## *“The Lord raised up my crippled daughter!”*

Wilter Nyaboke

(Age 30, Nairobi Manmin Church, Ongata Rongai sanctuary, Kenya)

Wilter Nyaboke and her children

I have a son and three daughters, and two of my daughters are twins. However, Rebecca, one of the twins, started walking at her 9th month, while Kwamboka, the other couldn't walk.

At first, I thought that she was just late to begin to walk and it was the matter of time, but for over a year and a half, she couldn't even stand upright, far from walking. I thought there was something wrong with her legs, and I took Kwamboka to the Matasia Hospital.

The doctor said she was born weak and if left in that condition, she would not be able to use her legs and would have to live with a disability for the rest of her life. There were no other treatment options except getting a massage at the hospital. It broke my heart to see my child suffering during the massage, but it was the best I could do. Time passed without any effect, and there was just a vague hope that she would get better over time.

In the meantime, I decided to rely on God completely, because only the Lord can make my child stand up. I prayed earnestly every day

and fasted every Tuesday. In the end, God answered my prayer.

On October 15(Fri), after listening to the Senior Pastor Dr. Jaerock Lee's sermon, which was aired on 'Family TV', I received his prayer for the sick on behalf of my child as usual, and God's amazing work happened.

I received great grace from Dr. Lee's sermon on that day, and I placed my hands on Kwamboka's lap and received the prayer for the sick with an earnest heart. Then, the next morning, my son and eldest daughter told me that Kwamboka had walked on her own.

I couldn't believe it, so I woke Kwamboka who was sleeping and told her to walk. Indeed, she miraculously walked. She walked here and there. I offered up prayer of thanks to God with tears of joy. I thank the Lord for healing my daughter and I also thank the Senior Pastor Dr. Lee for praying for her.

## ***“I was healed of the aftereffects of a high-voltage electric shock.”***

Brother Kamal Deep (Age 25, Haryana, India)

On August 5, while moving a rebar at a construction site, the rebar touched a high-voltage line and I got an electric shock.

I lost consciousness due to the electric shock of 11,000 volts, got a severe burn to my hands and legs, and was taken to a hospital.

I came to my senses after 12 hours, but I was unable to move because my arms and legs were stiff. I stammered when I spoke and I couldn't even open my mouth well. To make matters worse, I couldn't afford my hospital bills, so I had to be discharged after two days. After that, I spent painful days depending on painkiller injections.

Meanwhile, I attended the 'Holy Spirit Daniel Prayer Meeting' led by Mrs. Boknim Lee, Director of Manmin Prayer Center on September 7, on 'GCNTV HINDI' channel YouTube. I felt the fullness of the Holy Spirit and the burning fire of the Holy Spirit when I received Mrs. Lee's prayer online after repenting my transgressions of the past.

After that, something amazing happened. I came to speak well, and my body also came to move well. Hallelujah!

I give all thanks and glory to God the Father who healed me.

# Fruit of Patience

“But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control; against such things there is no law.” (Gal. 5:22-23)

If we endure everything in goodness, we'll be able to overcome hardships with hope. As a result, we will have a broader heart. Even if we're wrongfully accused, we will just try to let the other person clear the misunderstanding. If we can reach this level, the words 'patience' or 'forgiveness' won't be necessary. This state is what spiritual patience is like.

There is also patience in the Love Chapter (1 Cor. 13). That patience is the patience needed to cultivate love. The patience as in one of the fruits of the Spirit is higher than that in the Love Chapter. It is patience about everything. Let's take a closer look at this fruit of patience.

## 1. Fruit of Patience

### 1) Patience to Change One's Heart

The more evil we have in our heart, the more difficult it is to be patient. If we have anger, arrogance, greed, and self-righteousness, we will easily get provoked and have hard feelings. However, to the extent that we cast away sins and evil and cultivate holiness, it becomes easy to be patient. We'll be able to forgive and understand without having to suppress hard feelings.

Luke 8:15 says, “But the seed in the good soil, these are the ones who have heard the word in an honest and good heart, and hold it fast, and bear fruit with perseverance.” Those who have good soil can be patient until they bear fruit.

For us to cultivate our heart and make it good soil, hard effort and endurance is necessary. We have to pray fervently and fast and make ourselves obedient. We should quit what we like if it is not spiritually beneficial. We must not stop mid-way just because it is hard.

We have to continually pray to change our heart until the sin natures are cast out. We must patiently try looking forward to the time of seeing ourselves transformed. When we cultivate holiness with faith in this way, all things will prosper and we will be healthy, even as our soul prospers.

### 2) Patience with Regards to People

When people with different personalities and educations congregate, they might have some difficulties. Especially in a church that is a place where many different kinds of people gather, peace might be broken due to different opinions. However, those who long for holiness will maintain peace in any situation and with any kind of person. They serve others even if it means they have to suffer discomfort.

They always understand others and serve others' interests with a good heart. Even if others act out in evil, they don't pay it back with evil but only with goodness. We also need to be patient when we spread the gospel and care for the souls. We should be patient with them with the hope that they will someday change.

As we sow the seeds of patience in this way, we will definitely reap the fruit in God's justice. As we pray for the souls with tears and patience until they change, we'll be able to have a broad heart to accept many people. It means we will get the authority to save many souls. It's the power to change their hearts through the prayer of the righteous. If we sow the seed of patience in any unfavorable situation, God will let us reap the fruit of blessing.

### 3) Patience with Regards to God

Mark 11:24 says, “Therefore I say to you, all things for which you pray and ask, believe that you have received them, and they will be granted you.” God gave us many promises that He'd answer us.

However, in many cases we don't receive the answer because we're not patient enough. God knows everything, so He answers us at the most appropriate time. If we're asking for something big, we have to fill the amount of prayer to get the answer.

Daniel began to pray to receive the interpretation of spiritual things. God answered him as soon as he started his prayers. However, it took 21 days until Daniel actually received the answer.

Daniel prayed with an unchanging heart for 21 days. If we genuinely believe we've already received the

answer, it is not hard to be patient, because we'll think of the joy that we'll have when we receive the answer.

James 1:6-8 says, "But he must ask in faith without any doubting, for the one who doubts is like the surf of the sea, driven and tossed by the wind. For that man ought not to expect that he will receive anything from the Lord, being a double-minded man, unstable in all his ways."

The important thing is how much trust we had in God when asking Him. If we really believe in receiving the answer, we'll be happy in any situation. We'll just keep on praying with faith until we have God's answer in our hands. Also, when we go through trials of heart or persecutions for the Lord's sake, patience is absolutely necessary for us to bear good fruit.

## 2. Fathers of Faith with Patience

Hebrews 12:1-2 says, "Therefore, since we have so great a cloud of witnesses surrounding us, let us also lay aside every encumbrance and the sin which so easily entangles us, and let us run with endurance the race that is set before us, fixing our eyes on Jesus, the author and perfecter of faith..."

Jesus suffered all kinds of mockeries and contempt coming from those He created. However, because He knew that He would sit on the right hand of God and that salvation would come to all mankind, He endured all the contempt and shame.

He died on the cross taking the sin of all mankind, and opened the way of salvation by resurrecting on the 3<sup>rd</sup> day. As He fulfilled the duty of the Savior, He sat on the right hand of God as the King of kings and the Lord of lords.

How was it with Jacob? He was on the run from his brother Esau for his life. And while he was sleeping with a rock for a pillow, he had a God-given dream. He kept it in mind and endured the 20-year trials to finally become the father of all Israelites.

Jacob's son Joseph was sold as a slave into Egypt by his half-brothers. He was wrongfully accused and put in prison. However, he was never disheartened. He believed in God's promise given through his dream in his childhood. He trusted in God who was always watching him. He firmly believed in His love. He never

lost his hope and endured while showing faithfulness in all things. Finally, he became the prime minister of Egypt.

David had many life-threatening situations running away from King Saul, but he endured with faith and made himself into a big enough vessel to an excellent king.

James 1:3-4 says, "...knowing that the testing of your faith produces endurance. And let endurance have its perfect result, so that you may be perfect and complete, lacking in nothing." I hope you will cultivate perfect patience. That endurance will increase your spiritual faith and broaden and mature your heart. You will definitely experience God's blessing and answer if we cultivate patience completely.

Dear brothers and sisters, Psalm 126:5-6 says, "Those who sow in tears shall reap with joyful shouting. He who goes to and fro weeping, carrying his bag of seed, Shall indeed come again with a shout of joy, bringing his sheaves with him." There certainly is toil, tears, and sorrow when we sow the seeds and grow them. However, at the end is the joy of harvest.

God endured the pain of giving up His only begotten Son in order to gain true children with whom He could share true love forever. The Lord also endured the cross, and the Holy Spirit also endures for us with groanings too deep for words. May you remember the love of the Triune God and cultivate complete patience, so that you will get abundant harvest not only on this earth but also in the kingdom of heaven, I pray this in the name of the Lord.

## “After receiving prayer, the red pepper trees grew over 2 meters tall and made a great harvest.”

Deaconess Hyangsook Kang (Age 62, the 14<sup>th</sup> Parish)

After meeting Manmin, we became a blessed family. Through the prayer of Dr. Jaerock Lee the Senior Pastor, my eldest son, a military officer, was promoted from sergeant to sergeant first class, and my younger son, a grade 7 civil servant, was blessed to work at the Municipal Korean Traditional Music Center. My husband, Deacon Heecheol Koh, who runs a business in the construction industry, is full of works after giving the whole tithes.

In particular, this year's pepper farming had a great harvest. Actually, we had rice paddies that we bought three years ago, but we couldn't farm them. The road to the paddy field belonging to our land was too narrow for a car to enter, and we could only enter through another owner's land, but the owner did not allow us to pass, so we could not farm.

We thought it was important to be at peace with him even though we couldn't farm, so we waited until he opened his heart. Then, with the help of a neighbor who felt sorry for this, we were able to get his permission. However, there was one problem when we were actually trying to farm.

The rice paddy field collapsed and had to be repaired,

but we didn't have the construction cost of 5 million won. I prayed earnestly before God. And within a few days, we got more than 10 million won in an unexpected way.

God prepared it in one form or another, such as allowing my husband to receive the money he had been giving up to receive so far.

In this way, the rice planted in the paddy fields that had been repaired by God's grace did well, and in particular, the pepper farming achieved a great harvest.

It was thanks to the fact that my husband went through the furrows and let them hear the sound of the Senior Pastor's prayer for the sick every day. My husband, who felt the difference between when he let them hear the prayer and when he did not, was excited and went to every furrow and let it hear the Senior Pastor's prayer.

As a result, the pepper tree grew more than 2 meters, the peppers abundantly grew, and the branches were so heavy that they bowed their heads. It was like standing in a pepper forest, not a pepper field. People around us ask how we grew peppers so well.

The secret is the prayer of our Senior Pastor. I give all thanks and glory to God the loving Father who is with us now and wants to give good things to His children.

## “I was healed of shingles.”

Senior Deaconess Myungsoon Jeon (Age 53, the 8<sup>th</sup> Parish)

On September 7, my left shoulder started itching like it was bit by an insect. At first, I thought simply it might be a mosquito bite, but the itching didn't stop even after a day or two. Not only that, but the wound seemed to run down my left armpit and behind my ear and up my head. A hospital examination revealed that it was shingles.

I was not worried at all because I had seen and experienced many works of power through Dr. Jaerock Lee the Senior Pastor. Moreover, because the Online Divine Healing Meeting was going to be held on September 13, I asked my Parish Pastor and district leaders to pray for me to be healed and glorify God.

In addition, I attended the “Holy Spirit Daniel prayer meeting” held before the divine healing meeting through GCN, and prepared myself with faith praying earnestly.

On the day of the meeting, from the moment I attended the ‘Online Divine Healing Meeting’ through GCN, the symptoms that were spreading to my head stopped, and when Dr. Soojin Lee prayed with the handkerchief on which the Senior Pastor had prayed (Acts 19:11-12), I felt like something came out of my body.

After that, there was a faint pain in the left shoulder and armpit, and then, every time I repented, the pain disappeared completely. Hallelujah!

## “I’m healed of aftereffect of car accident!”

Deaconess Jungok Jee (Age 64, the 1<sup>st</sup> Parish)

On December 21, 2020, on the way home from work, the bus I was on suddenly stopped and my body was thrown forward. Even after receiving medical treatment at the hospital, the pain was getting worse day by day. As a result, I only slept an hour and a half at night, and my left arm didn't go up at all.

Through this, I had time to reflect on my faith before God, and repented. Above all, I thought it was so foolish that I could not be healed of this by faith while living my Christian life in the church of power with the Senior Pastor of power.

I prepared with prayer to be healed by faith.

Then, I heard the good news that a divine healing meeting in September was going to be held. I fasted for a day with the heart that I must be healed at this time, and I attended the ‘Holy Spirit Daniel prayer meeting’ through GCN and prayed hard.

On September 13, from the beginning of the meeting, I receive the Holy Fire and my whole body felt heated. After receiving Dr. Soojin Lee's prayer with the handkerchief of power (Acts 19:11-12), the headaches that I had suffered from several times a day disappeared, and I feel like flying. These days, I feel the love of God the Father, and I am very glad and happy.
