NO. 571 DECEMBER 17, 2017

## Holy Spirit's Fiery Works Overflowed In Pastors' Seminars and Handkerchief Healing Meetings in Thailand, Kenya, and DR Congo

Rev. Dr. Heesun Lee, Manmin World Guidance Pastor was on the mission trip to lead pastors' seminars and handkerchief healing meetings in Thailand, Kenya, and DR Congo from November 6 through 22, 2017 (Power Chorus in charge of the performance, photo 5).

The first pastors' meeting during the trip was Indochina Pastors' Seminar conducted in Mekong Delta Hotel, Mae Sai in Thailand on November 7. The seminar was attended by local pastors and church leaders from Myanmar, Laos, Vietnam, Cambodia, and Malaysia (Photo 4). Rev. Lee delivered the message under the title of "The Holy Spirit's Voice, Urging, and Guidance" taken from Romans 8:12-16. After the message, the attendees reflected upon themselves and repented on their knees with tears. While they praised in fullness of the Spirit, the Spirit's fire came down upon them and brought many healing works to them.

On the 8th, Rev. Lee led the handkerchief healing meeting in Chiang Rai Manmin Church (Pastored by Jaewon Lee). Through her handkerchief prayer, many people were healed of many diseases including autism,

diabetes, asthma, and poor eyesight and hearing disabilities (Photos 9 and 10).

On the 12th, Rev. Lee went to Kenya and led Nairobi Manmin Holiness Church's 17th Anniversary Service and a Handkerchief Healing Meeting (Bishop Dr. Myongho Cheong). In the anniversary service she delivered the message, "The Flow of Whole Spirit" based on 1 Corinthians 12:27. Approximately 3,300 people attended. Attendees included bishops from six African countries such as South Sudan, Uganda, and Tanzania and ministering pastors from the branch churches in 18 areas of Kenya. In the Handkerchief Healing Meeting, a number of people were healed of many diseases including a fibroid tumor, arthritis, poor vision and hearing problems (Photos 7 and 8).

On the 13th, Kenya Pastors' Seminar was held under the title of "The Holy Spirit's Voice, Urging, and Guidance." The attendees were greatly blessed and expressed their great longing for the holiness gospel.

On 16th, Rev. Lee visited DR Congo and led the Kinshasa Pastors' Seminar attended by many bishops and influential local pastors. Rev. Lee again preached the message entitled

"The Holy Spirit's Voice, Urging, and Guidance." The bishops and pastors received much grace, repented that they had not been united, and built stronger relationships in fellowship with each other.

On the 17th, she led a handkerchief healing meeting in the Church of the Living God (Bishop Jacques Neema Sikatenda). After preaching the message "God the Healer" (Exodus 15:26), she prayed with the handkerchief. Through the prayer, a man was set free from demon-possession and people were set free from many kinds of diseases including hernias, rhinitis, after effects of stroke, and difficulty in walking.

On the 18th, Kinshasa Manmin Church (Pastor Jacob Lee) had its 10th anniversary service, inauguration ceremony, and handkerchief healing meeting. Rev. Heesun Lee proclaimed the message entitled "The Shepherd's Fruit" based on Psalm 126:5-6 (Photo 6). When she prayed with the handkerchief, a person who had suffered from AIDS received the Holy Spirit's fire and the disease was cured. Also, a number of people were healed of many kinds of diseases and recovered better eye sight and better hearing ability. They

glorified the name of the Lord with their testimonies (Photos 11 and 12).

The next day, on Sunday the 19th, another handkerchief healing meeting was held in Christian Ministry of Spiritual Combat (Rev. Elisabeth Olangi Wosho), which is one of the biggest churches in DR Congo. Rev. Lee delivered the message "God the Healer" (Exodus 15:26) and prayed with the handkerchief. Through the prayer, a woman was set free from demon-possession, and again a large number of people were healed of diseases such as AIDS, malaria, appendicitis, and various kinds of pain (Photos 1 through 3, and 13).

Rev. Elisabeth Olangi Wosho expressed her thankful heart for the precious message and the powerful works that filled their members with the Holy Spirit. She gave Rev. Lee a plaque of appreciation for Dr. Jaerock Lee who had sent the mission team to her church. This healing meeting in the Christian Ministry of Spiritual Combat was broadcast in fifty countries through CVV TV and RTGA TV, and people in Angola and London expressed their gratitude for the meeting after they watched the meeting on TV.

Senior Pastor Dr. Jaerock Lee

“God is spirit, and those who worship Him must worship in spirit and truth”  
(John 4:24).

As we worship in spirit and truth and live by the truth, we can realize and understand the heart of God who is spirit. David gave thanks to God in every matter because he understood God’s good will and love for him. Consequently, he could form a united kingdom of Israel and Judah and become the great king who accomplished the covenant that had been given to Abraham.

Let’s, then, delve into three characteristics of those who are always thankful like David.

### 1. They believe God gives them only the best things.

They believe the heart of God is goodness and love, and they believe God gives them the best things during the course of their lives. Just as parents express their love to their children, God also expresses His heart full of goodness and love toward His children.

Of course, those who have weak faith sometimes might not believe that God is giving them only the best. Especially, they might feel that way if blessings don’t come to them in the way they expected or if they are faced with trials. But if they try to understand God’s love and goodness, they will believe that God gives them only the best and they will give Him thanks. They will unchangingly rejoice and give thanks in any kind of situation such as in tests, trials, hardship, or any kind of misunderstanding.

This was the case with David.

After David was anointed as the next king, the reality he had to face was that he was wrongfully accused as being a traitor, and he was on the run in the wilderness and in other countries. In the face of threats to his life, he even had to pretend to be crazy. While seeking food for his people he was also severely mocked by a rude man. Once, he saved the inhabitants of Keilah from the Philistines, but they then informed Saul of his whereabouts. David was betrayed, and once his own men who were following him tried to stone him to death.

While he was going through so many years of trials, however, he composed so many beautiful psalms. David praised God day and night, no matter what the circumstance, and God gave him the best things after all. Namely, God gave him the whole nation of Israel. God let him become a king who was loved by God and the people, and to whom the neighboring countries brought tribute.

The best thing that God wants to give to each of us is the prosperity of our soul. There might be some trials along the way. However, trials are only a step toward blessings that let us cultivate a sincere heart and perfect faith. Therefore, we have to believe in God who gives to us only the best things. We have to understand why God, who is goodness and love, has allowed us to have such circumstances. Furthermore, we should give overflowing thanks from the depth of our heart in all things with the belief in God who always gives us only good things in every matter.

### 2. They believe that God’s thoughts are higher than theirs.

Isaiah 55:9 says, “For as the heavens are higher than the earth, so are My ways higher than your ways and My thoughts than your thoughts.” 1 Corinthians 1:25 first half says, “Because the foolishness

of God is wiser than men.” It means that God’s wisdom is beyond any comparison with human wisdom.

For example, in doing a certain work a man who has physical limits can see only one way to do the work. However, God who is spirit can see two, three, four ways or even more ways which are better than his method. Those who believe in this God will acknowledge the fact that God’s ways are higher than theirs. Also, even if God leads them in a way that they never expected, they still give thanks.

It was also the case with David. David wanted to build the Temple and dedicate it to God. The will of God was, however, that after his death the Temple would be built by his son, Solomon. He didn’t resent God’s decision nor did he try to go against God’s will. Although he was not allowed to dedicate the Temple, he prepared the materials for the construction as well as the organizations such as the choir and voluntary workers for the Temple.

Though he was a good strategist, he still inquired of God for the minutest details. When he went against God’s will without realizing it, he humbled himself and repented as soon as he realized it. He also immediately turned from his ways to be in accordance with God’s will. Even after he became the king and the nation became strong, his humbleness didn’t change. He always sought the will of God (Psalm 25:5).

When you’re in a low position in spirit and body, you would easily admit that your will can be different from God’s. But what will happen to you when you become more experienced and sit on a higher position such as a teacher or a leader? Rather than asking God’s will all the time like David did, you may think you know the will of God and insist upon your opinion.

You have to believe that God’s thoughts are higher than yours, and you have to pay attention to the word of God. Also, you have to

hear what the Holy Spirit says to you by praying at all times. I hope in doing so the will of God will be beautifully accomplished in your lives.

**3. They obey the will of God.** Those who believe that God gives them the best things and His thoughts are higher than theirs will obey God’s will they learn. David did so. 1 Kings 15:5 talks about the reason why God let the nation of Israel have the best times under David and Solomon

It says, “Because David did what was right in the sight of the LORD, and had not turned aside from anything that He commanded him all the days of his life, except in the case of Uriah the Hittite.” Of course, we know that David thoroughly repented of taking Bathsheba and letting Uriah die, and he cast away the sinful nature of it going through the punishment of God.

Through this, God not only made him a famous and excellent king on this earth but established him as a noble man in heaven who will enjoy honor forever. When you obey the words of God, you will be given answers to prayers, blessings and prosperity. It is as Isaiah 1:19 says, “If you consent and obey, you will eat the best of the land.” Therefore, I hope you will receive the answer to your prayers through willful obedience and always live a life full of thanksgiving.

Dear brothers and sisters in Christ, God the Father is full of love and who gives us only good things. God fulfilled His plan through David, and in the process of fulfilling His will, He always expressed His love for David. David lived a life full of thanksgiving, being able to offer up his praises to God even in the valley of the shadow of death. I pray in the name of the Lord that you will be able to offer up the same kind of thanksgiving as those found in the Psalms.

## The Confession of Faith

1. Manmin Central Church believes that the Bible is God-breathed Word that is perfect and flawless.
2. Manmin Central Church believes in the unity and the work of God the Trinity: God the Holy Father, God the Holy Son, and God the Holy Spirit.
3. Manmin Central Church believes that we are forgiven of our sins only by the redeeming blood of Jesus Christ.
4. Manmin Central Church believes in the resurrection and ascension of Jesus Christ, His Second Advent, the Millennium, and the eternal heaven.
5. Members of Manmin Central Church confess their faith through “The Apostles’ Creed” each time they come together and believe in its content verbatim.

“[God] Himself gives to all people life and breath and all things.” (Acts 17:25)

“And there is salvation in no one else; for there is no other name under heaven that has been given among men by which we must be saved.” (Acts 4:12)

## The Pastors of Thailand, Kenya, and DR Congo Repented and Felt the Great Love of God!

**“The message was powerful!”**

**Pastor Peter Njau, President of Kenya Evangelization Association, Nairobi**

The Pastors' Seminar was attended by a lot of pastors and it was amazing. Pastors all around the world should listen to the message, which was truly powerful. Rev. Heesun Lee explained how to hear the Holy Spirit's voice well and be

guided by Him in a very clear and understandable way based on the Bible. I learned what true pastors should do and felt thankful for the holiness gospel. I give thanks to Dr. Jaerock Lee who has been devoted to receiving the holiness gospel from God. We hope Dr. Lee will lead a united crusade in Africa.

**“I came to long to become sanctified!”**

**Rev. Dr. Charles Kelani, Representative of Worldwide African Missions Association**

The message of life moved and renewed our hearts. We were given hope for future ministry.

I felt very grateful and happy for being able to attend this seminar. I realized again that the Holy Spirit

dwells in us and He wants to talk to us. We should pay attention to His words and communicate with Him in every matter.

The precious message gave me great longing to become sanctified. I give thanks for giving the precious message which is necessary in this age.

**“The message was truthful and deeply rooted in God's Word!”**

**Pastor Tite, Christian Ministry of Spiritual Combat, Gabon**

The crusade conducted in Christian Ministry of Spiritual Combat was broadcast live on CVV TV and RTGA TV through the satellites that cover fifty counties. Our missionaries in branches eagerly hope that Dr. Jaerock Lee will come and bless us. We want to meet him because he shows the way to receiving the Lord-given great blessing.

Today there are an untold number of churches but not many present the true teaching of the Ttruth.

They tell people to do this or do that, but their teaching rarely comes from the knowledge of Jesus Christ. However, Manmin Central Church is deeply rooted in the Word of God.

The 40,000 seats of the church were all taken, and the crusade was full of grace and emotion. Moreover, I felt the Lord's presence. After they repented with tears, amazingly wonderful miracles filled the sanctuary. I give thanks to God who showed His great power and to the Lord who is the same yesterday, today, and forever.

**“I was healed of heart disease after realizing the heart of a true pastor!”**

**Pastor Woraphon Yingwathanakun, Vice President of Indochina Peninsula Pastors' Association**

Acts 19:11-12 records handkerchiefs or aprons were carried from the apostle Paul's body to the sick, and the diseases left them and the evil spirits went out. The extraordinary works have occurred in Manmin Central Church. In 2008, I visited Korea and received Dr. Jaerock Lee's prayer on my handkerchief. With the handkerchief of power, I evangelized a shaman in a neighboring town. His family and the people in the town also accepted the Lord. They even changed the name of the town into Nazareth.

Although I experienced great powerful works of the Holy Spirit, I was double-minded between my ministry and my worldly job. I realized that I had not dedicated myself to souls as a pastor. I repented thoroughly of my inappropriate deeds as a pastor in the Indochina Peninsula Pastors' Seminar. After the repentance, Rev. Heesun Lee came to me and put the handkerchief of power on my chest. At that moment, the Holy Spirit's fire came upon me and cured my heart disease. The previous symptoms of feeling suffocated, abnormal heartbeats, and lethargy were all gone! Hallelujah!

**Brother Pakpum, age 20, Thailand**

“I was born with autism. I could not make eye contacts with others and used to ramble a lot. But after the prayer, I came to see others straight in the eyes and can now clearly articulate what I intend to mean.”

***It's so amazingly wonderful!***

**Sister Waesada, age 29, Myanmar**

“For ten years I had a hard time talking to others because of hearing difficulty. It even caused social phobia. After the prayer, however, my hearing ability was fully recovered!”

**Sister Bulanseke Dorcas, age 17, DR Congo**

“I had bad eyesight from birth. I had many difficulties in studying, but after the prayer my vision improved, and I am now able to read books well.”

**Sister Mary Musisi, age 37, Kenya**

“I had pain in my fallopian tube and a headache caused by sinus infection. I had poor eye sight in one of my eyes so I couldn't read small letters. But after the prayer all pains were gone and I came to read small letters!”

## “My son, Woobin, was healed of language development delay!”

Sister Bomi Choi, age 35, Parish 6, Manmin Central Church

My son, Woobin, is now four years old. At the age of 38 months he still couldn't speak very well. When I said, “Woobin, this is a car. A car,” he didn't follow my example and just said, “Yes.” Other children at his age used verbs and postpositions but Woobin's utterances were not more than three words, which is typical of an 18- to 20-month-old child's level.

He often failed to communicate with his friends, so he would express his feeling with actions like shoving and pushing. On July 10, 2017, I finally took him to a pediatric hospital, and he was diagnosed with language development delay.

The doctor said he needed to receive language therapy, cognitive therapy, and even occupational therapy because his fine motor skills development had also been delayed. It would cost 1,000 dollars per month. The doctor advised me to register his disability because it would cost a lot. She added that if Woobin's problems were not treated properly at that moment, he would develop autism. I was seriously shocked. I did not know what to do for him. At that time, the church was accepting sick people's registration of those who prepared to be healed in the Manmin Summer Retreat 2017. I registered his name with the name of his disease, ‘delayed language development’.

On August 7, I attended Manmin Summer Retreat 2017. During the Divine Healing Meeting, Senior Pastor Dr. Jaerock Lee prayed for the sick after the seminar. I received the prayer for Woobin. Right after the prayer, Woobin said to me, “Mom, where is my aunt? Is she gone?” He had never uttered a full sentence ever before. I was so amazed. On August 9, when Senior Pastor said he would pray for the sick again during Camp Fire Worship and Praise, Woobin folded his hands on his chest and said, “Pray”. And he received the prayer saying, “Amen. Amen.”

On August 10, with assurance of his healing, we went to the hospital and he underwent tests. The doctor said it was impossible for a child who had been in such a serious state a month before to improve that much within a month. She was really surprised. Since then, my son has talked much and improved language quickly. Hallelujah!

Not long after he was born, his heart had four holes due to atrioventricular septal defect but through Senior Pastor's prayer he was completely healed. I forgot the grace of God and forsook the will of God who wanted to lead me to a blessed life. I repented and engraved the love of the Lord who protects us in the shepherd's space.

I give all thanks and glory to God who never leaves me behind and leads me to the way of salvation and blessing and the Lord who redeemed me from sin. I also give thanks to Senior Pastor who prayed for us with great love.

## “My son, Isu, was healed of hydronephrosis!”

Sister Jinju Lee, age 30, Parish 6, Manmin Central Church

I heard a shocking word from the hospital not long after I became filled with joy over my pregnancy. It was the fifth month. The fetus had obstructive uropathy, which brought about a problem with urinating. It caused his kidney to swell and his urinary bladder wall to be thickened. It finally led to hydronephrosis, which causes the water to come into his kidney.

Two weeks after I delivered my son, he underwent a surgery that opened the urinary tract. Six months later, he went through tests again. The doctor said that despite the surgery, the level of hydronephrosis was still high and the bladder wall was very thick, which made itself hard to contract and relax. He told me to give him medicine for six months but added it would not be completely healed in a short while. He even said my baby might have to take medicine during his entire life.

Since I was little, I have attended Manmin and listened to the holiness gospel, but I did not live in the truth and my faith was lukewarm. I thought this lukewarm faith of mine was the cause of my son's disease. My problem brought this trouble to him. I thoroughly repented.

I believed that the power of God the Creator would heal my son through Senior Pastor Dr. Jaerock Lee's prayer. With the belief, I did not give the medicine to him and instead offered up breakfast fasting during the six months. I listened to Senior Pastor's prayer for the sick and three-minute sermon recorded on Automatic Response System and Manmin Praise with my son. When Senior Pastor came to the central church from his mountain prayer, I went to him with my son and Senior Pastor prayed with love for my son with his hand on my son's head.

While my longing became greater, the church had an event on May 15, 2017. I received Senior Pastor's prayer with faith and hope for my baby's complete healing. When I shook hands with him, he looked back again to see my baby and stroked his head.

Next day, it was a regular check-up day for my baby. Then, the doctor gave me the thumbs up and said, “Hydronephrosis was gone! The ureter that used to be 6mm long retracted to 2mm and became normal in thickness. The bladder wall also became thin.” He added even his kidney function level had become normal. Hallelujah!

When I left hospital after hearing it, the love of God flooded into my heart. I also felt thankful for the love of Senior Pastor who prayed for me and my son. My son, now 2 years old, Isu is growing healthily.
