Epidemic Diseases Such as Ebola Can Be Eradicated by God's Power

Through Dr. Jaerock Lee's prayer, swine flu was eliminated in Israel (2009), Ebola virus in DR Congo (2014), and MERS CoV in Korea (2015). When we receive the prayer with faith in the power of God the Creator, we will be blessed for our souls to prosper, for everything to go well, and for us to be healthy.

In the 14th century, the Black Death killed 30% of Europe's population, and in 19th century cholera resulted in deaths of tens of thousands of people. That which caused men to die the quickest and killed the most people was contagious disease.

In 1881, Louis Pasteur developed vaccination, which brought about a revolution in treating epidemic disease. His discovery saved people from many diseases, but today the immune system of men has been weakened due to overdoes of antibiotics. They do not endure even a minor stimulant such as pollen. What if a new strain of virus occurred that is quick to spread and highly fatal?

Then, it would be spread to the whole world and claim countless people's lives even before the vaccination is made. However, with belief in the power of God the Creator, it will be gone.

In September 2014, Sebastien Impeto Pengo, Governor of Equateur in DR Congo sent a prayer request to

Senior Pastor Dr. Jaerock Lee. The prayer request read: "Ebola virus is pandemic in Jera area, Boende town, Equateur province. President Joseph Kabila told me to eliminate diseases caused by Ebola virus at any cost. I am asking you to pray for it."

He is a deacon in Kinshasa Manmin Church, and he had witnessed many signs, wonders, and powerful works. With faith, he sent this prayer request.

Ebola virus first appeared near the Ebola River in 1976. It is a kind of a new strain of virus. No preventive vaccine and treatment have been developed. Ebola spreads through human-to-human transmission via direct contact (through broken skin or mucous membranes) with the blood, secretions, organs or other bodily fluids of infected people. The average fatality rate is around 50%. Case fatality rates have varied from 25% to 90% in past outbreaks. But there is no treatment.

DR Congo is the first country where Ebola virus occurred. It broke out

seven times until 2014. The people were in great fear. In March 2014, the Ebola virus took place in Guinea, Western Africa and it was spread to the whole world. In DR Congo, the first patient was discovered in Equateur in August 2014 and the number infected rapidly increased.

On September 21, 2014, Dr. Lee received the prayer request during his mountain prayer period, and prayed for the Ebola virus to disappear in DR Congo. Afterwards, the death toll dropped dramatically and the Ebola became non-existent in DR Congo.

Governor Sebastien Impeto Pengo said, "After Senior Pastor prayed for DR Congo, the spread of the Ebola virus stopped and no one died of it. We looked more according to medical procedure because of the latent period of the Ebola virus. Then, we finally found out that the Ebola diseases were completely terminated."

On October 24, a member of DR Congo Parliament sent a letter to Dr. Lee, saying, "Thank you for praying

for the Ebola virus in Equateur. Thanks to your prayer, the epidemic of Ebola virus stopped without progress."

On November 15, DR Congo President Joseph Kabila publicly declared in the UN General Assembly that the Ebola virus had been terminated in his country.

As Jesus said in Matthew 24, many people are suffering in wars, terrorism, and disasters, or due to newly-discovered diseases and epidemic diseases today. The world will be stuck in more problems because of natural calamities and economic downturn. The symptoms of existing diseases will become more serious, many new strains of viruses will occur. Many newly-discovered diseases will be rampant.

However, God of love, who created all things and mankind, shows His abundant love and almightiness through the works of power. Thereby, He is leading and will lead countless souls to the way of salvation.

Senior Pastor Dr. Jaerock Lee

“But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control; against such things there is no law.” (Galatians 5:22-23).

The Fruit of Patience

your sanctification, or for the glory of God. You can wait with faith and love because you are looking forward to the fruit of it with hope. This is spiritual patience. With this fruit, you won't need to try to keep patient, you can remain calm without any kind of circumstances being able to agitate you.

2. Three kinds of spiritual patience

First, we need patience to reform the heart

The more evil we have in heart, the more difficult it is to be patient. Luke 8:15 reads, “But the seed in the good soil, these are the ones who have heard the word in an honest and good heart, and hold it fast, and bear fruit with perseverance.”

We need endurance and efforts to change our hearts into the heart of good soil. To become sanctified, we have to make ourselves obedient to the truth by praying fervently with fasting and with all our heart. We have to quit what we used to love, and if something is not spiritually beneficial, we have to cast it away.

We must not stop in the middle or just quit trying after trying to do it for a short period of time. Until we reap the fruit of sanctification completely, we have to do our best with self-control and act by the Word. Just as we have to work to pull out a weed at its root to remove the weed completely, we have to pray and change our hearts until we pull the sinful nature out at the root.

Some may think they have already cast off something through prayer, but they find it again in their hearts. Then some become discouraged by it. You may find forms of untruth in you until you pull out the original root of the sinful nature, but it doesn't mean you haven't made any spiritual progress. When you peel an onion, you can see the same kind of layers come again and again. But if you keep on peeling, the onion will finally disappear. The same principle applies to sinful natures.

You must not get discouraged just because you didn't cast it away yet. You have to have patience until the end and continue to try harder with hope for your renewal. Even if there isn't any visible fruit being borne through you, if you keep acting in goodness and truth, you will not

become weary.

When you circumcise your heart with faith in this way, your soul will prosper, all things go well with you, and you will be healthy.

Secondly, we need patience for others

When you have interaction with people who have different personalities and education, you may be faced with some discomfort. Beginning with trivial matters to serious matters, you may have different thoughts with them and peace might be broken as well.

But those who long for sanctification may consider others as God's precious children. They try to accommodate others no matter what the situation and the kind of person it is. In this way they can establish and maintain peace. They always understand others with a good heart and endure while seeking the benefit of others. Even when others act with evil, they just bear with them. They pay back this evil only with goodness, not with evil.

We also have to be patient when we evangelize or counsel people, or when we train church workers to carry out the work of the kingdom of God. Some are slow in being renewed though they have learned the truth for a long time and befriend the world. We should pray for them with tears and mourning and endure for them. If you sow the seed of patience in this way, you will certainly gain the fruit according to the justice of God.

If you endured with some souls until they change while praying for them with tears, you will have the broad heart to harbor all of them. So, you will gain the authority and power to revive many souls. Also, if you control your heart and sow the seed of endurance even in the face of false accusations, God will let you reap the fruit of blessings.

Thirdly, we need the patience in your relation with God

When you pray and ask something of God, you need patience to receive the answer. Mark 11:24 reads, “Therefore I say to you, all things for which you pray and ask, believe that you have received them, and they will be granted you.”

There are many other promises in the Bible that God will answer His children's prayers. But in many cases

people don't receive their answers because they are not patient enough.

People may ask for an immediate response, but God may not answer them immediately. God answers them at the most appropriate and opportune time because He knows everything.

If the subject of their prayer request is something big and important, God can answer them only when the amount of prayer is filled. Farmers also have to be patient when they farm. They can harvest some crops after several weeks or months, but for some others it takes a year or even several years to harvest the crop.

If we have the faith to really receive the answer, we have to pray and act with faith until we actually receive the answer as the fruit. Also, when we go through some refining trials of the heart or persecutions in our Christian lives, we can bear good fruits when we have patience.

Joseph was sold into Egypt as a slave at the age of 17. Although he worked diligently, he was wrongfully accused and went to jail. He always trusted God who was watching him and he firmly believed in the love of God who gives the best at the right time. God blessed Joseph to become the second ruler of Egypt after the Pharaoh.

I exhort you to win the victory thinking of the heavenly rewards doing God's work, even if you face hardships without apparent reason (James 1:2-4). That patience will increase your faith and broaden and deepen your heart to make it more mature. You will experience the blessings and answers of God that He promised if you completely accomplish patience (Hebrews 10:36).

Dear brothers and sisters in Christ, God waits a thousand years like a day to gain true children and He bore with the pain of giving His only begotten Son for us. Jesus also endured the suffering of the cross, and the Holy Spirit also bears with inexpressible groanings during the time of human cultivation. I urge you to cultivate complete patience remembering this love of God.

In doing so, I pray in the name of the Lord that you will have fruits of blessings in your heavenly houses as well as enjoy the true joy of harvest from time to time on this earth (Psalm 126:5-6).

In many cases whether people experience happiness or not depends on whether they can be patient or not. Also, the result of one's studies, work, or business can vary greatly depending on a person's patience. It's the same in spiritual matters. When we want to receive an answer from God, the fruit will be different depending on our patience. Let's delve into this fruit of patience.

1. The fruit of patience without need of the word 'patience'

The patience that is one of the fruits of the Holy Spirit is patience in everything. This patience is a level higher than the patience in spiritual love written about in 1 Corinthians 13.

Spiritual patience is not enduring with evil but enduring with goodness. In fact, if you cultivate spiritual patience in your heart, then you don't have to try to be patient. You will have a broader heart.

For example, when a newborn baby has high fever, the mother will suffer taking care of the baby. She may stay up all night or not be able to eat, but she doesn't have any time to think about herself. She focuses only on how she can make her baby more comfortable. And when the baby's fever goes down a little, she will just become so happy, still without thinking about her own sufferings.

Spiritual patience is somewhat similar to this. There might be hardships until you achieve your goal, whether it is a personal goal, or for

Do You Know the Love of God Who Wants to Save Us Until the Very End?

God shows us His love to the utmost limit within the limit of justice even when the judgment is inevitable. It is because He wants both evil doers and sinners as well to turn from the way of death (Ezekiel 18:23). Through the following biblical accounts, we can feel the love of God who wants to give opportunities for salvation. By the grace and mercy of God, we can reach perfect salvation.

▶▶ The Judgment of the Flood: God wanted to save as many people as possible through the righteous man, Noah

In Genesis 6, there was a judgment of the flood at the time of Noah. The God of love waited patiently for a long time, but the wickedness of man was great on the earth. Since every intent of the thoughts of their hearts was continually only evil, judgment was inevitable.

Even under such conditions, God urged Noah to proclaim the judgment that was coming and allowed for anybody who listened to him and entered the Ark to be saved. However, no one except for his family listened. Only Noah and his family entered the Ark of Noah, and the preparations for the judgment were concluded.

But even after Noah closed the door, God again gave the people a seven day period of grace. He waited so that if any one knocked on the door of the Ark, they would be saved together. Even though He had to carry out the judgment according to justice, we can feel God's earnest heart that wanted to save people by extending the opportunity to be saved.

▶▶ Judgment of Sodom and Gomorrah: justice was perfected by the love of the righteous man, Abraham

In Genesis 18, God appeared before Abraham and told him about the judgment of Sodom and Gomorrah beforehand. Before He judged the people there, He double-checked their sins and evil. He wanted to save just one more person.

God wanted to give more chances to the people through the intercession of the righteous man, Abraham. He knew that Abraham would understand this heart of God and intercede with love for them. Finally, Abraham received God's promise. God promised not to destroy the cities as long as there were ten righteous men found in them.

However, when God sent His archangels and had them look closely around the city of Sodom, there were not even ten righteous men. The judgment of fire eventually came upon them. In the meantime, God saved Abraham's nephew Lot and his daughters because of His consideration of Abraham.

This is how God fulfilled justice with love until the end.

▶▶ Judgment of Nineveh: God's hand of salvation was given to the people in Nineveh until the last moment

In Jonah 1, God told Jonah the prophet to preach that the judgment of destruction was impending on the city of Nineveh. Because their wickedness had come up before God, it was not against justice to let the city be destroyed. But God still gave them a chance to repent, turn back from sins, and receive salvation.

All people of Nineveh including the king fasted and called on God earnestly. They also let their livestock fast and they turned from their wicked ways and the violence that was on their hands. When God saw their deeds He relented concerning the calamity which He had declared He would bring upon them. He did not carry it out (Jonah 3:10). However, one hundred years later, the city became full of sin and evil again and the judgment came upon them. This time, they did not repent and the city completely fell in 609 B.C.

Until then God had given numerous opportunities to turn from their sins. God extended His hand of salvation to them up until the very last moment. However, it was the people who chose not to seize the chances but to go the way of destruction instead.

▶▶ The Seven-year Great Tribulation; God's last chance of the gleaning salvation through two witnesses and 144,000 preachers

When the gospel is preached to the remotest part of the earth, the Lord will come in the air. Then, those who have faith to be saved by learning the gospel and living by the will of God will put on the resurrected body and will be taken into the air in an instant. This is the end of human cultivation, and the miserable seven-year Great Tribulation awaits those who remain on this earth.

But God prepared a way of salvation even for the people who are left on the earth who have not heard the gospel. If they hear it through the two witnesses and 144,000 preachers prophesied in Revelation and accept Jesus as their Savior, they will be able to pass away in natural disasters or wars comparably easily and reach salvation. This way, God wants to save even one more soul until the end.

However, those who heard the gospel and said they believed but did not have faith, they must become martyrs to be saved. In order for them to seize the last chance for salvation, they have to go through harsh torture and keep faith without receiving the mark of the beast. But there will be very few who choose martyrdom in this way and receive salvation.

“Powerful Works through Handkerchief Prayer Amazed Me!”

In September 2005, I met Dr. Jaerock Lee. Since then, my life has been renewed and I became a missionary who spreads the gospel of the Lord. When I preached the life-filled holiness gospel that has been taught by Dr. Lee and talked about the power of God, many people accepted the Lord.

In particular, the works manifested through the handkerchief that Dr. Lee had prayed on were truly amazing. Many people were healed of their diseases, their problems were solved and they received answers through handkerchief prayer.

Thanks to the handkerchief, London Manmin Church has experienced great revival and my church members have received many blessings. We agreed that it was all by the grace of God.

In 2014 Brother Reuben (age 17 at present) had a problem with a cognitive capability due to a developmental disorder. He could not communicate with others. In early 2015, he received the prayer of the handkerchief. Then, he gained the ability to understand what others were saying and could also choose the program he wanted on an iPad.

Sister Rosetta Ashidu from the Republic of South Africa was suffering in a death crisis due to breast cancer that was detected in July 2013. But since she registered in London Manmin Church and received the prayer of the handkerchief, her symptoms improved and in February 2015 she became healthy.

In July, 2015, a family from Swaziland registered in the church. They had many problems. They worshipped

idols and had issues with one another. Their daughter had a mental disorder. After they registered, they listened to Dr. Lee’s sermon “Goodness”, drank Muan Sweet Water, and received the prayer of the handkerchief. Afterwards, they became peaceful and the daughter was healed.

In September, 2015, Sister Maria from Uganda started to become sick. She lost weight and could not eat. When she went to hospital, her disease could not be diagnosed. Her doctor just said that her immune system and body tissues had been weakened. Her condition worsened. She fell into coma and her family had nothing they could do but wait for her death.

After hearing about it, I talked to them by phone and planted faith in them. I also prayed with the handkerchief of power. Right then, my spiritual eyes opened and Senior Pastor’s hand was seen for five minutes. Maria’s breathing became steady. She came round and asked them to get her some water. She became healthy soon after that. Hallelujah!

In August 2015, my husband and I joined in the Manmin Summer Retreat via GCN and received a lot of grace. My husband, Missionary David Mukasa, had been suffering from pain in his right shoulder since a few days before the Retreat. He could not move his right arm. He was not able to lift his hand to comb his hair and to put on clothes by himself. He felt pain even when he walked. But he was completely healed when he received the prayer for the sick the second time during Divine Healing Meeting as the Senior Pastor

Missionary Jane Mpologoma,
and her husband Missionary David Mukasa
London Manmin Church, U.K.

prayed. He came to move his right arm freely.

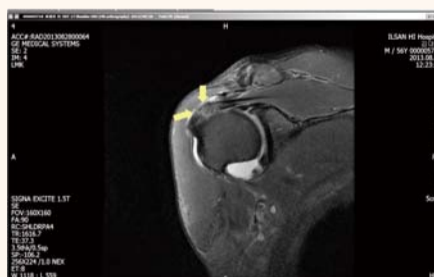

I give all thanks and glory to God who allows us to know the holiness gospel, dwell in the love of God, experience the works of power in the space of the shepherd and perform our ministry happily.

“I Was Healed of Shoulder Rotator Cuff Tears”

Since I started to attend Manmin Central Church in October 2006, my life has totally changed. I was ruined by alcohol, gambling, and playing the numbers on horse racing. I even attempted suicide several times. But I met Manmin and received a lot of grace from Dr. Jaerock Lee’s sermons. I also received his prayer. Then, I came to live a renewed life.

My mother was amazed and delighted to see me renewed. While she was in Seoul, she was healed of chronic headaches by Dr. Lee’s prayer.

Moreover, by Dr. Lee’s prayer I was blessed to find my elder brother who had been missing for seventeen years.

His MRI scan with the doctor’s opinion
The supraspinous muscles of the shoulder
rotator cuff were torn and swollen

In June 2013, I fell from a place over two

meters high while I was working on a construction site. I had a rotator cuff tear. That is, my rotator cuff muscles of the shoulder were torn three centimeters. The hospital told me to have a surgery. But, I wanted

Deacon Daein Kim, age 60,
Parish 1, South Korea

to be healed of it through Dr. Lee’s power because I had witnessed the works of power manifested through his prayer.

I began attending Manmin Prayer Center’s meetings and listened to President Boknim Lee’s sermons. I repented of untruthful attributes that I had such as anger and ill feelings. I received Mrs. Lee’s prayer with the handkerchief that Dr. Lee had prayed on (Acts 19:11-12). Then the symptoms were improved and I was able to return to work again.

But in May, 2015, while I was moving something heavy on the construction site, I felt pain on my left shoulder muscle. It was so painful that I felt like something was chewing on my muscle. I could not lift my left arm up to shoulder height, and could not wash my hair myself, either.

I prepared to be healed of it in Manmin Summer Retreat which would be held in August 2015.

During Divine Healing Meeting on the first night of the Retreat I received Dr. Lee’s prayer for the sick with faith. The pain was gone and now I can use my left arm freely. I could not lift something that weighs fifteen kilograms, but now I came to be able to lift up things that weigh forty to fifty kilograms.

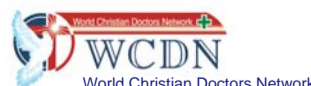

I give all thanks and glory to my good Father God who renewed me and healed me.
