NO. 369 JANUARY 12, 2014

2014, Year of Blessings Given by God of Love and Glory

2014 New Year's Service was offered up from 11 P.M. on December 31 in 2013 to 4 A.M. on January 1 in 2014. Manmin members in and out of Korea joined in sanctuaries or via GCN. During the first part, Senior Pastor Dr. Jaerock Lee preached the message on "Ministry" which is one of the church's 2014 four visions taken from Acts 19:12. He prayed for the church's prayer titles and the members' prayer titles in the second part. In the third part, they praised and prayed with the church's visions in their hearts in faith.

2014 Church's Four Visions Proclaimed by Senior Pastor Dr. Jaerock Lee

With 2014 New Year Service ahead, Senior Pastor Dr. Jaerock Lee proclaimed the church's four visions 2014 during the Annual General Assembly on December 29 in 2013. The first one is "I Will Do It" based on John 14:13-14; the second, "Ministry" on Acts 19:12; the third, "Shining Sanctuary" on Revelation 21:2; and the fourth, "Work of Re-creation" on Genesis 1:3.

Firstly, "I Will Do It" means that the

providence for the end time will be accomplished through the power of the shepherd in the God-given grand project. It is for the providences of human cultivation for Manmin, the providence for the Korean churches and the providence for all people of all nations for which the church has been praying.

Secondly, "Ministry" signifies that the power of the shepherd will become greater day by day and the work manifested through the handkerchief will also be greater. It also implies that the handkerchief healing meetings will be held in every corner of the world through the cooperation of the approximately 10,000 branch and associate churches world-wide. The fruit will be too great to express and

the world parish will also be achieved quickly.

Thirdly, "Shining Sanctuary" shows that the church members will increase their faith and comprehensive blessing will be given to them. God Himself will guide them to build the beautiful Canaan Sanctuary 'flowing with milk and honey'.

Fourthly, "Work of Re-creation" refers to the works of renewing the heavens and the earth and all things in them that God created with His Word by issuing forth the original voice. In 2014, the work of re-creation will be unfolded in full swing and the work of total reversal will happen. The fruit of the original voice will be revealed more greatly.

Manmin Central Church has spread the holiness gospel to all people of all

nations for the last 32 years; shown countless signs and wonders; and demonstrated the great and amazing power of God. Above all, Dr. Lee's love sacrificing his life has changed the hearts of the members, let them grow up in spirit, and led innumerable souls to the arms of the Lord.

Dr. Jaerock Lee issued forth the original voice in the New Year's Service and prayed for the church's four visions and the members' prayer titles so that they will receive answers to their prayers. In particular, he prayed to meet and have fellowship with kings of nations, and for thousands of members to stand on the rock of faith and hundreds of members to come into spirit, and for North Korea to open the door to the international community.

Ministry

“...handkerchiefs or aprons were even carried from his [Apostle Paul’s] body to the sick, and the diseases left them and the evil spirits went out” (Acts 19:12).

Senior Pastor Dr. Jaerock Lee

When Apostle Paul performed his ministry in the New Testament time, handkerchiefs or aprons were even carried from his body to the sick, and the diseases left them and the evil spirits went out. Such amazing powerful works have occurred in Manmin Central Church today. Through the handkerchiefs on which I have prayed, various kinds of terminal and incurable diseases have been healed and demons have gone out. And those who followed other religions have converted to Christianity.

In 2014, the power of the shepherd will be greater and the work of the handkerchief will be unfolded amazingly. Through the power of handkerchiefs the ministry will be more active in every corner of the world including the approximately 10,000 branch and associate churches and we will push ahead with the global parish. At this end time, I hope you will become joy to God the Father by performing the ministry of Manmin that is advancing in saving countless souls all over the world.

1. The ministry that God wants and is pleased with

In a spiritual sense, the term ‘ministry’ is accomplishing the works of the kingdom of God within God’s will, His providence and according to His ways and plans. The important thing is that one must do it with the heart of volition.

If you look back on the ministry of Manmin for the last 32 years, you can understand what the true spiritual ministry is. From the beginning, this church has obeyed only God’s will and providence with a God-given dream and vision. This

church has never used man’s ways; it has depended only on God.

And, it hasn’t done it involving force or coercion. Even when things were lonely and dreary in reality, the church only rejoiced by faith and gave thanks. Moreover, I’ve accomplished the works one by one only seeking after the heart of the Father. As I did so, God the Father made Manmin a church outstanding in the whole world.

However, it was not the end of the will and providence of God the Father. He had an even greater plan that we could never possibly have imagined. To accomplish that plan God needed countless spiritual warriors who could participate in a grand ministry. To participate in the ministry that God the Father desires, a person must understand God’s will and providence, they must seek after God’s heart, and they must volunteer and obey in accordance with only the ways of God.

The fact is that, without being at a level of faith in spirit, one cannot perfectly accomplish the amazing will and providence that God has for this end time. Hence, 32 years ago the omniscient God who foreknows everything met me first and made me start this Manmin Church. Over those years God has led countless people to this church and refined them.

2. The providence of the world parish being accomplished with the Word and the power

Now, what is the providence that God the Father desires to accomplish through this church and you in this end time? There are countless souls on this earth and this providence of accomplishing the world mission is to save just one more soul and help each of them to stand in the line of salvation.

For this, you need powerful weapons and they are the ‘Word,’ and the ‘Power’ in a spiritual sense. When it is difficult to find light in the world as sin and evil are rampant, you need the word of holiness that will shine in the world, and you also need the amazing power that will confirm the word. It is just as Mark 16:20 says, “...and they went out and preached everywhere, while the Lord worked with them, and confirmed the word by the signs that followed.”

Today, people don’t want to believe in God, and even try to deny God. Salvation of those souls cannot be done with just words. You need the Word whose spiritual

authority can penetrate their spirit and soul, their joints and marrow. You also need the Word that can explain the limitless spiritual realm as if they could reach out and touch it.

In addition, you need to show the evidences that can prove the Word and demonstrate that God is alive and at work still today. The evidence is the ‘Power.’ It is not just a form of ordinary power. It must be the power which no one can deny and a power before which they cannot but kneel down before its work. You need to have this earth-shattering power.

3. The ministry manifested by spiritual warriors with the handkerchief of power

1 Corinthians 4:20 says, “For the kingdom of God does not consist in words but in power.” The power in this verse refers to the spiritual power. It is the power that God gives from above. However, you can’t receive this power as you would acquire fleshly authority, knowledge, or understanding. You cannot purchase it with any amount of money. This power can be received from God the Father to the same extent that you resemble God the Father. It is the sanctification you have achieved and whether you’ve come into spirit and whole spirit.

That’s why God the Father chose this church and its members who could receive this power to accomplish His kingdom, and He has prepared its members for the last 32 years. In particular, during the last 3 years He compelled the church to be prepared, and took the lead in the rapid flow of spirit.

Since He needed sanctified children, and since He needed spiritual warriors who came into spirit and whole spirit, He strongly urged Manmin members to rigorously pull out the original roots, their sinful attributes even in a pain-staking way from time to time. Even in doing so, He knew that they would surely overcome the processes and procedures with faith and love, and eventually come into the rock of faith, spirit, and whole spirit. As a result, I can see the amazing fruit of spirit who are being borne that I could never imagine possible a few years ago.

God wants the power that He gave to me to be manifested in the whole world by the spiritual warriors who became sanctified and came into spirit and whole spirit. As these warriors are armed with the gospel of holiness and go out with the handkerchief of power, what nation

or people could do anything less than kneel down before the works manifested through them? They revived not only dying people, but also the dying animals or plants. Most bacterial and viral diseases can be healed and cleansed when our workers pray with the handkerchief.

However, most of the members are not using even 20% or even 10% of the actual power that is in the handkerchief. It is because they haven’t come into spirit yet. Once a person comes into spirit, the level of utilizing the power in the handkerchief becomes incredibly higher compared to when that person was in flesh.

4. The differences in the works of power that occur depend on how much one trusts in the shepherd

This power is given to me by God the Father. I put the power into the handkerchief as I prayed on it, and our church members withdraw the power from it and use it. The works of power manifested through the handkerchief will be different depending on how much they trust in the shepherd who put the power into the handkerchief.

Those who are above spirit are recognized for their trust in the shepherd by God the Father. On the other hand, as long as one stays in the flesh, even if he says he loves and trusts the shepherd with his lips, it is not fully recognized by God. Satan can still, and will accuse people as long as flesh remains in them. There is a limit to the power a person can utilize that is in the handkerchief as long as flesh remains. As you are bound to the shepherd as one in truth, the power given to the shepherd can bear much fruit through you.

Therefore, God the Father has been strengthening the trust relationship between the church members and their shepherd for 32 years; particularly during the last 3 years. He has worked so that they could believe and trust in the shepherd, pass through the rock of faith, and come into spirit and whole spirit. Since you are prepared now, from Year 2014, you will unfold the ‘Ministry’ together with me to accomplish the providence that God gave to this church.

Dear brothers and sisters in Christ, I urge not only those who go out with handkerchief but also those at home or work, or in business to participate into this ministry of power. May the glory that shines forth as the sun be with you, in the name of our precious Lord, Jesus Christ, I pray!

“God said, ‘Let there be light’”

Genesis chapter 1 describes God's creation of the heavens and the earth. Genesis 1:3-4 says, “Then God said, ‘Let there be light’; and there was light. God saw that the light was good; and God separated the light from the darkness.”

What kind of light was this light? Since there was no sun yet at that time, it must not have been sunlight. Then, what was this light? And why did God say ‘Let there be light’ first?

The light created on the first day of creation is ‘the original light of creation’.

As John 1:1 says, “In the beginning was the Word, and the Word was with God, and the Word was God,” God existed in the form of Word and Light (1 John 1:5). The God who was Light that contained the sound is God the Origin. The light and the sound that have the power and authority of God are respectively ‘Original Light’ and ‘Original Voice’.

God the Origin planned human cultivation and started existence in the form of God the Father, God the Son, and God the Holy Spirit. Then God divided the original space where He existed in light and voice into a spiritual realm and a fleshly realm.

God the Trinity created the earth in the fleshly

realm and began the Creation as the time came. On the first day, He said, “Let there be light”. Then, the original light surrounded a certain fleshly place to which the earth belonged. “The certain fleshly place” here refers to the earth, the solar system and the galaxy as the six days of Creation took place.

The main work of the original light that surrounded the certain fleshly space was “the creation,” and thus it is also called “the original light of creation.” At the beginning of the Creation, He surrounded the earth with the original light of creation and He roared the original voice of creation every day, and created all things in the universe one by one.

By the way, why did God surround the fleshly space with the original light of creation on the first day of Creation?

First of all, it was to manifest the works of creation in the spiritual time flow by covering the fleshly space with the spiritual space.

The fleshly world rode on the fleshly time flow from the first day of creation. The concept of a 24 hour day of today began at this time. To manifest the works of creation in such a fleshly space, God made the original light surround the fleshly space so that it could be covered with spiritual space. The spiritual time flow is much faster than the fleshly time flow. Works that could have taken tens of or hundreds of years in a sense of fleshly time could be finished just in a day in the spiritual space.

In addition, something can be created from nothing in the original light of creation. In a space which is covered with the original light, the spiritual law dictates. Whatever God harbors in His heart will be done. Something can be created from nothing, and a certain substance can be transformed into solid, liquid, or gas. When this fleshly space is surrounded by the original light, and covered with the spiritual space, things should be done according to the spiritual law.

Take for example a cancerous growth instantly disappeared after prayer. Or, if a person's appendix burst and became peritonitis, but the pain was gone and the person felt normal right after receiving prayer. According to fleshly law, cancer should be removed through an operation. However, when a man who is guaranteed by God with God's power prays according to justice, God covers the man with the spiritual space. The same applies to all the healing works. Broken bones re-combine, dead nerves revive, degenerated organ tissue becomes normal, and the list goes on. In each case the original light surrounds the part, and a spiritual space is formed, and inside the space, the work of re-creation takes place.

The second point; when God surrounded the fleshly space with the original light, the order and principles were established in the fleshly space.

For example, a rule was set up like “The earth shall rotate once a day, and revolve around the sun once a year.” Not only do the planets of the solar system but also the countless stars move in a certain orbit at their own proper speed. Even though there are countless stars in the sky, they don't operate in a disorderly and haphazard fashion. They all operate according to their own order and principles. Water freezes at 0 degree in Celsius, flows as liquid above 0° and boils and becomes vapor at 100°. The order of seasons is spring, summer, fall, and winter.

All these principles that are necessary in the fleshly space were set up on the first day. In this way, God established order and principles for the creatures that He would create soon in the original light of creation on the first day (Job 38:5).

Thirdly, His power and divine nature were put into all the creatures.

God's power can revive the dead and causes life to grow well. When you sow a seed in the ground, it sprouts and grows up. According to the law of nature, to make a seed sprout, it needs proper ground, water, and sunlight. Since God's power and His divine nature is put into the ground, water, sunlight, and all the creatures, a form of life can sprout.

The original light of creation that surrounds the fleshly space became dimmer and dimmer as this world was becoming increasingly stained by sin. Eventually it was lifted at the time of Noah's Flood. However, the light that was put into all creatures still remains, and it works as fundamental energy that holds and sustains all living things.

“Blessed shall you be when you come in and when you go out” God made me receive such a blessing!

I was healed of pollution disease by my senior pastor Dr. Jaerock Lee's prayer

In 1991, when I was in my early thirties, pollution disease (cerebrospinal neuritis, chronic fatigue syndrome) overtook me. I tried to recover from it for several years and the condition just got worse. In 1996 I took leave from work in the Fair Trade Commission and I struggled with the disease. I spent my days in desperation.

One day, I happened to read *Manmin News* the church newspaper left at the door and felt amazed by the testimony of a believer who had been healed of terminal cancer. Sometime later, I also saw Dr. Jaerock Lee's book *Tasting Eternal Life before Death* at Jongro Bookstore. I bought it and read it with tears in my eyes all night. I came to have hope that I could be healed of my disease. On June 22, 1997, I registered in Manmin Central Church with my family.

I became acquainted with Dr. Lee's message explaining that diseases came from sins and learned that we have to repent and live by the Word of God in the Bible to get healed. From then, I started to make an effort to obey the Word in the Bible and Dr. Lee's teachings and then I received his prayer. As a result, I was completely healed of pollution disease and I have been living a healthy life now for 17 years.

I achieved the heart of spirit while trying to live by the Word of God

With a grateful heart to God for healing my disease, I talked about God the Healer to my family, relatives, and friends. More than 70 family members and relatives registered in Manmin and they are leading an earnest Christian life. How thankful it is!

Senior Pastor Dr. Jaerock Lee clearly taught the will of God the Father through his messages. He kept teaching us that the ultimate purpose to lead a Christian life is not just reaching salvation, but to become God's true children. That is, we must become sanctified and holy people who are proper in the will of God.

I realized that the thing God really wants us to be is His true children who have no sinful natures and are not committing sins in action. Thus, I endeavored to become sanctified to repay the grace and led my family and relatives to the way of salvation. I tried my best to obey the Words telling us to do, not to do, to keep, and to do something.

On December 25 in 2011, I ended up achieving the heart of spirit appropriate in the will of God with the power of Dr. Lee's intercession for believers. I have been happy with peace and joy feeling Heaven in my heart.

Showing an exemplary Christian life and fulfilling many duties

I began organizing study groups for sanctification because I wanted the members of Sub-district Leaders Association and Finance Department to feel true happiness in their Christian lives as the leaders.

Elder Hongki Park
(1-4 Parish,
Advisor of Lee & Ko Law Firm)

“I preached about God the Healer with a grateful heart for healing me of pollution disease

...
And through that, more than 70 family members and relatives were evangelized and I achieved the heart of spirit and worked faithfully and God has led me to the way of blessings all the time.”

For the eight months from November in 2012 to June in 2013, I gathered with around 40 sub-district male leaders every Sunday. We studied the Bible from 8:30 A.M. to 9:30 A.M. Soon approximately 200 people including the members of Finance Department and other church members who also longed to attend, studied the Bible and prayed from 7:20 P.M. to 8:20 P.M. on Sundays from April to November 2013. Their fervor and efforts for sanctification resulted in many of them standing on the rock of faith and a few coming into spirit.

It increased love for souls while visiting workers' homes and meeting them. Also, I was invited to the lecture at the Levite workers' (church's full time workers) meetings, the Cell Group Service for Men's Mission, and many missions. I preached the message in the meetings. God gave me grace and strength so that I could fulfill many duties diligently.

On June 27 in 2013, I was also selected as Vice Chairman of United Holiness Church of Jesus Christ and came to devote myself to the kingdom of God. On December 29, I also received the Certificate of Merit during the Annual General Assembly of the church. God gave me great blessing both in spirit and body seeing me try to work for the kingdom of God and become sanctified.

Blessings overflowed in my family, workplace, and health

Moreover, God has protected me to stay healthy so that I have not gone to hospital since I registered in Manmin Central Church. In 2011, I had eyesight 0.9/0.9, but I gained better eyesight 1.2/1.2 in 2013.

I also went back to work after being healed of pollution disease. I tried my best to work earnestly, and was selected as an exemplary civil servant in the Board of Audit and Inspection. Since 2010, in the blessing of God, I have worked at Lee & Ko which is a large law firm.

The Mergers and Acquisitions (M&A) Practice Group of Lee & Ko is recognized as having one of Asia's finest M&A practice handling the most renown high-end deals ensuring its position as the undisputed market leader in Korea and throughout Asia. And God has blessed me to bear prosperous fruit in the fair trade case of which I am in charge.

My family is leading a diligent Christian life towards New Jerusalem. My wife Senior Deaconess Mihyung Cho is working as a district leader in the 4th parish and a secretary of Women's District Leaders' Association for the church's revival. My son Brother Jongseok Park, who is a senior studying sociology in Korea University, strives to concentrate on his study to be used for the kingdom of God. My daughter Sister Sunyoung Park graduated from her university studies in August 2013, and she got a job with an outstanding company through open recruitment 2013. Now she is trying to become a more skillful worker.

We give all thanks and glory to God. I once had no hope due to the painful diseases, but God let me receive overflowing blessings both in spirit and body.
