## “I have a healthy baby by the grace of God”

### Babies diagnosed before birth with Down syndrome were born as normal by Dr. Jaerock Lee's prayer

Deaconess Sungjin Yun, aged 38, increased her faith when she delivered a healthy child by God's work in November 2013. When she was in the fifth month of pregnancy, the Quad Screen Test (identifying pregnancies at risk of carrying a baby with genetic disorder) revealed that her baby had a high risk for Down syndrome. However, she received Senior Pastor Dr. Jaerock Lee's prayer and delivered a healthy child (more on page 4).

No matter how fearless one is, if she has a baby diagnosed with Down syndrome before birth, she must feel hopeless. Down syndrome (DS), or Down's syndrome, is a genetic disorder caused by the presence of all or part of a third copy of chromosome 21. It is typically associated with physical growth delays, a particular set of facial characteristics and a severe degree of intellectual disability. Most people with Down syndrome live with the abnormalities.

However, in Manmin Central Church, a great number of people have experienced that their babies diagnosed with a high risk for Down syndrome during pregnancy were healed through Dr. Jaerock Lee's prayer since 1982 the opening year of the church till now.

In her fourth month of pregnancy 16 years ago, in her old age, Senior Deaconess Heeyoung Yang, aged 56 (Photo 4), heard that her baby was suspected of having Down syndrome. But she did not worry at all. This was because her husband Deacon Hyungju Park had been healed of backaches that had troubled him for 10 years and she was healed of vocal cord nodules by the power of God. They went to Dr. Jaerock Lee and received his prayer with faith. Then, she delivered a healthy boy. The high risk for Down syndrome was again identified in her second baby when she was three months into her pregnancy, but once again, she delivered a normal son after receiving Dr. Lee's prayer. She and her husband have taught their children not to forget the grace of God by which they were born and the two children have grown up well. They gave thanks to the Lord.

A number of testimonies have been sent by those who were protected against pregnancy risks leading to fetal deformities through Dr. Lee's space-and-time-transcending prayer. Deaconess Eunjin Park aged 35 in Calgary Manmin Church (Photo 5) had an ultrasound during the pregnancy of her first child in 2008. Her doctor recommended for her to have more tests, so she had more than 10 tests in several hospitals. She learned that her baby had a spot or a hole in her heart, her kidney hadn't grown properly, and chances were high that the baby would have Down syndrome. She had nothing she could do but just offer tearful prayers to God with her husband Deacon Juncheol Kwon. It was not until they asked Dr. Jaerock Lee to pray for them and received his prayer that they became assured of having a

normal child. And peace came upon them. Four months later, she delivered a healthy baby who weighed 3.6kg and is now growing well.

In addition to them, there are many people whose babies, though diagnosed as having danger of being born with Down syndrome, were born completely normal through Dr. Lee's prayer including Deaconesses Hyesuk Kim (Photo 1), Kyuhee Yim (Photo 2), Hyunhee Kim (Photo 3), Aemi Song, Sundeok Kim, Junghee Kim, Myungsuk Yu, Songhee Shin, Jaesuk Choi, Jinhjung Cho, Yunhee Kim, Sungsook Lee, Ohrye Park, and Hyojung Kim, Senior Deaconess Suhee Yim, and Sister Miyoung Kim.

Dr. Gilbert Chae, President of WCDN (World Christian Doctors Network) commented on those testimonies, "A sperm or egg cell (gamete) is produced with an extra copy of chromosome 21; this cell thus has 24 chromosomes,

which causes Down syndrome. The embryonic cell becomes a fetus through cell division, and the embryo has 47 chromosomes, with three copies of chromosome 21. In other words, trillions of cells of the embryo have three copies of chromosome 21 each. Even with modern medicine, it is impossible to change such a large number of cells into normal cells with normal chromosome configuration. I am thrilled just to think about Dr. Jaerock Lee's power of re-

creation that removes each extra copy of chromosome from trillions of cells in a short moment."

Down syndrome is mostly caused when ancestors or parents committed sins leading to death such as serious idol-worshipping or blaspheming, opposing, or disgracing the Spirit (Ref: 1 John 5:16). Thus, if the parents repent of the sins before birth and receive the prayer of the power of re-creation, it is possible to heal it because the fetus themselves had not committed any sins. The God of love desires to give good things to His children all the time. To receive answers from Him, people need to show a minimal level of actions in faith. Those are to keep whole Sabbath holy, give whole tithes, and live by the Word of God.

Deaconess Eunjin Park and her husband in Canada visited Korea to express their thankful hearts to Dr. Jaerock Lee when their daughter Yeji was three months old. Yeji, who had burst into tears before strangers, smiled sweetly seeing Dr. Lee. She is now six years old (The photo below)

# Work of Re-creation

“Then God said, ‘Let there be light’; and there was light” (Genesis 1:3).

Senior Pastor Dr. Jaerock Lee

‘Power’ is the love of God for mankind. As we read through the Bible, God has given countless souls faith in God the Creator and the Savior Jesus through the powerful works of God. Especially at this end time, with His power, God will open the way of salvation widely for numerous souls.

In Manmin Central Church, the works of re-creation God allowed have been manifested since its opening. In 2014, the works of re-creation will unfold in more earnest through the power of the shepherd. Then, what are the works of re-creation, and what kinds of works will be shown in detail?

## 1. What is the work of re-creation?

Works of re-creation are to change or renew something that has been already created. Of course, all the works are only possible within the boundary of the justice and rules of God’s kingdom.

God the Creator created the whole world and let the world operate within a specific set of rules and orders. Everything of the world is run by these rules and order, namely, the “justice.” But we have been witnessing many things that seemed to be beyond these rules and established order.

For example, dead nerves or cells of men cannot be revived. Also, the cycle of the sun and the moon’s rotation cannot be changed. But Jesus revived Lazarus, who had been dead for four days and Joshua stopped the sun and the moon in the sky by the power of God. Such things are the works of re-creation.

These works look like they supersede the rules and the orders of creation

of this world as we understand them. Basically, these occurrences are impossible things that we cannot understand with our knowledge. But we believe because we have experienced such works firsthand in our lives.

Every year, the dragonflies appear earlier than the normal time of the year, and they eat up the harmful insects around the summer retreat locations. Dragonflies land and sit on the body parts of Manmin members. Also, many of them have experienced their dead nerves being revived, so their sensation in their limbs came back and their paralysis was loosened. A hole opened in the thick dark clouds that covered our retreat location and poured down rain. It formed immediately and only in the sky directly above our retreat location upon my prayer, and the rain stopped.

God of love has shown us such works of re-creation since the opening of this church. But in recent years, the dimension of them has dramatically changed. It was since the time when God began to show the original light that we usually call the ‘aurora lights’. After the original light, as the original voice was sounded forth in full scale, the works of re-creation have become even more amazing.

The ‘light’ written in Genesis 1:3 is the original light. And the voice saying, ‘Let there be light’ is the original voice. God originally existed all throughout the universe as the light containing voice. God created heavens and earth with this original light and voice.

Many people feel curious about how God created the heavens and the earth and all things in them. In our church, they can see countless occurrences of such works of God.

For instance, some married couples heard during pregnancy that their babies would be daughters through several tests. But they wanted sons so I prayed for them with the power of re-creation. Even though they were in the seventh or eighth month of pregnancy, their female fetus changed into a male fetus. Also, when some members came to know that they were carrying babies with Down syndrome, they received my prayer and they delivered healthy children. It is the work of re-creation. This kind of work has continually occurred for the last 32 years.

God has trained me to increase the

level of the power, even to the level where I can show the work of re-creation with the original light and voice. As the original voice can be sounded forth more perfectly, even more amazing works of re-creation will take place.

## 2. The highest level of works of re-creation is to revive a dead spirit

The highest level of works of re-creation is to revive a dead spirit. The first man Adam committed sin, and because of that his spirit died. It refers to a state where the spirit is completely inactive, thereby being unable to communicate with God. But this dead spirit can be revived if we accept the Lord as our Savior and receive the Holy Spirit.

As said, all sinners had to necessarily die as written in Genesis 2:17 and Romans 6:23. But because sinless Jesus died for us, a way was opened for us to live again. Because Jesus paid the penalty of sin on the cross in our place, we can live again if we accept Him as our Savior. But in this end time, it is very difficult for the people to accept the Lord as their personal Savior.

That is to say, the work of reviving a dead spirit has become quite rare. It’s because the world has become so full of sins and evil. Since the spirit of man is ‘dead’, the soul is playing the role of the master, and this soul is controlled by the enemy devil and Satan. And even those who had their spirits just barely revived, frequently corrupt again. It’s because of the sins they commit willfully as in Hebrews chapters 6 and 10, and the blaspheming against the Holy Spirit as in Matthew chapter 12. Such people do not even have a guilty conscience for their consciences have been seared as with a hot iron and they cannot hear the voice of the Holy Spirit.

How can we save those people whose spirits were dead in that way? The Bible also tells us not to ask for the forgiveness of such people. It says that there is no forgiveness for the sins leading to death. This is the rule that God made in the beginning. The heart of God wants to find a way to save even those children who have received the verdict of Hell and are destined to die. So, He showed His love that goes beyond justice. To revive a dead spirit is the work of highest level among the

works of re-creation.

This, of course, is also for those who have not been saved yet, namely, those who have not accepted the Lord for their soul and body are seriously stained by sins. Through this grace, many dying souls all over the world are accepting the Lord.

Now, how can such works of re-creation take place, even though it seems that the works go against the rules of nature? Jesus reviving the dead Lazarus was in accordance with justice. It is impossible for a dead and decaying body to come back to life on this earth. But it is possible in a spiritual space which is in a higher dimension than this physical world.

Jesus is the Creator. This Jesus was born on this earth in the form of a human body and He sacrificed Himself completely for all mankind. Also, He did everything only for the glory of God and only according to the will of God. As this Jesus commanded it, the original voice was sounded and the original light covered the body of the dead man, Lazarus. It was in this way that Lazarus was brought back to life. This was a work of re-creation which was perfectly in accordance with justice.

At this end time full of sin and evil, God also allowed for us such works of re-creation. It’s because He loves mankind so much. Of course, until He could do that, He had to make you and me fill up the measure of justice. Namely, He made me pay the price of tremendous sacrifice. The works of re-creation taking place through this power will also be tremendous.

Ezekiel 37:5-6 says, “Thus says the LORD God to these bones, ‘Behold, I will cause breath to enter you that you may come to life. I will put sinews on you, make flesh grow back on you, cover you with skin and put breath in you that you may come alive; and you will know that I am the LORD.’” The dry bones, namely the dead spirits of those who did not accept the Lord, will be revived.

Dear brothers and sisters in Christ, the greater sign than showing extraordinary things is the sign of love. It is love that can revive and change a soul. I pray in the name of the Lord that all of you will come forth as apostles of love who will show the works of re-creation together.

# Love for the World

## The lust of the flesh, the lust of the eyes, the boastful pride of life

After God created the heavens and the earth and all things in them and made Adam and Eve, He blessed them to be fruitful and multiply, and fill the earth, and subdue it; and rule over the fish of the sea and over the birds of the sky and over every living thing that moves on the earth. After a long period of time, Adam and Eve fell in the temptation of a crafty serpent and committed the sin of disobedience by eating from the tree of the knowledge of good and evil. As a result, their spirits died and their communication with God was severed. The authority to rule over the earth was handed over to the enemy devil and Satan.

The reason  
we have to  
cast off love  
for the world

1 John 2:15-16 says, "Do not love the world nor the things in the world. If anyone loves the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh and the lust of the eyes and the boastful pride of life, is not from the Father, but is from the world." If we love the world, the love of God is not in us. If we love the world we can't understand the will of God and act upon it.

Those children of God who have received the Holy Spirit realize the love of God and begin to love God. But having love for God doesn't necessarily mean that they have cast away all their love for the world yet. They will continually grow in their love for God to the extent that they cast off their love for the world.

Then just exactly what is this 'love for the world' that we should cast away quickly to love God all the more?

### First, the Lust of the Flesh

Here 'flesh' in the spiritual sense is the sinful natures combined with the body of man. The 'lust of the flesh' is the untruthful attribute that can be revealed in action though it is not being outwardly expressed. It is the sinful natures in the heart that are trying to be revealed externally. Simply, it is the desire to commit sins.

To cast off lust of the flesh we have to cut off the fleshly thoughts. We have to change evil thoughts and feelings that God hates into good thoughts and feelings. At the same time, we have to pull out the sinful natures.

In order to pull out the sinful nature called 'envy' from your heart you have to remember your mental attitude and feelings that you had at the moment of feeling envious. Then you have to pray about it. You have to pray fervently until those feelings and thoughts of envy disappear completely. Here, the thing is that you must not accept any more flesh from the world.

### Second, the Lust of the Eyes

The 'lust of the eyes' is the nature that agitates our heart and makes us follow fleshly things through what we see and hear. From birth, as people grow up they all see and hear things that work in their hearts and affect

their feelings as they enter the heart. This causes the lust of the eyes. If you receive untruthful input constantly without stopping it, it leads to the lust of the flesh and results in committing sins.

Thus, we must not see and hear things that are not of the truth, and we must not go to the places where the untruth is readily available. In addition, we need to take charge of guarding our hearts so as not to accept the things that are of the world. Even though you fast and pray to become sanctified, as long as you keep on accepting the lust of the eyes, you cannot really cast away sinful natures. It will cause your fight even more difficult and harder.

Therefore, after we have tried to stop the lust of the eyes from coming into us, it is important to fast and pray in order to cast away sinful natures in us. Then, God can give you grace and strength and you can receive answers in the inspiration of the Spirit.

### Third, the Boastful Pride of Life

This 'boastful pride of life' is the nature that tries to reveal ourselves by bragging in seeking self-indulgent pleasure. When a person has the nature of this boastful pride of life they pursue wealth, fame, knowledge, social power, talent, or appearance as what is most valued in life. But these things can never give you true value and life. But rather,

because of the desire to lift yourself up, you would stand against God and finally fall into eternal death.

After we cast off futile flesh, the boastful pride of life and all lust disappear and we can follow only the truth. 1 Corinthians 1:31 says, "Let him who boasts, boast in the Lord." This kind of boasting is to boast of the works of God. Also, it is to plant faith and hope in the hearts of the hearers and to give glory to God. If we boast in the Lord this way, God is glorified and He gives us more blessings in spirit and body.

Jesus said in Luke 16:13, "No servant can serve two masters; for either he will hate the one and love the other, or else he will be devoted to one and despise the other. You cannot serve God and wealth."

Jesus also talked about a rich man who fell in the Lower Grave because of his love for the world and Lazarus the beggar who entered into the bosom of Abraham. It means that if we love the world, the love for God does not dwell in us, we neglect God's Word, and we can't help but be forsaken in the end.

Therefore, we should be able to discern the things that belong to the world, cast away the lust of the flesh, the lust of the eyes, and the boastful pride of life, and act in the will of God. By doing so, we can dwell in the everlasting Heaven like the sun shining in glory.

## “My baby with a high risk for Down syndrome was born healthy”

Deaconess Sungjin Yun (aged 38, 2-12 Parish in South Korea)

In June, 2013, I conceived the second baby and had a Quad Screening Test in the fifth month. The result showed that the fetus had a high risk for Down syndrome. At that time, one of my friends gave birth to a baby with Down syndrome, which is a genetic disorder caused by the presence of all or part of a third copy of chromosome 21 that is associated with a particular set of facial characteristics and a severe degree of intellectual disability. My mind was fraught with worries.

However, I had experienced the power of Dr. Jaerock Lee when my son Hyunseo was injured in a car accident. He was healed through his prayer. So, I was drawn to the decision to receive his prayer again with faith.

I started to think about the reasons why my baby couldn't be under God's protection and repented with fasting. A short time later, I met Dr. Lee and talked about my situation. He explained about the reasons to me and urged me to live by the Word of

God. He then prayed for me.

At last, I repented in a right way that I had not obeyed the Word of God and started to read more than one chapter of the Bible and memorize its important verses every day. While I was trying to practice the Word of God, reading Dr. Lee's recommended book *Romance of Three Kingdoms*, and looking into the characters' goodness and evilness, I gained great realization.

I also fulfilled my duty as a cell leader, taking care of my cell members with my heart. I prayed in Daniel Prayer Meeting and, sometimes, even Dawn Service. While doing so, the love of the Lord swept over me and the assurance in God's answer was given to me.

On November 9 in 2013, I gave birth easily on the exact due date. My child was a pretty and healthy daughter with no sign of Down syndrome. I felt

From left, Senior Deaconess Mideok Chun (mother-in-law), Deaconess Yun, Bomi (daughter), Hyunseo (son), Deacon Insik Jeon (husband)

very grateful to God who answered my prayer and blessed me. What's more thankful is that my ways of thinking have changed. Before, I had thought it was hard to keep the Word of God. But such thoughts disappeared and I now have the desire to always obey His Word. I realized that all messages delivered in church were for my good as written in Deuteronomy 10:13, saying, "...and to keep the LORD's commandments and His statutes which I am commanding you today for your good". I give all thanks and glory to God who blessed me in spirit and body.

## “My life changed completely after the healing miracle!”

Brother Mahesh Arya (Delhi Manmin Church in India)

I grew up in unpleasant circumstances. My father lost his both legs, so I had to stay in my uncle's house before entering primary school. Even worse, I suffered from tuberculosis for several years; I even broke my ribs, and an ox had stepped on my left foot, so from then I couldn't kneel down.

Because of such troubles, I diligently served Shiva, a Hindu deity. But I constantly suffered from misfortune. My father also actively worshipped idols. I was the oldest son in my family and he hated me saying that all misfortune had been caused by me. But my mother gave me great love and affection.

I dropped out of high school due to poor family situation and began to earn money. Since I was not healthy, I could not get a good job. I was talented in drawing though, so I studied it and sold my paintings,

but I did not make much money. All these caused mental pressure and headaches.

I once thought about suicide due to all these miseries. However, on March 15 in 2012, my life made a sharp about-face when I visited Delhi Manmin Church in the guidance of Brother Amit Sharma who studied drawing with me. Going into church, I felt like I was in Heaven such that I didn't want to go back home.

One day, Pastor John Kim prayed for the sick with the handkerchief on which Dr. Jaerock Lee had prayed (Acts 19:11-12). Amazingly, my chronic headache disappeared. After that, I regularly attended church with happiness though it took me an hour to get there by bike. While offering up services through on-line broadcasting, I was moved as if I was in the main sanctuary of Manmin Central Church.

While reading Dr. Lee's representative book *The Message of the Cross*, I felt as though he had been speaking right in front of me. The pain in my ribs has gone and my left foot was healed while leading my Christian life and feeling the love of the Lord. Now I can kneel down.

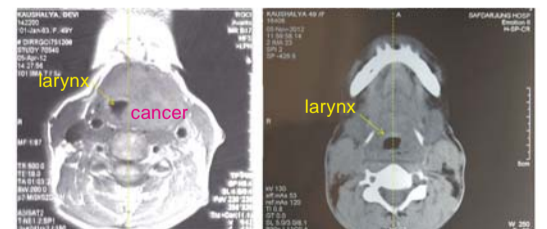

God also worked upon my loving mom. In April, 2012, she was in bad physical condition and went to the hospital. She was diagnosed with laryngeal cancer which was in its later stages.

Her doctor told us that there was no hope and to just go home. All my family was bathed in tears. But I believed God would heal my mom just as He healed me. Pastor Kim visited us and planted faith in us showing

the video of Dr. Lee's powerful works. He prayed for my mom with the handkerchief and had her drink Muan Sweet Water—the drinkable water of power that was changed from salty sea water at the sea before Muan Manmin Church through Dr. Lee's prayer (Exodus 15:25) and those who drink the water with faith have experienced God's power. I also received Dr. Lee's prayer for the sick he gives after delivering the message with faith.

Afterwards, we could see an astounding work of the Spirit through the medical test results. The 5cm-long-lump of cancer had shrunk into a 1cm-lump. Hallelujah! Since then, she has become healthier and healthier, and now she recovered completely in full remission. She could barely speak, but now she can talk and her complexion looks so healthy.

My dreary life turned over into a new life thanks to the love of the Lord. I give all thanks and glory to God who gave me happiness.

Before prayer: larynx is in the wrong place, pushed into right due to laryngeal cancer

After prayer: remarkable improvement, larynx is in the right place
