In this special edition, we are going to look into the sources that have enabled Manmin Central Church to lead countless souls to salvation and glorify God until this 35th anniversary.

**Firstly, I thought it has been done only by the grace of God, and never thought that I have done it.**

One may feel flattered when he achieves something and receives recognition although it was just a small achievement. He may feel confident, or he can even be arrogant. However, I have never felt that way. I drove away hurricanes, flooding, droughts, and epidemic diseases by the powerful prayer and let tens of millions, millions, or tens of thousands of people receive the Lord's great grace, but I didn't dare let myself lifted up. I spent more days fasting than eating, and I spent more hours praying than sleeping. I received deep and mysterious messages from God and delivered them to people. But I couldn't be arrogant. It is because I have known very well that if God didn't walk with me, I would be nothing.

Before I met God, every part of body was stricken by diseases except for my eyes. I was waiting only for death. I could not play the role of the head of my family. I could not lead a decent human life. I was neglected and despised. To such a miserable person as me, God came to me first. At the moment I knelt down before God, He healed me of all my diseases. Furthermore, He called me as His servant. In May 1978, while I was praying, a voice was heard, which says; "My servant whom I chose before the ages! I will reveal and use you. You will cross the mountains, the river, and the sea, and I will walk with you anywhere. You will spread the word about the living God all around the world with signs and wonders." Had I considered the reality, however, it would have been hard for me to obey.

In reality, I owed a huge debt due to my seven-year life affliction with diseases. I was an ordinary man responsible for a family with three children who were all living together in a small single room. I was not confident about studying theology because I was old and I had lost ability to remember things. Also, due to my introverted personality, I thought I would not be able to stand in front of many people. I had just experienced the healing work of all my diseases and gained spiritual life after I was forgiven of my sins through the precious blood of our Lord Jesus Christ. The experience and the spiritual life were all that I had at that time.

God knew my heart and my situation very well. He went on to say, "I chose you before the ages. I have protected and guided you with My blazing eyes since you were in the womb. Let your wife manage your

shop, and you go the way of My servant. You will make more money than when you and your wife both worked. You won't run out of money, nor run out of rice in your rice jar, and it will be overflowing. You will help others. It is God who put you in the lowest place, and it is also God who has led you so far and will guide you. You will understand why I put you in the lowest place. I will lift you up on the highest place by My power."

As God said, He set me up as His instrument and let me spread the gospel crossing the mountains, the river and the sea. Countless people were set free from futile idolatry and the bonds of wickedness, and they were healed of incurable and terminal diseases.

Even now pastors and church leaders go to many countries with the handkerchief I prayed on (Acts 19:11-12) and lead many people to the way of salvation. Also, the holiness gospel and the powerful works are broadcast, adding to the number of saved people. The prayer transcending space and time brings the work of re-creation to people who are suffering from many kinds of disasters in every corner of the world. When we gave all the glory to the Lord, He let us give greater glory to Him.

**Secondly, I thought everything is God's and the Lord's, and never thought something is mine.**

Apostle Paul gave up many things to fulfill the will of the Lord. 1 Corinthians 9:4-7 reads, "Do we not

have a right to take along a believing wife, even as the rest of the apostles and the brothers of the Lord and Cephas? Or do only Barnabas and I not have a right to refrain from working? Who at any time serves as a soldier at his own expense? Who plants a vineyard and does not eat the fruit of it? Or who tends a flock and does not use the milk of the flock?" He meant that as he followed the way of the Lord and worked faithfully with life, he had a right to have what he deserved, but he didn't take it. What was the reason?

The latter part of 1 Corinthians 9:12 says, "Nevertheless, we did not use this right, but we endure all things so that we will cause no hindrance

infirmities were made whole. There have been unceasing testimonies.

The reason why I live my days on the earth is not that I want to enjoy my personal life, but that I want to extend the kingdom of God. I was not coerced to give up what was 'mine' by anyone. I was willing to give up everything because I am happiest when I give glory to God.

As Jesus said in John 4:34, "My food is to do the will of Him who sent Me and to accomplish His work," I also felt satisfied and happy when I did the will of God.

Not only I but also all the members have increased our faith

Amazingly, as my love for God became greater, my love for souls also became greater. My love blazed up for countless souls who God created after His image and whom Jesus shed His blood to save. I felt the heart of God who gave His only begotten Son to gain true children who resemble Him and with whom He can share love. Thus, I have sacrificed all my life to lead countless souls to Heaven and, moreover, New Jerusalem where the throne of God is located.

I want to express this heart of mine by citing the Apostle Paul's confession for souls. 2

Corinthians 11:27-29 reads, "I have been in labor and hardship, through many sleepless nights, in hunger and thirst, often without food, in cold and exposure. Apart from such external things, there is the daily pressure on me of concern for all the churches. Who is weak without my being weak? Who is led into sin without my intense concern?"

Since the opening of the church, there have been difficulties as well. I dedicated myself to souls' salvation with my life, but as this church grew in number, other churches started to feel jealous and tried to destroy this church. Even in such situations, my tears flowed not because of other churches' misunderstanding, but because I saw people leave the truth in their weak faith. And, it was the greatest pain to see people commit unforgivable sins with their eyes blinded by their evil.

I underwent several life-threatening situations while I was interceding for my members as their shepherd so that they could cast off sins and evil and receive blessings and answers. At those moments as well, the physical pain that I suffered was not a source of my pain. I thought, 'I have given everything that I had and I have done everything I could do. What can I do now and what else can I give to souls who still dwell in sins?' This feeling of being lost was the biggest source of sorrow. While I went through such sufferings, the God of justice set me

up as the shepherd of innumerable people including the members of approximately 11,000 branch and associate churches world-wide. He even gave me the power of re-creation that changes the hearts of men.

Isaiah 60:4 says, "Lift up your eyes round about and see; they all gather together, they come to you. Your sons will come from afar, and your daughters will be carried in the arms." As written, more and more people come to the arms of this church as days go by. This could be accomplished thanks to many pastors, church leaders, and you members who have devoted yourselves to the souls' salvation with your shepherd. I give all thanks and glory to God who fills our hearts with the work of saving souls.

Dear brothers and sisters in Christ, on this 35th anniversary, I urge you to have only God and the Lord in your heart. I earnestly hope you will pray for the glory of the Lord and the salvation of souls, give great glory to God and the Lord, and reach New Jerusalem. I pray in the name of the Lord that all the people of Manmin will also take part in this glory.

to the gospel of Christ." He gave up many rights lest people oppose the gospel thinking he coveted money or put greater priority on private matters than the works of the Lord.

I do understand this heart of Apostle Paul. I have never spent even my time or money for my personal desires or discretion. I have considered my wife, my children, my life, and even my heart as God's and the Lord's. That is why I only prayed, fasted, and worked faithfully as time permitted.

Now I devote myself to communication with God in my prayer house because it is the will of God, but before doing so I preached the message in church every week without missing except for when I went to overseas crusades or specific periods of mountain prayer. On my way to church or back home, I did not take a rest but held my church members' hands sincerely. When I held the hands of thousands of the church members, my hands were hurt and skin was torn. But I did not care about it and I just thought in a prayerful heart about seeking the benefits of God's kingdom and my members all the time. In the answer to my prayer, many church members were healed of many incurable and terminal diseases and their

constantly to such a level. That is why we could accomplish national evangelism, the world mission, and do charitable work.

**Thirdly, my heart has been filled with souls whom the Lord bought with His blood.**

Colossians 3:1 says, "Therefore if you have been raised up with Christ, keep seeking the things above, where Christ is, seated at the right hand of God."

From the time I was healed of all diseases and tasted eternal life before death, I have sought only things above. I have earnestly loved Father God and the Lord who came to me and saved me when I was in pain and lonely due to diseases. As I loved God, many poor people came into my sight. I came to have a dream to become a wealthy elder and help people who were sick and poor like I had been.

Then, God gave me an unexpected word. He said, "You love Me more than your parents, your children, and your wife. You love Me foremost of all. You love Me alone. Therefore, I will repay you with a good measure—pressed down, shaken together—and a hundred times." And He called me as a pastor who saves souls.

**Drought** Sweet rain fell on a land struck by severe drought.

In April, 2017, people in India were suffering from drought because it had not rained for more than five months. Due to the lack of water, farming areas were damaged, and farmers went bankrupt, and some of them even committed suicide. The members of Chennai Manmin Church also suffered from shortage of water and had to buy water to drink and for other uses.

Pastor Joseph J. Han, ministering to the church, sent a prayer request to the main church, and on April 16, Senior Pastor Dr. Jaerock Lee prayed earnestly for it to rain in India during Sunday Evening Service. Only one and a half hours later, good news was heard: it started raining in many areas of Tamil Nadu.

The then satellite imagery showed that rain clouds did not come from somewhere but they were formed in the sky over India (Right photos 1, 2, and 3). After the prayer, it rained in the worst drought affected areas in Tamil Nadu, and from April 16 to 23 it rained a lot for more than three days. It rained several times more in May.

In September 2009, when Dr. Lee conducted the Israel United Crusade, Israel had been suffering from severe drought. However,

▲ Kenya was also relieved from drought through Dr. Lee's prayer.

the day after he prayed for it during the crusade, it rained even in the dry season. Later, he prayed again and it rained in many areas in Israel.

In January 2017, another severe drought hit the northern area in Kenya, Africa. People were starving and animals were

dying because there was no water and food. Bishop Dr. Myongho Cheong, Chairman of United Holiness Church of Jesus Christ, Africa asked for Dr. Lee's prayer on January 27 in Korea. After the prayer, on January 28, 29, and 31, it rained, which relieved the severe drought.

**Flood** Heavy rainfall stopped.

In March, 2017, it was continually raining in Peru for three months. The death toll was more than 70, and tens of thousands of houses were damaged. The Peruvian Government made a declaration of a state of national emergency. The Peru

Manmin Church was not supplied with water, and they had to receive the water from a park around the church. Pastor Peter H. Kim of the church sent a prayer request to the main church. On Sunday, March 19, Dr. Lee prayed for it. Next day on March 20, it stopped raining on the mountainous areas.

This kind of wonder that stopped rain happened in the early days of the church. In August 1983, some students and young people stayed at night in church and were about to depart for the summer retreat. But they could not start immediately because of heavy rainfall with thunders and lightning. Then, Pastor Jaerock Lee asked them to pray together. And they went down from the second floor to the lobby of the church building. When they set foot on the ground outside, it stopped raining and there was no thunder and lighting.

**The Holy Spirit Controls Weather and Meteorology**

In the Bible, there were several records of wonders. When God spoke to Isaiah (Isaiah 38:12-18). When Isaiah cried to God, He brought the shadow of the sun and the moon. When he cried to God, it didn't rain for three and a half years, and when he cried to God, God has manifested wonders through a pastor who received the Holy Spirit. On the anniversary, let's look back upon wonders manifested through the Holy Spirit.

Hurricane Irma changed its course.

**Typhoons and Hurricanes** The extreme weather has changed.

At 7:45, on September 8, 2017, Dr. Lee prayed to the living God to prevent damage caused by the strongest hurricane Irma observed in the Atlantic.

"Almighty Father God, a great disaster is coming to the US now. Father, let the Category 5 hurricane run down to Category 4,3,2,1, and at last, let it dissipate. Please let America avoid this disaster. Please let the power only God can do be revealed this time too. Through this, help many people have faith and let them realize everything is in the providence of God. LORD our God, be glorified."

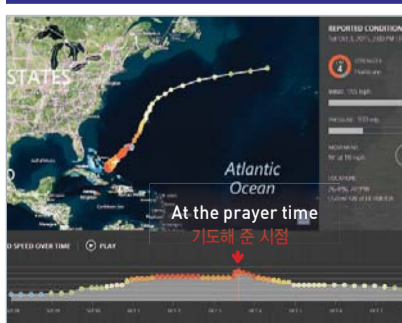

Before the strongest Category 5 hurricane on record in the Atlantic, Irma, struck the U.S., it had devastated the Caribbean island chain. It was forecast to go up the east coast of Florida and move northward following the east coast of the US. The storm surges were also expected to cause great damage.

Because there are many major cities on the east of the US mainland, evacuations of 20 million residents in the state of Florida were ordered and there were mandatory evacuations for a third of them which accounts for more than 6.5 million people.

Typhoon Noru changed the course in August

# Spirit's Power Changing Aerial Meteorological Phenomena

When Samuel called to God, God sent thunder and rain that day (1 Samuel 10:10-13). When Elijah prayed to God, it rained (1 Kings 17-18; James 5:17-18). Today as well, we have experienced the power of the Holy Spirit. In celebration of the church's 35th anniversary, Senior Pastor Dr. Jaerock Lee.

...and its course and the damage was minor.

**Extremely powerful Hurricane Irma**  
**changed its course and dissipated.**

...ore, Hurricane Harvey hit Texas and Louisiana. Although it was a lower category than Irma, it caused more than 650 lives and the damage was over 180 billion dollars. The devastation put the U.S. in a state of greater fear. The biggest Hurricane Irma ahead, people were sent to Dr. Jaerock Lee and missionaries and believers, including Pastor Mark Bazalev, Pastor Fishberg, Pastor Gennadiy, and people in New York, and Latin American pastors in the

U.S. After Dr. Lee's prayer, unlike the forecast saying that it would make landfall in Florida as a category 4 and move northward following the east coast of the US, Hurricane Irma continued westerly and then changed its course to move inland and parallel the west coast. It also weakened to category 3, 2, and 1, and at 9 P.M. on September 11, it dissipated to a tropical storm. Moreover, it changed its course to the western areas that have the national parks and wet lands with low populations, not the cities with high populations in the east. Thus, there was no great damage.

...changed its course unlike the forecast (left) and weakened and turned into a tropical storm.

There are many other cases of typhoons and hurricanes changing the courses and disappearing by Dr. Lee's prayers. In August 2008, Hurricane Gustav was expected to cause great damage but after Dr. Lee's prayer it weakened, changed course and finally dissipated. Hurricane Joaquin in October 2015 and Hurricane Matthew in October of 2016 weakened and dissipated by Dr. Lee's prayer. In August 2017, right before the summer retreat, Typhoon Noru was approaching to South Korea and heavy rainfall was forecast. But after Dr. Lee prayed, its course was altered toward the east, and after he prayed one more time, it deviated by 100km, far from the projected path.

## Wind **Sea waves calmed down and winds were controlled.**

On May 6, 2017, the weather was worsening around the Uleungdo, and the liner between Pohang and Uleungdo could not sail. According to the weather forecast, it seemed impossible for the liner to sail not only on May 6th but

also on the 7th. It means one hundred thousand people who had already entered Uleungdo couldn't return to the Korean mainland and would be stranded. Deacon Seokyoung Park, Representative of Daezer Shipping Line sailing from Pohang to Uleungdo and Dokdo sent a prayer request to Dr. Jaerock Lee. Twenty minutes after the prayer the wave height of the East Sea decreased to safe heights and the liners were able to sail from Uleungdo to Pohang (photo, Sunflower Ship).

Another occasion occurred on the

15th day of May in 2017 during a church event. At that time, the air was severely polluted with fine dust. The previous day in the Sunday Morning Service, Dr. Lee told in advance that there would be good weather without fine dust. On May 15, it was a very clear and sunny day without fine dust all day long. It was because there had been a strong northwester of 5 m/s blowing and it had scattered away ultra-fine particles on the previous day. The visibility around Seoul was 20km on that day, which was 4 times that of the previous week.

In July 1998, the church's pastors had an Athletic Meet on the last day of Pastors' Seminar. It was scorching hot nationwide. But after Dr. Lee prayed for the event, winds blew and brought clouds in the sky over the event location from three directions to block the scorching sun.

During the Manmin Summer Retreat 2013, heat waves hit the country. But the thick clouds covered the sky and cool breezes blew in the retreat venue. It let the attendees enjoy the refreshing weather at the event.

## Temperature **The temperature was controlled and set at the best condition.**

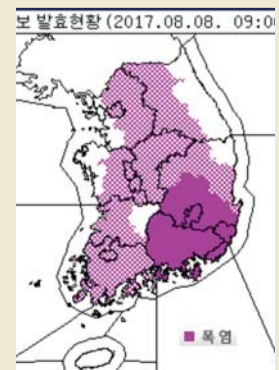

Due to global warming, the frequency of natural disasters is increasingly on the rise. In the mid May of 2016, it was the hottest weather in 84 years in Korea. But on May 26, when there was a church event, temperature abruptly dropped to 24.4 degrees Celsius. It was the same in Manmin Summer Retreat that began on August 8. An extreme heat wave warning (temp>35degrees C) was issued all over the nation, but the temperature at Jumping Park of Muju Deokyusan Resort was 24 degrees Celsius at 7 P.M. on the first night during the seminar. Next day, on August 9, the Ministry of Public Safety and Security announced a heat wave warning over both South and North Jeolla Provinces including Summer Retreat Place, but it was 27 degrees Celsius in Jumping Park.

On October 9 2016, the 34th anniversary Sunday the weather forecast said the high would be 17 degrees Celsius, but temperature

rose to 23.7 degrees to be proper for outdoor event. On December 16 was a Christmas lighting ceremony and the forecast said it would fall to 10 degrees below zero in severe cold, but it rose to 1 degree.

On the day before Manmin Summer Retreat 2017, Dr. Lee said the temperature would be set between 25 and 26 degrees Celsius, and it was as he said (left). Moreover, people participating in the retreat in other countries experienced the same work together. Over the time period, the temperature of India is 32 degrees Celsius but it dropped to 26, and although the usual temperature of DR Congo is between 30 and 33 but it also fell to 25. In Mongolia and Thailand, the members enjoyed the optimal weather between 25 and 26 degrees Celsius.

◀ Excessive heat wave warnings were issued nationwide, but Muju in Jeonbuk Province that contains the retreat place was an exception.

# Bearing Witness to Jesus Christ in Every Corner of the World!

Right up to this 35th anniversary, Manmin Central Church has been dedicated to achieving the providence of God in this sin-filled end time to lead countless souls to salvation through powerful works and the holiness gospel. Let's look back upon the ministry.

## Performing Arts Committee, Bringing renewal to souls with world-class performances

The Committee members lead preliminary praise before worship services and give special performances, which has helped the attendees open their hearts ahead of the service. Moreover, in the church's events such as Easter, Christmas, and the anniversary events, they render world-class praise, dance, and other

genre performances to glorify God.

They also demonstrate the high-quality Christian culture in many overseas meetings with multilingual praises. As their ministry is performed mainly based on God-given song 'Manmin Praise', it has brought renewal of people's hearts and filled them with hope for Heaven.

**"The professional praise, dance, and instrumentals were outstanding!"**

"The performers from Korea showed a very special performance in my country and let us see Korean culture and Manmin's ministry. It was great and spiritually and skillfully professional."  
- Pastor Andrey Vatulin, Revelation Church, Latvia

- Pastor Dmitry Petrovsky, Israel

## WCDN (World Christian Doctors Network), Proving the divine healing work with medical evidence

Dr. Jaerock Lee prayed to spread the living God to the many intellectual people. In February 2004, he founded World Christian Doctors Network, an organization of Christian doctors all over the world to prove the authenticity of the Bible based on medical data.

Every year, a number of Christian

doctors gather from all over the world to hold an international conference under the general theme "Spirituality and Medicine". They present a variety of divine healing cases with medical evidence.

WCDN is headquartered in Seoul, Korea (Founder, Dr. Jaerock Lee; President, Dr. Gilbert Chae), and

it has been actively performing its ministry in cooperation with 21 branches in other countries including

the U.S., Spain, Israel, Australia, the Republic of South Africa, and Mexico.

**"Our living God has truly amazing power!"**

"I was blessed so greatly through the various testimonies of amazing medical miracles manifested through Dr. Jaerock Lee's prayer. As I participated in the WCDN ministry, I became more passionate in faith."  
- Dr. Lyubka Tancheva, Bulgaria

"A woman lost consciousness and fell into a coma after she underwent suction lipectomy for over five hours, but after Dr. Jaerock Lee prayed transcending space and time, she came around."  
- Dr. Armando Pineda, USA

"WCDN ministry has brought changes to our lives, ministries, and visions. People enjoyed the conference and we received great blessings through Manmin's ministry."  
- Dr. Daniel Fuentes Acosta, Mexico

The five-fold holiness gospel delivered by Dr. Jaerock Lee has awakened a great number of pastors all over the world. Many of them began to long for the messages. At their request, in April 2005, Manmin International Seminary was organized to nurture spiritual warriors who can perform the powerful ministry in their local areas.

As of 2017 MIS courses are given in Israel, the U.S., Pakistan, Japan,

## MIS (Manmin International Seminary), A training institute for the Lord's warriors armed with the holiness gospel

Thailand, India, Moldova, Republic of Cyprus, Russia, Belgium, DR Congo, and not only pastors but also believers who long to become spiritual warriors for the kingdom of God have been

taking the courses that consist of the holiness gospel.

MIS offers online courses as well on the website [www.manminseminary.org](http://www.manminseminary.org). The curriculum is based on

three levels, and the detailed courses are as follows: The Message of the Cross, The Measure of Faith, The Holy Spirit, Prayer, and Spiritual Love for elementary level; Worship, Ten Commandments, the Beatitudes, Goodness, Heaven and Hell for intermediate level; and Seven Churches, Keys to Church Revival, Lectures on Genesis, Lectures on 1 Corinthians, and Power for advanced level.

**"MIS courses upgraded my faith and ministry!"**

"I have delivered Dr. Jaerock Lee's sermons to people in MIS Africa. They felt amazed by the message, and the number of people who want to take the course is increasing."  
- Bishop Dr. Myongho Cheong, Chairman of United Holiness Church of Jesus Christ, Africa

"I happened to listen to Dr. Jaerock Lee's sermon 'Heaven' on Enlace TV, and registered in MIS to arm myself with the message systematically."  
- Pastor Carlos Leon, Washington Manmin Church, USA

"I received much grace through Dr. Jaerock Lee's books and registered in MIS. Through the courses, I learned the spiritual meaning and mysterious providence in the Bible and grew up in spirit."  
- Sister Steephy Mehreen, Pakistan
