ‘sharpened and polished.’

As their shepherd I took this sword of punishment on their behalf. It was because someone has to pay the price for sin so that it is not against justice. God the Father then gave a three-month suspension period. Most pastors and Levite workers repented from the depth of their hearts, and began riding on the flow of change to become true pastors and true Levite workers. Consequently, God had me offer intercessory prayer on March 31, which was Easter Sunday. Pastors and Levite workers were able to cast off and turn from the sin which would otherwise have brought them punishment according to justice. Even layman members received strength to unload the burden of sin and start anew to make quick growths in faith.

As written, God the Father manifested His power to create a clean heart for His servants, Levite workers, and those members who longed for spirit. The greatest of His power lies in His power to change the hearts of man.

**2** Experiencing of the spiritual realm through the separation of spirit

On March 31, during the Easter Sunday Evening Service, God told us about ‘separation of spirit’. The following week, He listed those whose spirits would be separated from their body to see Heaven and Hell, and He also explained the detailed instructions. Then, during the 2nd half of May 25th Friday All Night Service, upon receiving my prayer, the spirits of eight people were separated on the spot and went to see various places in Heaven and Hell, and testified to their experiences. The Apostle Paul and Apostle John experienced it.

The first was the Apostle Paul who said in 2 Corinthians 12:2-4, “I know a man in Christ who fourteen years ago—whether in the body I do not know, or out of the body I do not know, God knows—such a man was caught up to the third heaven. And I know how such a man— whether in the body or apart from the body I do not know, God knows—was caught up into Paradise and heard inexpressible words, which a man is not permitted to speak.” Apostle Paul went to see Paradise in the 3<sup>rd</sup> kingdom of heaven through the separation of spirit.

Apostle John professed in Revelation 4:1, “After these things I looked, and behold, a door standing open in heaven, and the first voice which I had heard, like the sound of a trumpet speaking with me, said, ‘Come up here, and I will show you what must take place after these things.’” At this moment, Apostle John’s spirit was led to Heaven and saw the image of God who was sitting at His throne. In addition, he wrote what he saw in the spiritual realm and what would take place in the future, which is the ‘Book of Revelation.’

As you can see, the separation of spirit can be accomplished in God’s special work. By the way, God uses the method called ‘separation of soul’ to allow an un-sanctified person to see the spiritual realm. During the ‘separation of soul’ a man’s spirit and soul are separated from the body; the body is only breathing but without consciousness. A man’s spirit and soul being separated from the body is the phenomenon that takes place when a man dies. However, during the separation of soul, the body has to maintain life, and thus it needs God’s special care. The separation of soul in this way is subject to risk factors.

However, the work that took place in this church in May 2013 caused only the spirit of those sanctified people to be separated from their body and visit the spiritual realm. Even though their spirits were separated from their bodies, their souls still remained with them so that they could sense things around them. At the same time, they see, hear, feel, and experience the spiritual realm through their separated spirit. That’s why Apostle Paul said, “...whether in the body I do not know, or out of the body I do not know, God knows.”

In this church, several people, all at once, experienced this separation of spirit that only a few forefathers

“Truly, truly, I say to you, he who believes in Me, the works that I do, he will do also; and greater works than these he will do; because I go to the Father” (John 14:12).

of faith in the Bible experienced. That’s why this separation of spirit was called a ‘never-before-heard-of event’ because it has not been witnessed since the creation of the world. It was only possible by the power that God the Father granted.

Through this event of separation of spirit, the members could be more assured that Heaven and Hell exist. And they made up their mind once again that they would never do what might drive them to Hell. Moreover, they could have greater hope for Heaven; in fact they came to know deep things of New Jerusalem, so that they could push themselves harder to accomplish spirit and whole spirit.

### 3 The 2013 Leadership Conference where many people of spirit came forth

And this enthusiasm of fullness continued to 2013 Leadership Conference in July. God the Father gave us a title, ‘Whole Spirit’ based on Hebrews 10:22 as the subject for the conference. The reason God the Father explained in detail the heart of whole spirit, which is the highest level of faith, was because the church members were ready to receive it.

Those who were changed through the 3 months’ period of suspension experienced the work of separation of spirit, and increased their faith, hope, and love. There were many candidates for spirit and whole spirit. Between March 31 and until just after the conference, 30 more people came into spirit. If they mature at this pace, it will be possible for many more of them to come into whole spirit and enter New Jerusalem.

In the Bible and for the last 6,000 years of human cultivation, there have been quite a few who entered whole spirit. In this end time, however, so many people of whole spirit will emerge from this church at one time; the occasion will indeed be truly amazing! God the Father promised that countless people of spirit and of whole spirit will emerge so that spirit will be common

in this church. How can it be possible? It is possible by the work of power that changes the freewill of man.

However, God does not simply change a man’s freewill with His power by force. The Father creates an environment where the members themselves will be touched in their hearts and do their best to accomplish spirit.

By the way, until this environment was created, as the man leading the congregation of Manmin, I had to sacrifice myself to pay 90% of the spiritual price that the members were supposed to pay. Through the spiritual training that you couldn’t imagine, I had to create the spiritual flow. Those who felt this sacrifice

of the shepherd as ‘love’, made great effort to pay the remaining 10% so they could ride well on the spiritual flow and their faith could grow up very well.

### 4 The 2013 Manmin Summer Retreat where the explosive power unfolded

During the Summer Retreat in August, 2013, God the Father wanted to receive the aroma of heart of those who truly love and trust their shepherd as a blazingly strong and thick aroma. This Summer Retreat was like a gift set of assorted spiritual gifts that was filled with wonders and signs.

Let’s talk about wonders first. A nationwide heat wave warning was issued, but moderate temperatures were maintained where the retreat was held. On the first day, shortly after my speech began, large drops of heavy rain started falling. Then, I prayed to the Father God saying, “All the clouds that contain rain, go away! Father! Change them into cloudlessness. And work with stars. Be with us from the beginning till the end. Rain, stop! May the light come! In the name of Jesus Christ, I pray!”

And then the dark clouds, which reached a dozen kilometers in height, were divided as if a hole had developed in the middle. Soon, the rain stopped, and clean and clear sky appeared above. Some members could see shining stars, and some others saw moving stars. Moreover, a gentle breeze blew and dried the clothes which were just a little wet. God drove away insects and bugs so that the place was fine till the end.

On the second day, there were field games. God the Father worked for us with splendid weather, and sent cool breeze from time to time. At the same time, however, heavy rain fell in Seoul and its vicinity. On that single day alone, there were 1,008 lightning strikes recorded in Seoul. It was 22 times more than all the lightning strikes recorded in August 2012.

But God the Father held back the rain clouds while we enjoyed the field games. All the games were supposed to end by 2:30, but they were delayed by more than 30 minutes. So, I spoke to the church members like this when I gave them the closing comments. “This was supposed to end by 2:30, but it was delayed. Now, go back quickly, or you will get rained on.” Then soon, heavy rain began falling. On the first day, there was a work of stopping rain, and on the second day, there was a work of holding back rain.

God the Father made me manifest wonders in a level that was different from the past so that it could become faith to you, and I experienced applying my spiritual training to reality. In addition to this, dragonflies appeared and aurora lights worked so that you could become full of grace and the Spirit.

During the healing prayer after the preaching on the first day, I prayed from the altar, and countless people received healing works. The campfire night turned into a scene of grace of inspiration while singing. They received grace to imprint the hope for New Jerusalem deep into their heart.

### 5 Power-and-strength-anointing prayer

In that week’s Friday All Night Service, God the Father let me give anointing prayer of power and strength to the six people of whole spirit, and 67 people of spirit. As He caused them to come up to the altar, and allowed for me to anoint them in public, God helped the church members become full of a longing heart for spirit.

Matthew 10:1 says, “Jesus summoned His twelve disciples and gave them authority over unclean spirits, to cast them out, and to heal every kind of disease and every kind of sickness.” And His disciples went out and manifested the power to enlarge the kingdom of God. In the very same sense, along with those who were anointed, those who will soon come into spirit and whole spirit will be united as one with me and accomplish the world mission.

To help many of you do this, God the Father will continually create the spiritual flow, and to pay the price for the justice, I will continue the spiritual training. I eagerly hope that you will also ride on the spiritual flow and become the fruit of joy to the Father God.

Dear brothers and sisters in Christ, how much more amazingly will Father God work in the future for us? Indeed, I’m not the only one who does the job, but there are about 70 people who were anointed with strength and power. May you all participate in this providence of God to stand together on the glorious spot in the future, in the name of the Lord, Jesus Christ, I pray!

## The 1<sup>st</sup> Stage of Take-off of Manmin

On October 10, 1982, Manmin Central Church offered the Founding Service with approximately 170 people in attendance under the title "Arise, Shine". It was just 77 days after the church's Opening Service was offered up with 13 people including 4 children under the title of "The Treasure of Treasures Is Faith."

In April, 1987, Senior Pastor Dr. Jaerock Lee's testimonial memoirs *Tasting Eternal Life before Death* was published. In May, *Manmin Joong-ang News* issued the first edition (currently named *Manmin News*). Dr. Lee also started to preach in Revival Meetings in Korea and via local and foreign broadcasting in earnest at this same time.

In July, 1991, United Holiness Church of Jesus Christ, Korea was organized. From that time on, Dr. Lee paid a great contribution to the development of the Korean Christians serving as a leader of many missionary organizations including as the Joint Chairman of the 1992 Holy Spirit World Explosion Crusade, and Administrative Chairman of 1995 Jubilee Crusade marking the 50<sup>th</sup> Anniversary of Korea's Independence. Beginning with the crusade held in Washington, D.C. of USA in August 1993, the church conducted many overseas healing crusades in Los Angeles and Hawaii of the U.S., and in Tanzania, Japan, and Argentina.

After continuing to move to a larger sanctuary due to constant revival, the church moved to its current sanctuary in June, 1996. From December, 1996, it became possible for branch churches in Korea to offer up the service of the central church together simultaneously via the Mugunghwa Satellite.

From July 1998, the church underwent three trials in which the members became more devoted to prayer and overcame them with goodness and faith. The following great and amazing works of God, the church's overseas crusades, and the rapid spiritual flow proved that the trials had been all those of blessings.

First Sanctuary (July 1982-December 1984)

Second Sanctuary (December 1984-March 1987)

Third Sanctuary (March 1987-February 1991)

Fourth Sanctuary (February 1991-June 1996)

Fifth Sanctuary (Since June 1996)

## The 2<sup>nd</sup> Stage of Take-off of Manmin towards All People of All Nations

The work of creation that changed salty seawater into sweet drinkable water unfolded at the Muan Manmin Church, Jeonnam Province (Exodus 15:25). Beginning with the Uganda Holy Gospel Crusade, reported by CNN, our church has been earnestly accomplishing the world mission (Photos 1, 2). After the church held the Nagoya United Miracle Convention in September (Photo 3), the Pakistan United Crusade in October of 2000 allowed for an Islamic country to experience the holiness gospel and the works of power which glorified God greatly (Photo 4).

The Kenya Miracle Healing Crusade 2001 was a crusade where many people were healed of such diseases as AIDS (Photo 6). Jesus Christ was proclaimed in Healing Crusade 2001 in the Philippines, which is a predominantly Catholic country (Photo 7). The Honduras United Crusade 2002 hit like a whirlwind of the Spirit in Latin America (Photo 8). A total of approximately three million people attended the

From July in 2007, the church mission team with Dr. Lee proclaimed that Jesus is our only Savior throughout Israel. Finally, in September 2009, the united crusade was held in the International Convention Center, Jerusalem where Dr. Lee boldly preached about why Jesus is our only Savior (Photo 14).

## The 3<sup>rd</sup> Stage of Take-off of Manmin

In January 2010, God started to lead Manmin members to the way of true blessing—the prosperity of souls. This required a great deal of Senior Pastor Dr. Jaerock Lee's sacrifice and dedication. Beginning with the purification of Performing Arts Committee, all church members swung into the campaigns for spiritual restoration such as the 'New Jerusalem Campaign' of college students. As a result, God gave the members a blessing so that they could make a fresh start in the spiritual flow on December 25, 2010.

In October, 2010, the 'Estonia Miracle Healing Crusade 2010' brought the most people together in the history of Estonian Christianity and they accepted the Lord and glorified God with healing testimonies.

In January, 2011, the biggest Russian-speaking portal site, [www.invictory.org](http://www.invictory.org), and the English website [www.christiantelegraph.com](http://www.christiantelegraph.com) selected Dr. Jaerock Lee as one of the 'Most Influential Christian Leaders of the Year' in both 2009 and 2010. God showed greater power to the church day by day. In the meantime, from May of 2010, God blessed the church to see various shapes of aurora lights so that they could feel the original light of God that emanates from the spiritual realm (Ezekiel 1:27-28; Revelation 4:3).

In 2012, God allowed for the great and amazing power to change men's hearts and let the work of complete turnabout and that of re-creation proclaimed in July during the 30<sup>th</sup> Anniversary of Church Opening Service.

In 2013, God gave the power to change the freewill of men and to let the members undergo the works of salvation, healing, answers, and blessing through the original light and voice. By the help of the Spirit, they could easily get rid of sin and evil that they hadn't been able to cast off with their own strength. And they also became full of hope for New Jerusalem, the best dwelling place in Heaven.

God of love is going to achieve the providence for the end time by allowing us to build the Canaan Sanctuary and the Grand Sanctuary at the most appropriate time so that all people of all nations will receive salvation and meet the Lord who comes back again. With the five-fold gospel—Regeneration, Sanctification, Divine Healing, Resurrection, and Second Coming of the Lord—and the great and amazing power of the Spirit, Senior Pastor Dr. Jaerock Lee of Manmin Central Church and the members will preach about God the Creator and Jesus Christ in every corner of the world and praise His greatness forever and ever.

# The Enchantment in the City of New Jerusalem, Heaven's Most Beautiful Dwelling Place

Celebrating the 31<sup>st</sup> Church Anniversary, some parts of the spellbinding beauty of New Jerusalem is described here with excerpts from the 6<sup>th</sup> chapter of Dr. Jaerock Lee's representative book *Heaven II*. There is also a testimony given here of a visit to New Jerusalem in May, 2013 through the separation of spirit. Glory and thanks be to God who established Manmin Central Church and has given us hope for Heaven!

## Excerpts from Dr. Jaerock Lee's book *Heaven II*

### 1. The Lamb who is the lamp of New Jerusalem

As recorded in Revelation 21:23, John could not find anything that gave out light like the sun or the moon, or any kind of light bulbs in New Jerusalem. This is because Jesus Christ, who is the Lamb, is the lamp lighting the City of New Jerusalem.

Since the first man Adam committed the sin of disobedience, the human race had to fall to the way of death (Romans 6:23). The God of love sent Jesus to this earth to resolve this problem of sin. Jesus, the Son of God who came in flesh to this earth, cleansed our sins by shedding His blood, and became the firstfruit of resurrection by overcoming the power of death. As a result, all those who accept Jesus as their personal Savior receive life and can partake in the resurrection, enjoy eternal life in Heaven, and receive answers to whatever they ask on this earth. Furthermore, God's children can now become the light of the world by living in the light themselves, and give glory to God through Jesus Christ. In other words, as a lamp can give out light, the light of God's glory shines more brightly through the Savior Jesus.

When we look from afar, through the clouds of glory and into the City of New Jerusalem, we can see beautiful buildings made of so many kinds of precious stones and gold. The entire City seems to be alive with the mixture of many kinds of light: the lights coming out from the houses made of precious gemstones; the light of God's glory; and the lights coming out from the walls made of jasper and pure gold in clear and bluish colors.

In the center of the City is God's throne from which the River of the Water of Life originates. Around God's throne are the houses of Elijah, Enoch, Abraham, Moses, Mary Magdalene, and the Virgin Mary, all of whom were loved by God very, very much.

### 2. The castle of the Lord

The castle of the Lord is located on lower right side of God's throne, where God stays for worship services or banquets in the City of New Jerusalem. In the Lord's castle there is a huge building with a golden roof at the center, and around it, spreading out endlessly, are many many kinds of buildings.

In particular, over the golden, dome-shaped roofs are the many crosses of glory that are surrounded by brilliant lights. They remind us of the fact that we received salvation and arrived at Heaven because Jesus had taken the cross.

The large building in the center is a cylinder-shaped structure. It is adorned with many delicately-crafted jewels and beautiful lights shine from each jewel to mix together to make rainbow colors. If we were to compare the Lord's castle to any man-made buildings on the earth, it bears the closest resemblance to the St. Basil's Cathedral in Moscow, Russia. However, the style, materials, and size cannot possibly be compared to the most magnificent building ever designed or built on this earth.

In addition to this building at the center, there are many buildings in the castle of the Lord. God the Father Himself provided these buildings so that those who have close relationships in spirit could stay with their loved ones. The houses of the twelve disciples are lined up facing the castle of the Lord.

The houses of Peter, John, and James, are at the front and other disciples' houses stand behind them. What is special is that there are places for Mary Magdalene and the Virgin Mary to stay in the castle of the Lord. Of course, these places are for the two women to stay temporarily when they are invited by the Lord, and their actual castle-like dwelling places are located close to God's throne.

### 3. The castle of the Holy Spirit

This gigantic castle represents the meek, soft, and mother-like characteristics of the Holy Spirit with many harmonious dome-shaped buildings of varying sizes.

All the castles in New Jerusalem are enormous and magnificent beyond measure, but the castles of the Lord and the Holy Spirit are especially magnificent and beautiful. Their sizes are closer to that of a city than a castle and they are built in a very special style. This is because, unlike other houses built by angels, God the Father Himself built them.

Furthermore, like the castle of the Lord, the houses of those who united with the Holy Spirit and accomplished God's kingdom in the era of the Holy Spirit are also beautifully built and surround the castle of the Holy Spirit. The houses around the castle of the Holy Spirit are decorated with many kinds of precious stones, and there are also many houses still under construction.

Many angels can be seen at work, placing beautiful jewels here and there or clearing the site of the houses. God does not only prepare our heavenly houses, but in order to reward us for having given up and abandoned our worldly pleasures on this earth and devoting ourselves fully to accomplish God's kingdom, He also gives us such beautiful items that we cannot imagine their beauty.

### 4. Forever abiding with the Lord our Groom

In addition to the banquets held by God the Father, there are many kinds of banquets that are continuously held in the City of New Jerusalem. This is because those who live in New Jerusalem can invite brothers and sisters living in other dwelling places of Heaven.

How glorious and happy it would be if you could live in New Jerusalem and be invited by the Lord to share love with Him and attend pleasant banquets! When people in New Jerusalem are invited by the Lord their Groom, they adorn themselves as the most beautiful brides, and with

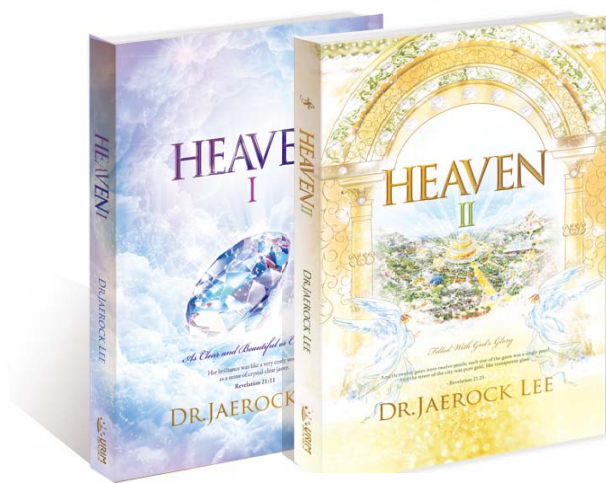

joyful hearts they gather at the Lord's castle.

When these brides of the Lord arrive at His castle, two angels on each side of the shiny main gate politely welcome them. At this time, the fragrance from the walls decorated with many jewels and flowers surrounding their bodies add to their joy.

Upon entering the main gate, the sound of praise that touches the deepest side of their spirits is faintly heard. Then, upon hearing this sound, peace, happiness, and gratitude for God's love overflow their hearts because they know He has led them there. While they are walking on the golden road clear as glass to reach the main building, they are escorted by angels and pass many beautiful buildings and gardens. Until reaching the main building, their hearts throb in hopes of meeting the Lord.

Approaching closer to the main building, they can now see the Lord Himself waiting to receive them. Tears cloud their sight yet they run to the Lord in earnest desire to see Him even a second sooner. The Lord waits for them with His arms wide open, and with His face full of love and meekness, He hugs each of them. The ones who are invited confess their love in His bosom, saying, "I am thankful from the bottom of my heart for Your inviting me!" Then, they walk here and there hand in hand with the Lord like couples deeply in love and, have lovely conversations they longed to have since their time on this earth.

To the right of the main building is a big lake, and the Lord explains in detail His feelings and circumstances of the time of His ministry on the earth. This lake reminds us of the Sea of Galilee.

*Father, Lord, and I. The names of Those whom I miss so much...  
 The more I call Them, the more I want to see Them.  
 The Ones whom I love deep in my heart such that the love pierces my heart...  
 My Father and my Lord... my everything*

Pastor Dongcho Shin's testimony from heavenly travel

I saw two tall archangels. They showed their dignity. Their eyes were like shining jewels. At the moment, I felt I was flying in the sky. I was going to the castle of the shepherd. When I looked down, there was a lush green forest spreading out. I could see a river throughout the forest, which was the River of the Water of Life that flows out from the castle of the shepherd.

From the God's throne, the Water of Life flows down in a stream and many smaller streams come from the big course and spread out to every corner of Heaven.

The River of Water of Life in New Jerusalem flows from the thrones of God the Father and the Lamb. From a point, the streams begin to flow down to lower points. And each stream flows into the mansions in the castle of the shepherd. Just like blood pumps out from the heart, circulates throughout the whole body, and returns to the heart, the River of the Water of Life has its main stream like the artery of our body and many streams of water flow from it and circulate.

The place where I arrived after flying was the top of the main building of the castle. Then, a sparkling thing came to my eyes. As soon as the curiosity about it came to me, its realization came to my heart. In New Jerusalem is the castle of the shepherd, and there are the houses of people who dwell in the castle of the shepherd. The dwelling places were quite far from me and I could not see the outline of the houses. In my eyes, they were like twinkling stars. But each light, its shape, and the fragrance were all different. Just by looking at the light, we can figure out whose house it is.

I saw the rear part of the castle of the shepherd. Behind the castle was the sea. Over the sea was God's domain. The light from the area was inexpressible. The city of New Jerusalem is the territory of light, so all the lights are inexpressibly gorgeous such that we can't express them in terms of any kind of lighting system or light on the earth. But the light from God the Father's domain was bright beyond imagination and the shape can't be described. The closer I approached to the throne of God, the whiter, brighter, and more mysteriously the light was sparkling. It was too brilliant for the sea to be visible.

Then, I landed on the golden ground of the castle of the shepherd. A building

came into my view and it was made of white marble-like materials. It was white but it was a jewel itself. It looked transparent at a glance, and the white light emanated from the building.

To enter the building, I had to walk up around three stairs. Right then, I saw the cloth at the edge of my gown. It was white and it was a little transparent like wings of dragonflies. It was the linen garment that sways in the wind and was like the ruffled skirt. I walked up the stairs and then entered the building unnoticed.

The outside and inside of the building are made of the same material. There was no furniture and no ornamentation. The floor and ceiling and the four walls are made of a white and transparent material. For a moment I thought, 'Where am I?' the explanation came to my heart again. It will be the place of remembering the cultivation on the earth when the church members visit the castle of the shepherd in New Jerusalem.

The next building was too big to see it all with a single look. I saw a gigantic gate and a doorknob. The doorknob was two-connected rings like a golden chain. A ring symbolizes 'trust'. The ring-shaped doorknob signifies that only those who have established the trust relationship with the shepherd will be able to enter the building.

The last building that I saw was the main building of the castle of the shepherd. When I entered it, I could see a senior deaconess who had been with us in our church. She looked good, gentle, calm, and graceful when she was alive on the earth. But her face there was a lot more elegant, beautiful, and innocent than when she lived on the earth. So much so that her face on the earth couldn't compare at all with the face I saw.

I took an escalator to the second floor of the main building. When I got there, I felt the bright light coming to my eyes just like the bright lighting system is turned on before my eyes. It told me that the brightness of the light on the first floor and on the second floor is different even in the same building in the shepherd's castle.

I saw the two crowns on the second floor. The first crown has five fine-looking leaves surrounding it. The leaf in the middle was taller than others and the rest four are on a level. The crown is a reward given for widely spreading the fivefold gospel of holiness. For example, Dr. Jaerock Lee has accomplished the global parish with the fivefold gospel on the earth and he has led many people to the way of salvation. The crown is a reward for him doing such things. The crown is prepared not just for Dr. Lee but also for all those who make contributions in spreading the fivefold gospel of holiness to the whole earth.

The middle part of the second crown stands high like a mountain peak. Its end is split into three. On the peak-like part is a red gemstone. And realization came to me that there are two other crowns that look the same but have different colored-jewels. It came over to me that there are the same-looking crowns with a white gemstone and a golden gemstone. I could see that the crowns are related to God the Trinity.

While I was looking at them, Dr. Lee laid his hand on me and said, "Spirit, come back!" My spirit returned instantly and I opened my eyes. I was in the main sanctuary of my church. In the split of a moment of my returning, I eagerly desired to see God the Father. However, I hadn't done things necessary to meet with the justice that enables me to see the Father. I was also not in the situation where it was possible to see Him. So, in parting I just said, "Father, I will be back for sure" and returned and gave my testimony to people in the sanctuary.

# Fruits Borne through the Church's Relief and Ministry

## “Israel is experiencing revival in the love and encouragement of Dr. Jaerock Lee”

Pastor Shlomy Abramov (Crown of Jewels Church, Rishon Le Zion, Israel)

I give my heartfelt thanks to Dr. Jaerock Lee who has led Israel to the great blessing of God by spreading the holiness gospel throughout every corner of Israel for three years beginning in 2007 and conducting Israel United Crusade 2009. His ministry awakened Messianic Jews in Israel, so the churches have been revived. Crystal Forum (Israeli Pastors' Association) was organized and is now actively conducting its ministry. It could only have been done through Dr. Lee's unsparing support and love.

Many other pastors from all over the world visited Israel, but there has been no one like Dr. Lee who loves Israel with the heart. I could feel that God sent for us, God's Elect, Israel.

Moreover, my wife was healed of pneumonia by his prayer. My wife was supposed to have an urgent operation for cholecystitis, but she was healed by prayer transcending space and time from Dr. Lee. My mother was in a nursing house and could not walk because she had fallen and was injured. But she came to walk after spraying Muan Sweet Water (Exodus 15:25).

Dr. Lee is our father and our best friend. He understands Israel better than anybody else and helps us to find the way of salvation. I give thanks to Dr. Lee who has achieved God's providence with unchanging love towards Israel. I also extend heartfelt thanks to Manmin members who always pray for us.

## “I will repay His grace for raising me with love”

Brother Dongho Kim (4<sup>th</sup> Young Adults' Mission)

I studied cartoons in a university and now I am teaching students in an art academy. I came to enjoy this kind of stable and blessed life, which is all in the grace of the Lord. When I was a fifth grader my family and I had a hard time when my father's business went bankrupt.

In October 1996, all family members registered in Manmin Central Church. I received a scholarship from the church from middle school until graduation from college. It was all a result of Dr. Jaerock Lee's consideration of students in need because he wanted to encourage us. I knew that he did not spare anything for the church members, but it was not until I became a sophomore after being discharged from the army that I realized his love.

My Christian life was changed greatly. Before graduation from college, I shed a lot of tears with thanks due to the fact that I could become a member of our society without shame. Now I want to use my ability to draw cartoons for the kingdom of God. I want to be an internationally-recognized illustrator, through which I want to spread the love of the Lord and the gospel. I give all thanks and glory to God who has raised me with love.

## “My life was struck with harsh reality, but now it is full of happiness”

Deaconess Sungae Oh (1-1 Parish)

I was born into a Christian family and I worked as a teacher in Sunday School and sang in the choir before marriage. However, I married an unbeliever and I stopped going to church. My husband worked in his own business related to trade, but he collapsed due to a stroke and passed away a month later. He even left a great amount of debt and it caused me a great trouble such as creditors' demands for the debts. In the end, I gave all his possessions including his business and apartment to the creditors' group. I did not want to burden my children who had already moved out. So I broke off all contact and just wandered around the whole country.

The series of such incidents shocked me so harshly. Because of it all my mouth was closed. I couldn't even think of words and talk to people except for very basic sentences. Six months after that, I visited my youngest daughter. Her situation wouldn't allow for us to live together so she provided me with a small room to live in and it was located in Garibong-dong in Guro-gu, Seoul.

I had thought about going to church again, so the following day I just went out to go

to church and the church I found was Manmin Central Church. As soon as I went into the church, I became at peace and tears welled up and fell down my face. I heard Senior Pastor Dr. Jaerock Lee's

messages. Listening to the Word of God gave me comfort and hope, and my heart that was once quite dark became bright.

My Parish Pastor knew my difficulty and helped me receive the blessing of church charity. I was ashamed and sorry, but it was great strength to me since I had nothing and no one to rely on. My youngest daughter paid the rent and I could afford to buy food with the relief from the church. It stabilized my life. Also, the cell members took care of me with consideration and my heart became warm. Even though I am now 80 years old, I am leading a healthy and happy Christian life. I give thanks and glory to God the Father and the Lord, and I extend heartfelt thanks to Senior Pastor.
