**"For it is God who is at work in you, both to will and to work for His good pleasure" (Philippians 2:13).**  
Manmin's young adults stand out in the world for they've been taught the holiness gospel and experienced many signs, wonders, and powerful works. Let's hear the testimonies of four young people who have given out the fragrance of the Christ in their own field and are advancing for their holy goals for the glory of God.

### Jaeyun Kim, California Manmin Mission Center in the U.S.

Brother Jaeyun Kim (picture #1) graduated from UCLA which is one of the best colleges in the western part of the U.S. He also earned his master's degree in the same school in 2015. While he was working as a math teacher in high school, his father, Missionary Hangryeol Kim who had ministered to California Manmin Mission Center, was dispatched to Peru Manmin Church, and the center was in need of a missionary who could fill in for him.

On December 17, 2017, he was dispatched as a layman missionary to the mission center by Manmin Central Church. In fact, he had held fast to a vision for mission work when he was a high school student. God remembered it and led him to be a missionary.

"I want to be a powerful missionary and lead many people in North America to the Lord by the holiness gospel. By doing so, I hope to repay the grace of God who allowed me to meet the shepherd of love and power and to have true faith."

### Hanbit Lee, Lawyer in Personal Information Protection Commission

Sister Hanbit Lee (picture #3) is a lawyer. She finished the training courses at the Judicial Research & Training Institute as one of the 44th year graduates. She is now working for the Personal Information Protection Commission that serves under the office of the president.

As she was taught by Dr. Jaerock Lee to stay humble, avoid arrogance and serve others, she tried not to insist on her righteousness and endeavored to learn from others, even when something she was not comfortable with happened. Soon, people began to recognize her. She thought she didn't do something great, but her small deeds of goodness led to having a good reputation in her field. Eventually she was scouted by the commission that most people want to enter.

"I didn't drink alcohol to please others. But God guided my way in His method, not the worldly method. I hope to be a lawyer of love who can give hope to many people with the Lord-given wisdom."

### Seulgi Kim, Power Worship Dance Team, Performing Arts Committee

Sister Seulgi Kim (picture #2) dreamed of glorifying God with dance when she watched the performance of Power Worship Dance Team during her school days. She moved to Seoul when she entered college in 2010 and became a member of College Mission Worship Dance Team and then the Glory Worship Dance Team. In 2015, she finally entered Power Worship Dance Team that she had dreamed of for so long.

At about this same time she was healed of tuberculosis by Senior Pastor Dr. Jaerock Lee's prayer. Since then she has devoted herself more to glorifying God through her performances. She said she feels happy when she shares the Lord's love through her dance with people who use different languages and have different cultures.

"I feel great love of God when I see people shedding tears during our performances, when I see them awakened by the holiness gospel and when they experience healing works of the Holy Spirit. I hope more and more people will feel this great love of the Lord and reach the beautiful heaven."

### Hosan Jeong, Crime Investigation Department of Gwanak Police Office

Brother Hosan Jeong (picture #4) is a police lieutenant who works for Economic Crime Team of Crime Investigation Department of Gwanak Police Office. He was awe-struck when he listened to Senior Pastor Dr. Jaerock Lee's lectures on Genesis on the internet. After he received much grace from the sermons, he registered in Manmin in 2012.

He has met many different kinds of people while working, but he tried to treat them with goodness and give out the fragrance of the Christ. In 2017, he received several citations. He also works faithfully as a member of his mission in church and dedicates himself to church members' security. He said he always experiences the help of God while on duty.

"I easily arrested criminals even when the location tracking system did not work. My coworkers were amazed saying they had never experienced such a thing. I want to deliver the love of the Lord given to me for free and warm the world as a police officer."

# Faith Is the Assurance of Things Hoped For

power of God the Almighty works. The Bible tells us what kind of people could experience the world of faith, what part of them was considered as faith by God, and how God led them to answers and blessing. Naaman was one of the good examples, which is recorded in 2 Kings 5.

## 2. The reasons Naaman could receive the answer

Naaman was the general of the army of the king of Aram. Even though he was the next to the king in rank, he came down with a disease that couldn't be cured with human methods. He was a leper, but he was healed of it by the power of God. While many lepers in Israel were not cleansed, Naaman brought down God's answer and he was cleansed though he hadn't known God before (Luke 4:27). Why is that?

### First, he had goodness in heart.

Most people don't listen to others when they are in a high position since their hearts are lifted up. However, Naaman had enough goodness to pay attention to the words of a young servant.

He listened to the servant girl who had been taken captive from Israel. She said to him, "I wish that my master were with the prophet who is in Samaria! Then he would cure him of his leprosy." Hearing this, he went to Israel himself to meet Elisha the prophet of God.

### Second, he showed his faith by preparing offerings with his heart.

Naaman departed for Israel and took with him ten talents of silver and six thousand shekels of gold and ten changes of clothes (2 Kings 5:5). He didn't want to reap what he hadn't sown or more than what he had sown. He heartily prepared offerings that were suitable for his position with a strong desire for healing (Matthew 6:21). God accepted his heart in his offerings, deemed it as his faith, and blessed him to reap what he had sown.

### Third, he obeyed the word of God that was delivered by the prophet.

Elisha didn't show up before Naaman though Naaman came from a faraway place to visit Elisha. Elisha just sent a messenger to him, saying, "Go and wash in the Jordan seven times, and your flesh will be restored to you and you will be clean." Since Naaman was held within fleshly limits at the time, he was not able to believe Elisha. He even thought that Elisha looked down on him and said that he would go back to his own country (2 Kings 5:10-12).

However, his servants tried to stop him from just going away empty handed (2 Kings 5:13). When they spoke to him, they called him, "My father," by which we can assume that he treated his servants with love and virtuous generosity as he treated his own children. His feelings seemed to be hurt for the moment, but he changed his mind because of the words of his servants and obeyed Elisha.

### Fourth, he obeyed without changing mind until the end.

Why did Elisha tell Naaman to wash in the Jordan seven times through his messenger without going to meet him? The number 'seven' stands for the completion, and the water for the Word of God. So, washing in the Jordan seven times meant obeying the Word of God completely.

Naaman perfectly obeyed the word of Elisha and finally experienced the work of God. After dipping himself in the Jordan seven times, he found that his flesh was restored like the flesh of a little child and he was clean (2 Kings 5:14). Because he believed the word of the prophet Elisha and unchangingly obeyed until the end, he could receive God's answer.

### Fifth, he repaid the grace given to him.

After he was healed of leprosy, Naaman returned to Elisha with his entourage and expressed his gratefulness. He also confessed that God is the only true Deity on the earth (2 Kings 5:15-17).

Nobody had taught him the Law of God, and no one had told him

about God. But through the one-time experience, he came to believe firmly that the LORD of Israel is the only true God. He also asked the LORD to pardon him because he would have to bow himself in the house of Rimmon when his master went there and leant on his hand (2 Kings 5:18).

He had the heart that was good enough to remember and repay the grace given by God and not to betray God, so God chose him and let him glorify Him.

## 3. Faith as the passage to bringing down God's power

When faced with hardship, most people may say, "I can't make it. Such a case is applicable only to those with great faith." However, answers will be given to anybody as long as they truly believe God. Faith is a cord connecting you with God the Creator, and it is also a passage to bringing down God's power.

Therefore, when you pray and ask with faith, you will receive (Mark 11:24) and nothing could be a problem. It's because when you have faith in God, the law of the spiritual world where nothing is impossible is applied.

If you ask for financial gain and do not receive, it is because you ask with wrong motives, such as so you can spend it on personal pleasures (James 4:3). It can't be said that you have faith if you ask something for spending it on your pleasures. It also shows that you haven't prepared a vessel proper for answers. Thus, in this case, God cannot give you the answer, no matter how hard you try to show your faith.

Dear brothers and sisters in Christ, you should not just say with your lips, "I believe", but you should show the proof of your faith. The proof is to obey things that you cannot obey, and to believe things hoped for will become real, and to believe the 66 books of the Bible. I pray in the name of the Lord that by believing perfectly God, you will show the proof of your faith and glorify God greatly.

"Now faith is the assurance of things hoped for, the conviction of things not seen. For by it the men of old gained approval" (Hebrews 11:1-2).

The 11th chapter of Hebrews explains what faith is and how forefathers of faith could receive God's answers. Concerning the definition of faith, it says that faith is 'the assurance of things hoped for and the conviction of things not seen'.

Let's delve more into faith and how we can receive answers through faith.

## 1. Spiritual faith in which nothing is impossible

Despite the development of science and medicine, the kinds of diseases and problems mankind cannot handle have increased today. The number of newly discovered diseases has risen, and accidents and disasters have occurred endlessly all around the world. Many people have died of incurable or terminal diseases. Some people have lost wealth and fame overnight. In this fleshly world, you cannot but be confined to limits since it is impossible to deal with the problems that go beyond human ability.

However, in the world of faith, things you hope for will become real, and things you cannot see will become visible. This is the spiritual world. It is the world without limit or impossibility, no matter what kind of reality you are in. It is the world where the

# Overflowing Evidences of the Living God

As Jesus said in John 11:40, "Did I not say to you that if you believe, you will see the glory of God?" the belief in God can bring about unimaginably amazing works of God.

Manmin members in and out of Korea have experienced such great power of God for whom everything is possible. They have been healed of diseases, received answers and blessings, and been protected from accidents or diseases. Here are some of their testimonies.

## The word of life led me to the way of renewal and happiness!

Through offering untold hours of prayer and periods of fasting, Dr. Jaerock Lee received the interpretations on the Scriptures from God by the inspiration of the Holy Spirit. All his spiritual messages are available in the church's website [www.manmin.org](http://www.manmin.org) which has enabled many people to listen to the sermons and experience spiritual healing, change, and life.

**Brother Victor Chevchigashev**, age 46, Russia, listened to Dr. Jaerock Lee's sermons via CNL and TBN Russia which are Christian broadcasters for Russian-speaking people. He was amazed by the deeply spiritual messages. He stated, "Dr. Lee looked very humble and trustworthy, and he gave clear answers to the questions I had had for a long time about the Bible." He also experienced healing. He had suffered from swelling of his fingers and a discharge pus from his nails due to his work and also had psoriasis of his legs. But he was healed of all of them.

Since his family registered as Manmin members, they have joined in Manmin's worship services on the internet

and spread the holiness gospel to their neighbors.

**Deacon Jongyeong Park**, age 43, Parish 32 of Manmin Central Church, said that he hadn't felt happy when he attended another church. He thought, "The world is stained too much with evil and it strongly draws me to sin. Can I overcome this? I wish I could receive at least a shameful salvation."

Meantime, he happened to watch the video clip entitled 'Power' on YouTube. It was about the powerful works manifested by Dr. Jaerock Lee. He came to wonder about Dr. Lee's sermons.

He started to listen to Dr. Lee's sermon series "The Message of the Cross" and continued with other messages. He was deeply touched by the great love of God after hearing that God has cultivated human on the earth in order to gain true children with whom He can share love forever. He finally registered in Manmin with his family, and now is tasting true happiness in his believing life. As he leads a Christian life that has nothing to do with sin, his family has been at more peace in the Lord.

### "I was healed of gastro-esophageal reflux disease by the prayer!"

**Deaconess Songye Jung**, age 40, Canaan Mission, Manmin Central Church

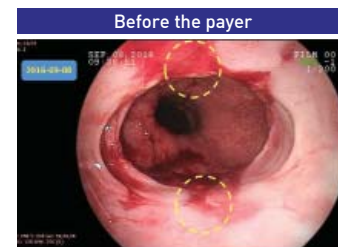

I felt serious burning in my chest. I couldn't lie down while sleeping.

In the last two years, I sometimes got serious heartburn. After a while, the symptom spread even to my throat. I felt burning in my throat and something moving. I felt nauseated. When I lay on the bed, stomach contents came back up into the esophagus and

In September 2016, I underwent gastroscopic examination, which revealed gastro-esophageal reflux disease. There was severe inflammation and bleeding in my esophagus. I took medicine but it didn't get better. In August 2017 I again had a gastroscopic exam and it still showed scars in my stomach and esophagus.

On December 30, 2017, I received Senior Pastor Dr. Jaerock Lee's prayer after the Friday All-night Service. Next morning, I found the heartburn and the other symptoms were all gone. I felt nothing in my throat and digested food well. I was healed of gastro-esophageal reflux disease by Senior Pastor's prayer!

### "My right arm was fractured but the parts were perfectly joined without surgery!"

**Brother Juyeong Jung**, age 14, Parish 9, Manmin Central Church

On November 4, 2017, I hurt my right arm when I fell from the slide in the playground. The doctor said my arm was completely broken and I

needed surgery. He added that without the surgery my arm would stop growing and become shorter than the other, or the arm might be displaced and become crooked. I wanted to receive healing from God, so I went home. I received Senior Pastor Dr. Jaerock Lee's prayer recorded on the Automated Response System. After the prayer, the pain gradually subsided and disappeared. That same night I slept well.

The doctor had told me that my arm was fractured, and it would cause serious pain. But I had no pain at all. I went to Daniel Prayer Meeting and repented. I burst into a flood of tears.

On November 17 I sent a prayer request to Senior Pastor who was praying in the mountain prayer house. On December 2, I had an X-ray. The doctor said my

arm bones were connected perfectly and properly. Hallelujah!

▶ The end of humerus was completely fractured and transpositioned.

▶ The fractured parts had enough bone-healing fluid, and no sign of shortening.

### "I was healed of paralysis caused by a stroke!"

**Deacon Changkeuk Maeng**, age 69, Chinese Parish, Manmin Central Church

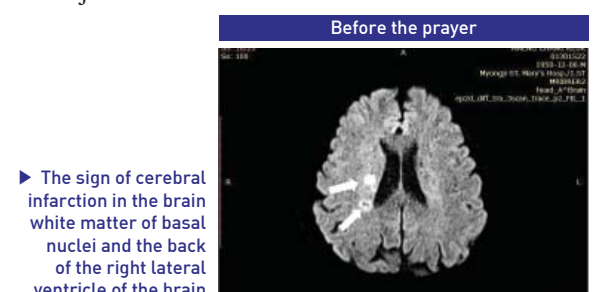

On December 26, 2017, I came out to go to work. I felt my body leaning towards the left, so I turned back toward home. On the

way, I felt paralysis in my legs and tongue. I couldn't climb up the stairs nor speak.

I managed to arrive home. My daughter called 119 for an ambulance, and I was rushed to hospital. It was cerebral infarction. The doctor said brain cells were damaged in three parts of my brain and it would not heal completely. He also added I could no longer lead a normal life.

At 5 P.M., on December 29, I received Senior Pastor Dr. Jaerock Lee's prayer. After the prayer, my legs were strengthened, and I came to walk without assistance from others. My body didn't lean towards the left either.

After the Friday All-night Service on December 30, I shook hands with Senior Pastor and my paralyzed tongue became normal. I came to speak normally. Hallelujah!

## “Blessings overflow in my family!”

Deacon Yongchul Baek, age 53, Parish 6, Manmin Central Church

I just recently realized I can do anything and bear fruit in the Lord as long as I have faith. I'm working for Seoul Housing & Communities Corporation. I've been responsible for many construction sites, but there was not a single accident for years because Senior Pastor

Dr. Jaerock Lee prayed for me.

I fulfilled my duty with diligence and served others as I was taught by him. On December 31, 2017 I received a Seoul mayoral citation. It was given in the recognition of my contribution to the execution of flood damage security measures, the damage reduction, and the citizens' security. I was happy that I could glorify God.

Brother Jonghyun Baek, my son, is now 21 years old. When he was five, he had a terrible stutter. But when he shook hands with Senior Pastor with faith, he became normal immediately. After he experienced the amazing power of God, he prayed to study languages and work for the kingdom of God. In 2018, he was admitted to the Department of Arabic in Hankuk University of Foreign Studies by passing the writing test of the early admission process. He even held half-tuition scholarships over the full academic years.

Sister Jihyun Baek, my daughter (age 19) almost died when she was little. A car backed up over her! But she was protected in the shepherd's space. She is very healthy. She's been serving as a president of High School Mission of Students' Sunday School both last year and this year. As she studied and was well behaved in school, she received an award as an exemplary student.

Senior Deaconess Miok Kim (age 49), my wife, is also filled with joy and thanks as she takes care of souls and prays hard. I give all thanks and glory to God who has led my whole family to have hope for the beauty of heaven and walk the way of blessing.

## “I was healed of blood cancer!”

Sister Tara Singh, age 28, Delhi Manmin Church, India

In April 2017, my body had abnormal symptoms. I felt pain all over my body and had trouble sleeping due to a severe headache and itching sensation. I became weaker and spent all day lying on the bed. As the symptoms got worse over time, I couldn't even eat at all.

I was diagnosed with the 4th stage of hematologic malignancy. The doctor said full recovery was not guaranteed even after surgery because cancer cells had already been spread all over my body. Worse yet, I was told that I might die anytime without the surgery.

In that desperate situation, something came to my mind. Two months before it started, I had been guided to Delhi Manmin Church. I heard many testimonies of those who were healed of diseases by Senior Pastor Dr. Jaerock Lee's prayer.

I began to pray in Daniel Prayer Meeting on GCN. I repented of my past life and prayed earnestly. I received Senior Pastor's recorded prayer three times a day and listened to his sermon "The Message of the Cross." I often received the prayer of the handkerchief, on which Dr. Lee had prayed, from Pastor John Kim (Acts 19:11-12). Afterwards, I felt much better and received strength over my body.

Then, I heard Manmin Summer Retreat 2017 would be held in August. I prepared myself to receive complete healing. I offered up fasting and prayer. On August 7, I joined the first day of the retreat via GCN. When I received Senior Pastor's prayer, something amazing happened to me. Right after the prayer, I received the Holy Spirit's fire. As my body became hot, I sweated a lot. Then, all the cancer symptoms were completely gone!

Ten days later, I underwent a medical check-up. The doctor said in amazement, "Cancer cells are all gone!" I give all thanks and glory to God who healed me!

## We have been perfectly protected in a large fire and horrible accidents!

**Sister Teresita Tamayo of Manila Manmin Church in the Philippines, age 67,** was safely protected in a big fire. At 10 A.M. on January 4, 2018, the fire broke out due to children who played with fire,

and it turned into a large fire. It was not until 5 P.M. that the fire was brought under the control through more than 20 fire trucks. This fire burned down Sister Teresita Tamayo's 50 neighboring houses including the house right behind her house. But her house was perfectly protected from the fire.

"I sent a prayer request to the central church through my church's pastor. In the end, my house alone was completely protected in the shepherd's space! Amazing!"

On December 29, 2017, **Brother Arguins Odaka Sande, age 23, Nairobi Manmin Holiness Church in Kenya,** fell from the 4th floor of a construction site while he was working. He accidentally

stepped on a ladder whose screws had loosened and fell. His co-workers rushed him to hospital, but he was absolutely normal with just a small cut on his face!

He said, "My body was falling with my head first. Suddenly, I felt some strength in the air, which turned my body, so my right hand fell first, not my head." He underwent medical exams, but no damage was found at all and the X-ray on his right hand showed no problem.

**Brother Vasily, age 32, Moldova Manmin Church** crashed into a car next to his by a mistake on October 11, 2016. The car squashed his car and pushed into the driver's seat.

"The car stopped right before it reached my body. After I got myself together, I opened the door and got out of it. I checked all my body, but I didn't hurt at all. I was protected in the shepherd's space!"

He had registered in Manmin after he listened to Senior Pastor Dr. Lee's sermons through CDs his acquaintance had given to him. He said his life had changed through the word of life.
