“Deaf People’s Ears Opened When the Holy Spirit’s Fire Came Upon Them!”

Deaf Members from Six Countries Including Malaysia and Germany Were Healed

In Manmin Summer Retreat, many signs, wonders, and powerful works unfold in the name of Jesus Christ. That is why a great number of people from in and out of Korea participate with longing. In particular, many deaf people have experienced the opening of their ears, which prove the power of God recorded in the Bible.

In 2018, twenty-eight deaf people from Malaysia, Thailand, Germany, Latvia, Faroe Islands, and Denmark attended Manmin Summer Retreat held in Deogyusan Resort in Muju from August 6 to 8, and twenty-four of them experienced God’s healing work.

On the first night Rev. Dr. Soojin Lee prayed for the sick with the handkerchief on which Senior Pastor Dr. Jaerock Lee had prayed (Acts 19:11-12). Sister Tanya Del Boccio, age 47, from Germany felt hot all over her body and started to hear sound through her right ear. Sixteen-year-old Brother Kittithat Kang Kawang from Thailand came to hear and understand full sentences though he had previously only been able to hear some intermittent sounds. Sister Tang Kie Bin, 31, from Malaysia said she received the fire of the Holy Spirit during the prayer. When she returned to her room after the seminar, she heard visitors knock on her door and was then assured of her healing.

Most of deaf members have experienced constant improvement of their hearing ability over several years as they took part in the annual

retreats. Sister Jyrre Dahi, 61, from Denmark and Pastor Junghoon Ji, 52, from Malaysia came to hear better after they felt some itchiness in both ears after receiving the prayer. Sister Hoe Saw Hong, 56 received the prayer in Malaysia through simultaneous sign language interpretation provided on the internet. She said her body became hot and her ears felt itchy during the prayer and came to hear better.

For Brother Lauris Rurans, 32, from Latvia, his right ear opened during the retreat last year. He looked back upon his believing life because he still couldn’t hear through his left ear. He prepared for the 2018 retreat by praying in Daniel Prayer Meeting. And when he received the prayer in this year’s retreat,

he finally experienced the opening of his left ear. Brother Liew Kar Luk, 24, from Malaysia had come to hear better through his left ear and hear a little through his right ear in the previous retreat. In this year’s retreat, he came to hear better through both ears.

Additionally, Sister Beate Geisselsoeder, 49, Germany; Sister Meifria Weihe Hansen, 41, Faroe Islands; Brother Mahendran Subramaniam, 43, Faroe Islands; Brother Elvis Nebijs, 23, Latvia; Sister Inga Maurina Jurkjane, 31, Latvia; Brother Yasinthon Kang Kawang, 21, Thailand; Brother Joseph Lim Beng Pil, 35, Malaysia; Brother Liew Kar Fond, 24, Malaysia experienced the improvement of their hearing ability

every year through the retreats. This year as well, they all came to hear better.

Brother Chairat Jiraphat, 52, Thailand had his left ear opened by Senior Pastor Dr. Lee’s prayer before, and this year, his right ear opened. Moreover, his eyesight improved, and he said in happiness he no longer needs glasses.

As Matthew 11:5 reads, “The blind receive sight and the lame walk, the lepers are cleansed and the deaf hear, the dead are raised up, and the poor have the gospel preached to them,” God unfolded such great works in Manmin Summer Retreat 2018 and led many people to salvation. Let’s give all thanks and glory to God!

“I Came to Hear and Received Healing of Bone Cancer!”

Sister Rebecca Barbara Vollath, age 49, Germany

In 2011, a tumor was found in my neckbone. It caused me to have difficulty walking and serious pain. I was also born deaf, but I experienced the amazing power of God that opened my right ear through Senior Pastor Dr. Jaerock Lee’s prayer in Manmin Summer Retreat 2017. In 2018 I wanted to be healed of the tumor in my neckbone. With an earnest heart, I prayed every day during the previous one year and waited with longing for Manmin Summer Retreat 2018.

On August 2, 2018, I came to Korea and attended Daniel Prayer Meeting. When I

entered the sanctuary, I came to hear better through my right ear that had opened last year.

Furthermore, on August 6, when Rev. Soojin Lee prayed for the sick with the handkerchief on which Senior Pastor had prayed (Acts 19:11-12), I felt something hot like fire embrace me from my back.

After it happened, my left ear opened. I came to hear through both ears! I was even set free from all pains and symptoms caused by the bone cancer. Now I feel refreshed and can go anywhere freely. Hallelujah!

The Wisdom from Above Is Peaceful

“But the wisdom from above is first pure, then peaceable, gentle, reasonable, full of mercy and good fruits, unwavering, without hypocrisy. And the seed whose fruit is righteousness is sown in peace by those who make peace” (James 3:17-18).

Humans are social beings. They live with their parents at home when they are young and spend time with their friends at school while youths. After their study, they become members of their society and work together. They were born and raised in different backgrounds, but if each of them insists on their own righteousness in every matter, they may hurt each other's feeling frequently and peace may be broken among them.

Therefore, to achieve everything successfully at home, at school, and in the business place we need the wisdom that brings about peacefulness with everybody. The wisdom from above is peaceful. It is a key to dealing with every matter in the will of God and a passage leading to blessings that bring down God's grace. With such wisdom, we can move and unite the hearts of people and bear abundant fruit.

1. The Spiritual Meaning of 'Peace'

A feeling of peace is defined in dictionaries as feeling calm without worries, and if there is peace among a group of people, they live or work together in a friendly harmony without quarrels. God wants His children to make peace among each other. He desires them to have no discord, no petty arguments, and no quarreling. 'Peace' in a spiritual sense refers to 'the state of having a broad and beautiful heart capable of embracing and loving anybody.'

Anyone can easily make peace with those who are in accord with their character type. But the peace God wants you to have is 'peace with everyone.' It is not about having peace with some and feeling uncomfortable with others. But it is to embrace and make peace with all people with a broad heart. If you have no goodness in heart, however, it is difficult to make peace with all people no matter how hard you try. It is because when you are put in an unwanted or awkward situation, your heart may be shaken, though you look peaceful on the outside.

Therefore, to achieve peace God wants us to have, we need to have 'peace with ourselves.' To do so, we should cast away every form of evil such as hatred, jealousy, arrogance, pride, and ill feelings. We can have peace with ourselves only after we finish the fight against sin and evil and become sanctified. Then, we can make peace with all people such as our spouses, children, friends, co-workers, and neighbors. And we can then make peace with God, and the 'peace with God' means that we have no wall of sin against God.

In fact, 'making peace with God' is most important in achieving peace. But peace with oneself by casting off every form of evil is a prerequisite to have peace with God. When we have peace with ourselves, we can make peace with other people.

Jesus, who came to the earth as the Savior, served the undereducated and unrefined, sinners, and tax collectors as well as good, well-educated, gentle, and obedient people. He made peace with everybody, and even made peace between God and all people by

opening the way of salvation on the cross with love for all who were living in sin and evil.

2. The Reason 'Having Peace with All People' Is Wisdom

1) We can do everything in the will of God.

There are various kinds of people in the world. Among the educated elite and people in a position of social influence, some stay humble and maintain good relations with people in many different positions and sectors. But some others arrogantly look down on people. No matter how smart and capable they may be, if they ignore others and break peace, they cannot achieve something great. They may only hinder the work process.

There was a man named Jo Gwangjo in Joseon Dynasty. He pursued radical reforms for the king and the people of Joseon. His goal was clear and he was passionate. So, the king actively supported him at first and the people also supported him. But his reform plans were so aggressive and radical that some people opposed him. He stubbornly stuck to his plans to the last even in the face of direct opposition.

In the end, the king turned his face from him. He was even falsely accused and put to death even before he started to put the reforms into action. If he had listened to and embraced the opposition party, he could have achieved his reform plans. However, he failed to make peace because he continued to insist on his own ideas, which resulted in the consequence. He had a good intention, much knowledge, and definite methodology to go ahead with the plans, but everything turned out to be of no use when peace was broken.

You may have observed such incidents around you. For instance, some may show good work performance, but they are well-known for having bad attitudes. It is because they put their ability and wisdom above others' and hurt others' feelings. If they ignore others' opinions or situations, insist on their ideas, and do things only in their own ways, they cannot but have conflicts with their subordinates, people in other departments, or even their boss. They may become notorious for ruining the mood of your company or even become alienated by other people. Even worse, their capabilities may be underestimated. Thus, though you are competent, if you break peace in doing some work, it cannot be said you are wise.

2) God gives you more strength and ensures the fruit.

Peacemaking is very important in achieving the work of God. However smart and talented one may be, if he is a peace breaker, God cannot use him. It is because it seems that men make a plan and push ahead with the plan, but in fact it is the living God who lets the work be done.

If peace is broken in a group of people, it affords the enemy Satan a reason to bring accusations against them. And, in such a case, God cannot help them.

The Confession of Faith

Although they work hard, they will not be able to see great achievements. Many leaders may often think about how to deal with the problem of peacemaking.

Suppose a person is talented at something and has enthusiasm for God's kingdom. But people hesitate to give him a duty because he is stubborn. He often insists something is better and others should conform to his opinion. In the process, he may often give a hard time to other people and they may feel uncomfortable. Because of his stubbornness, many problems could arise. Then, people around him may be reluctant to work together with him because it could be hard to work together with him.

Of course, those with great faith may endure troubles the other may make. They may consider him and give him a duty so that he can keep full by working for the kingdom of God. For these people, the heavenly rewards will be really great, but no reward will be given to him who causes conflicts all the time. Thus, having peace is great wisdom to achieve the kingdom of God. Even if each one of people is less capable, if they are united, God will give them strength and ensure abundant fruit.

3. We Must Seek Others' Benefits to Achieve Peace with All Men

To achieve peace with all people in Christ, we must first of all cultivate our hearts into goodness. Some peace breakers may not think they are evil because they insist on goodness on the outside.

But in their hearts, they are likely to pursue their own benefits. That is why peace is broken. Those who really pursue goodness do not break peace.

Among many parts of goodness, God wants us to seek each other's benefits. A problem may happen involving a married couple when they each seek their own benefits. They may want their spouses to do what they want and want to receive as much as they give. They may complain when things do not go as they want. As they often argue, their love also cools down. Thus, to make peace with people, you must humbly serve others and not seek your own benefits in the relations with friends, co-workers, neighbors as well as spouses. Then, peace won't be broken.

If you insist on your idea when other options are available, peace will be broken. It is because you may insist on what seems right, beneficial, and comfortable to you or what may reveal your contribution. Even if you learned the truth and know you should seek others' benefits, as long as you have no goodness in you, you may just show something that is not of goodness in words and actions. You may persistently stick to what is more beneficial to you, hurt others' feelings, and act rudely.

Those who have goodness in heart, however, comfort others' hearts in every matter. They seek benefits of the kingdom of God and consider others' benefits at the same time. They try to follow others' opinions as long as they do not intend to do unrighteousness. Even if your ideas

sound more appropriate, you will not insist on them.

God wants His loving children to have peace with each other without discomfort and argument. He earnestly wants us to love, comfort, serve, and have peace with anybody. To make peace with everybody, we must examine our hearts towards God, which is the most important element in pursuing peace. If you serve others and humbly sacrifice yourself, you can embrace anybody and renew even evil people. However, if you compromise with untruth or go against the truth to make peace with people and gain recognition from them, this is not peace in the sight of God.

Thus, we must not compromise with untruth to make peace with people. For example, if you skip the Lord's Day to make peace with your family who persecutes you, it is not peacemaking but compromising. If you compromise with untruth, you may end up leaving God with your family and going the way of destruction.

Dear brothers and sisters in Christ, as Proverbs 16:7 reads, "When a man's ways are pleasing to the LORD, He makes even his enemies to be at peace with him," we need to please God first in order to make true peace with people. Hebrews 12:14 says, "Pursue peace with all men, and the sanctification without which no one will see the Lord." I pray in the name of the Lord that you will experience God's abundant works through the wisdom that is pure and peaceful.

Thailand

Thai Young Members Came to Manmin Summer Retreat 2018 with a Great Longing

In August 2018, twenty-seven members visited Korea from Chiang Rai Manmin Church in Thailand. They came to attend Manmin Summer Retreat 2018. Twenty out of the twenty-seven were young adults. They had prepared for the retreat with prayer and fasting with such hearts' desires as spiritual growth; firsthand experiences of signs and wonders; recovery of the first love for the Lord; and elimination of the attachment to the world.

Most of them are high school or college students, or entry level workers in their places of work. Most of them in fact, could not afford to come, but they saved from their income and earned money by working part-time jobs. By the leadership of the president of the Female Young Adults' Mission, they increased their earnest hearts and their desires were finally fulfilled.

They said they would never forget the grace they received in the retreat. They made various emotion-filled confessions: "I had longed to attend worship service in the main sanctuary of the central church. I was happy to achieve the dream." "I experienced great changes both in spirit and body." "I felt the love of God who gave us cool weather in the retreat venue and increased my faith by seeing many testimonies of people being healed." "I felt the warm love of God when dragonflies landed on my arm."

“
A dragonfly is
on my body!
It makes me feel the
love of God!

“My daughter’s brain was damaged by serious seizures, but she is quickly recovering!”

Sister Kanglim Park, age 28, Gumi Manmin Church

In early March 2018, my three-year-old daughter Seura had a sudden seizure. And even after a week in hospital, she did not recover consciousness. The doctor said she had been afflicted by unspecified epilepsy that was persisting for a long time. The long-lasting convulsion damaged her brain function.

While I was walking around outside without knowing what to do, the sign of Gumi Manmin Church came into my sight that I had attended when I was young. When I entered, there was a prayer meeting. I said to God in prayer, “God, I want to give up my life, but I am afraid of going to hell.” After offering up the tearful prayer for a while, I was about to leave. Then, I bumped into my friend who had guided me to the church and talked to her about my situation. The next day a pastor of Students’ and Young Adults’ Mission in the church visited me in the hospital. She prayed for my daughter with the handkerchief on which Senior Pastor Dr. Jaerock Lee had prayed (Acts 19:11-12).

The following day a miracle happened! Seura opened her eyes, cried, and recognized me! She was moved to a general ward and soon discharged. On March 30, the doctor said her brain had been seriously damaged as an aftereffect of long seizures. It caused her dysdipsia, so she would have to be fed through a tube through her nose for the rest of her life. He added no further treatment could assure her healing or improvement.

I started to rely on the living God. I began to keep the Lord’s Day, give the tithe, and attend every kind of service including Wednesday Service and Friday All-night Service. While I prayed in Daniel Prayer Meeting, Afternoon Prayer Meeting, and Special Prayer Meeting, I repented with tears that I had not attended church. I repented not realizing the love of God and

having befriended the world. I let my child receive Senior Pastor’s prayer for the sick every day and night.

On April 20, I suddenly came to think she probably could swallow food. When I fed her porridge, she started to swallow it. I had her undergo an exam to determine her ability to swallow in the hospital, and it showed her swallowing process became normal. In addition, her facial muscles had not moved, so when she had a crying sound there was no movement in her face. But the muscles were loosened! She

came to move her facial muscles and smiled! Her arms and legs also became flexible. As I relied more on God, her symptoms improved more.

Her doctor said she would often have serious convulsions, but she did not even though I did not give her anticonvulsant medication. She showed great improvement over time. Now she can suck the baby bottle.

During Manmin Summer Retreat 2018, she was set free from acromyotonia which had troubled her at times. Although there was

medicine for it, I did not give it to her. But she was healed in the retreat! And I received much grace in the retreat. I discovered my negative thoughts and prayed to offer up the fragrance of perfect joy and thanks to God. I had not felt close to the Lord though I said I believe Him. But through this incident, I felt His great love for me and gave thanks for leading me to salvation.

I give all thanks and glory to the living God who is so good. I also extend my heartfelt thanks to the Lord who healed me.

“I was healed of an incurable hereditary disease!”

Brother Amrit Kumar, age 33, Delhi Manmin Church, India

Six years ago, my body suddenly became stiffened. Neither could I move my body freely nor walk. I went to a renowned hospital in Delhi, but even the name of my disease was beyond me. The doctors had me undergo many tests to figure out what it was, but they ended up diagnosing me with ‘an incurable hereditary disease.’ The disease had locked me into a completely miserable life.

I could do nothing on my own. I couldn’t even eat by myself. I could not walk either for my body trembled and I would lose my balance. I was alive but my body seemed to be dead. I became depressive and my wife left me. I had to rely on my mother.

In February 2018, I was guided to Delhi Manmin Church by Brother Mahesh who is my neighbor. As I learned the will of God embedded in the Bible through the sermons, I came to keep the Lord’s Day. In the meantime, I felt my symptoms improve little by little. As I practiced the Word of God one by one, my body got strengthened and I came to walk on my own. I even managed to climb up the stairs to the third floor on my own. My hands

and legs are loosened, and now I can work!

I heard about Manmin Summer Retreat and prepared myself to receive complete healing. As Pastor John Kim had suggested I read Senior Pastor Dr. Jaerock Lee’s book *The Message of the Cross* and listened to his sermon “The Measure of Faith.” I repented with prayers and fasting.

On August 6, approximately two hundred people gathered in the church and took part in the Summer Retreat via GCN live broadcasting. We listened to the message of Rev. Dr. Soojin Lee. When she prayed for the sick with the handkerchief on which Senior Pastor had prayed (Acts 19:11-12), I felt like someone touched me. I felt that God was healing me.

Next day, I felt refreshed. My body hardly trembled, I recovered the ability to write. I also regained the ability to pronounce words correctly though I hadn’t been able to. Now I can walk up and down the stairs like normal people do.

My body was like it was dead without any medical treatment to cure it, but I became a truly living person by the power of re-creation. I give all thanks and glory to God who healed me!
